I. INTRODUCTION

Thank you for your interest in bidding on this project, which is being undertaken by the Public Building Commission of Chicago. The Public Building Commission of Chicago (hereafter, the PBC, or Commission) is a municipal corporation with a statutory mandate to procure and award contracts for the construction of public buildings in the City of Chicago, and to oversee the construction of those public buildings until they are turned over to the user agency that will own and operate each new facility.

This is the first page of text of Book 1, which along with Book 2, Book 3, and the project drawings, comprise the PBC's construction contract. The balance of this Book 1 provides a brief description of the project, instructions for completing and submitting your bid, the bid pages, and the forms which must accompany your bid. Book 2 is the Standard Terms and Conditions of the contract. Book 3 is the Technical Specifications for the work to be performed on this project. The PBC's architect or engineer for the project will provide the drawings and other documents that may be necessary for you to bid on and/or perform the work. Each of the Books, along with the drawings and any other documents prepared by the PBC, its architect or engineer, are Contract Documents. Collectively, the Contract Documents comprise the Contract. The Contract Documents are defined in Section 1 of Book 2, Standard Terms and Conditions.

II. PROJECT INFORMATION

A. General Information

1. Bids will be received by the Public Building Commission of Chicago for the following Project in accordance with the Contract Documents set forth below:

**ABRAHAM LINCOLN ELEMENTARY SCHOOL ANNEX & RENOVATION
615 WEST KEMPER PLACE
CHICAGO, ILLINOIS 60614
PROJECT #05740**

2. General Description of Scope of Work:

As further described in the detailed specifications and drawings, the project consists of construction of a new 41,000sf addition with a 4 hour connection to the existing building and associated site work including a playground. Selected renovation of the existing building including the installation of a 7 stop elevator, ADA lift and new fire alarm system, as well as, renovation/reconfiguration of miscellaneous classrooms.

This annex to the existing building is intended to address school over-crowding within the existing facility. This annex will provide expanded program space with contiguous weather-protected connection to the existing building. The design of the new annex and site improvements strive to provide spaces which can contribute to ensuring that every child is educated and prepared for success; the ultimate goal of CPS. In order to achieve this goal, the building and site design seeks to provide a non-institutional child-centered learning environment that can foster integration and cooperation among students, encourage learning through an array of spaces and visual connections, allow for interactive play, and encourage independence of students. Importantly, the architecture should have an inherent and understandable order and offer visual cues and orientation aids for all students.

The new annex and site will be designed and constructed to achieve a minimum LEED for Schools 2009 Certified rating as defined by the U.S. Green Building Council. Requirements for green building items that are part of the LEED process will be incorporated into the drawings and specifications to provide direction to the construction team.

The apparent low Bidder shall submit a fully-executed Disclosure of Retained Parties pursuant to the instructions on the document within five (5) days of receipt of notice to provide such Disclosure.

M. Submission of Bid

1. Two (2) copies of all bid documents with original signatures shall be enclosed in two (2) envelopes each (outer and inner), both of which shall be sealed and clearly labeled with "BID DOCUMENTS," the Contract number, name of Bidder, and date and time of opening.
2. Bids received prior to the advertised hour of opening will be securely kept by the Commission.
3. Written modifications of bids will be considered only if received prior to the time stated for receipt of Proposals. Such modifications must be submitted in a sealed envelope and marked in the same manner as a bid. IN ADDITION, the envelope must state "BID MODIFICATIONS TO SEALED PROPOSAL" on the lower left-hand corner of the envelope in which the bid modification is enclosed, so that the modification will be recognized to prevent its being opened prior to scheduled public opening of bids. Telephonic or oral modifications will not be considered. Bidders are cautioned that modifications which are not explicit and which are in any sense subject to misinterpretation shall make the bid so modified or amended subject to rejection.

N. Withdrawal of Bids before Bid Opening

Any Bidder may withdraw its bid by letter, facsimile, e-mail request, or by personally securing, with proper identification, the submitted bid proposal at any time prior to the time fixed for opening of bids. A telephonic request to withdraw a bid will not be considered.

O. Opening of Bids

At the time and place fixed for the opening of bids, the Commission will cause to be opened and publicly read aloud every bid received within the time set for receiving bids irrespective of any irregularities therein. Bidders and other persons properly interested may be present in person or by representative.

P. Evaluation of Bids

1. The Commission reserves the right to check all calculations and to correct all extensions in case of error in order to determine the correct amount of the Total Base Bid and/or the total amount of any other schedule required.
2. Along with reviewing the calculations of each bid, the Commission will evaluate each Bidder's responsiveness to all Bid requirements and responsibility.
3. The Commission may require that the apparent low bidder and any other bidder submit a breakdown of their bids by CSI Division or other appropriate basis. The Commission may also require the apparent low bidder or any other bidder to attend a pre-award meeting to review their bids in detail.

Q. Basis of Award

Award will be made to the responsible Bidder submitting the lowest Award Criteria and otherwise responsive to all the requirements of the Contract Documents.

R. Performance and Payment Bond and Insurance

1. Each Bidder shall furnish proof of its ability to provide the bonds and insurance required by the Contract with its bid. With respect to the payment and performance bonds, a letter from the Bidder's surety affirming the surety's willingness to provide the Bidder's bonds is sufficient. With respect to the insurance, either a letter from the Bidder's insurer, or a certificate showing that the Bidder currently possesses the required coverage, is sufficient.
2. The Contractor must provide and maintain at Contractor's own expense, the minimum insurance coverage and requirements specified in the attached Exhibit 2, insuring all operations related to the Contract. The insurance must remain in effect from the date of the Notice to Proceed until Substantial Completion of the project, during completion of Punch List, as well as any time the Contractor or its Subcontractors return to perform additional work regarding warranties or for any other purpose, unless otherwise noted in the requirements.

3. Upon approval by the Commission to award, and within five (5) days after being given notice, the successful Bidder must execute and deliver to the Commission the Performance and Payment Bond in the form included in the Contract Documents, and evidence of the required insurance coverage.
4. The Performance and Payment Bond shall be in the form provided herein, in the full amount of the Contract Price and shall be security for the faithful performance of the Contract and payment of all persons, firms, or corporations to whom the Contractor may become legally indebted for labor, material, facilities or services of any nature, employed or used by it in performing the Work. The current power of attorney for the persons who sign for any surety company shall be attached to such bond. Such power of attorney shall be sealed and certified with a "first hand signature" by an officer of the surety. A facsimile signature will not be accepted by the Commission. The Commission reserves the right to approve the surety company.
5. The failure of the successful Bidder to supply the required Performance and Payment Bond or evidence of the required insurance coverage within five (5) days of notice, or within such extended period as the Commission may grant based upon reasons determined sufficient by the Commission, shall constitute a default and the Commission may either award the Contract to the next lowest responsible bidder or re-advertise for bids. The difference between the amount of its bid and the amount for which a contract for the work is subsequently executed may be charged against the Bidder, irrespective of whether the amount thus due exceeds the amount of the bid security. If a more favorable bid is received by re-advertising, the defaulting Bidder shall have no claim against the Commission for a refund. Because of the difficulty of ascertaining the damage caused to the Commission, such sum shall be considered liquidated damages and shall not constitute a penalty. The election by the Commission to grant an extension to the period allowed for the bidder to provide an acceptable performance and payment bond and/or evidence of insurance coverage shall not entitle the bidder to an extension of time required to complete the Work.

S. Protests

1. The bidder shall submit any protests or claims regarding this solicitation to the office of the Commission's Executive Director. A pre-bid protest must be filed five (5) days before the bid opening date, a pre-award protest must be filed no later than ten (10) days after the bid opening date, and a post-award protest must be filed no later than ten (10) days after the award of the Contract.
2. All protests or claims must set forth the name and address of the protester, the contract number, the grounds for the protest or claim, and the course of action that the protesting party desires that the Executive Director take.

T. Licensing

In addition to all other applicable licenses and certifications, the general contractor is required to submit a copy of its (Class A) General Contractor License issued by the Department of Buildings of the City of Chicago.

U. Award Of Contract; Rejection Of Bids

1. The Contract will be awarded to the responsible Bidder submitting the lowest Award Criteria Figure, and otherwise responsive to all the requirements of the Contract Documents.
2. The Bidder agrees its bid shall remain valid for a period of up to 60 days after receipt of bid and the bid cannot be withdrawn until that time.
3. The Bidder to whom the award is made will be notified as soon as practicable after the Commission approves award of the Contract. This written notification constitutes the Notice of Award and acceptance of the bid submitted.
4. If written notice of the acceptance of this Bid is mailed, faxed, e-mailed or otherwise delivered to the undersigned within the time noted herein, or at any time thereafter before this Bid is withdrawn, the undersigned agrees to enter into a Contract with the Public Building Commission of Chicago with the Bid as accepted. The undersigned agrees to give a Performance and Payment Bond as specified in the Contract Documents, with good and sufficient surety or sureties, and to furnish the required insurance, all within five (5) days after given Notice of Award.
5. Upon award of Contract, the Commission will process the Contract for final execution.

6. The Commission reserves the right to reject any and all bids and to waive any informality in bids received whenever it determines such rejection or waiver is in its interest.

V. PROPOSAL SUPPORT DOCUMENTS

A. Basis of Award (Award Criteria)

To promote the intended goal of economic opportunity and maximize the use of minority personnel on this project, the Public Building Commission of Chicago has established the Award Criteria formula for the purpose of evaluating proposals and awarding the contract. A contract in the amount of the total Base Bid or Base Contract Price will be awarded to the responsible bidder with the lowest Award Criteria Figure. The Public Building Commission of Chicago reserves the right to check all calculations for accuracy. The fulfillment of the Award Criteria does not abrogate the responsibilities of the Contractor to comply with federal and state requirements under the Equal Employment Act and the Illinois Human Rights Act.

1. Instructions

The Bidder shall complete the Award Criteria Formula and transfer the final Award Criteria Figure - Line 15 to the space provided on the itemized proposal sheet. Failure to complete the formula may be cause for rejection of the Bidder's proposal. The successful bidder will be held responsible for adhering to the figures submitted in Lines 1, 2, 4, 6, 8, 10 and 12 during construction of the project.

Lines 2, 4 and 6 in the formula shall not be greater than fifty percent (50%) in each category for the sole purpose of determining award of the contract. Similarly, lines 8, 10 and 12 shall not be greater than ten (10%) percent in each category for the purpose of award criteria only. The fifty percent (50%) and ten percent (10%) goals are not intended to restrict the total number of minority and female employees to be used on the project, but only to establish limiting figures for use in the formula.

2. Award Criteria Formula

Line 1.	Total Base Bid (Refer to Line 5 of BID FORM), in figures	<u>14,020,000</u>
Line 2.	Percentage of the Journeyworkers hours that the Contractor proposes to be worked by minority Journey workers during construction of the project. (Maximum figure 0.50)	<u>.75</u>
Line 3.	Multiply Line 2 by Line 1 by 0.04	<u>140,700</u>
Line 4.	Percentage of total Apprentice hours that the Contractor proposes to be worked by minority Apprentices during construction of the project. (Maximum figure 0.50)	<u>.50</u>
Line 5.	Multiply Line 4 by Line 1 by 0.03	<u>210,300</u>
Line 6.	Percentage of the total Laborer hours that the Contractor proposes to be worked by minority Laborers during construction of the project. (Maximum figure 0.50)	<u>.50</u>
Line 7.	Multiply Line 6 by Line 1 by 0.01	<u>70,100</u>
Line 8.	Percentage of total Journeyworker hours that the Contractor	<u>.07</u>

Line 10.	Percentage of total Apprentice hours that the Contractor proposes to be worked by female Apprentices during construction of the project. (Maximum figure 0.10)	<u>0.10</u>
Line 11.	Multiply Line 10 by Line 1 by 0.03	<u>42,060</u>
Line 12.	Percentage of the total Laborer hours that the Contractor proposes to be worked by female Laborers during construction of the project. (Maximum figure 0.10)	<u>0.0</u>
Line 13.	Multiply Line 12 by Line 1 by 0.01	<u>0.0</u>
Line 14.	Summation of Lines 3, 5, 7, 9, 11, and 13	<u>473,876</u>
Line 15.	Subtract Line 14 from Line 1 (= "Award Criteria Figure")	<u>13,546,124</u>
	Award Criteria Figure (Insert Line 15 of Award Criteria Formula):	<u>\$ 13,546,124</u>

3. Community Hiring Bonuses

In order to encourage maximum employment of interested and available residents of the project community on this project, the following bonus calculations shall apply:

- a. In calculating the hours worked by minority and women Journeyworkers, apprentices, and laborers under the Award Criteria set out in Part V.A. "Basis of Award (Award Criteria)," all hours worked by minority and women Journeyworkers, existing apprentices, and laborers who are residents of the project community shall be multiplied by 1.5.
- b. In calculating the hours worked by minority and women apprentices under the Award Criteria set out in Part V "Proposal Support Documents," all hours worked in new apprenticeships by minority and women apprentices who are residents of the project community shall be multiplied by 2.0.

Definitions

"City of Chicago Residents" means persons domiciled within the City of Chicago. Salaried superintendents are excluded from coverage in this section. Domicile is an individual's one and only true, fixed, and permanent home and principal establishment.

"Project Community Residents" means persons domiciled within the "Project Community" as defined in Section II, A.6 above.

"New Apprenticeship" shall mean an apprenticeship begun for a person who has not held an apprenticeship card within ninety (90) days prior to beginning the project.

4. Liquidated Damages

The Contractor hereby consents and agrees that, in the event that it fails to comply with each of the minimum commitments submitted with this Proposal on Lines 2, 4, 6, 8, 10, and 12 of the Award Criteria Formula, covering minority and female Journeyworkers, apprentices, and laborers respectively, the following shall apply.

If the total hours in any category for which a percentage is assigned in Lines 2, 4, 6, 8, 10, or 12 of the Award Criteria equals zero at the completion of the work, then a net deficiency of the entire percentage assigned will be deemed to exist. For any net deficiency in each category, the following amounts shall be deducted as liquidated damages from monies due the Contractor and the Contract Sum modified accordingly:

- a. For each full one (1%) percent deficiency of minority Journeyworkers not utilized – four cents per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 04}}{100}$$

Each one (1%) percent deficiency toward the goal for female Journeyworkers (Line 8) shall be calculated in the same way.

- b. For each full one (1%) percent deficiency of minority apprentices not utilized – three cents per hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 03}}{100}$$

Each one (1%) percent deficiency toward the goal for female apprentices (Line 10) shall be calculated in the same way.

- c. For each one (1%) percent deficiency of minority laborers not utilized – one cent per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 01}}{100}$$

Each one (1%) percent deficiency toward the goal for female laborers (Line 12) shall be calculated in the same way.

- d. Liquidated damages, if any, will be calculated for the first pay requests reflecting fifty percent (50%) completion, seventy-five percent (75%) completion, and ninety percent (90%) completion, respectively, based upon the Contractor's pay request together with all attendant certified payrolls and other required documentation of minority and women employment. The accrued liquidated damages and interest will be added to the retention provided elsewhere in this contract. The amount of liquidated damages due to the Commission under this provision will bear compound interest at the rate of 5% per annum, compounded monthly from the date of the Notice to Proceed to the date of approval of a deductive change order for liquidated damages. Should the total amount of liquidated damages due under all provisions of this contract exceed the amount of the Commission's retainage, compound interest on the amount over and above the retainage will continue to accrue until the entire amount of liquidated damages and compound interest is paid to the Commission.
- e. The Commission is aware that certain subcontract agreements under this contract may require subcontractors to contribute to payment of liquidated damages assessed under this provision. Should enforcement of subcontract liquidated damages provisions result in an aggregate total of subcontractor liquidated damages greater than the liquidated damages assessed hereunder against Contractor, then Contractor must pay the excess pro rata as a bonus to each subcontractor exceeding its subcontract commitments for minority or women employment, or both.

5. Reporting

In accordance with this commitment, the Contractor must submit both the Contractor's Payroll Record Form and the Contractor's Recapitulation of Minority and Female Worker Hours and Percentages Form on a monthly basis. All Subcontractors shall be listed on the Contractor's Recapitulation Form whether active or not. For the purpose of this report, the following group categories will be used:

This MBE certification is valid until **12/01/2018**; however your firm's certification must be revalidated annually. As a consequence, we require you to be even more diligent in filing your **annual No-Change Affidavit 60 days** before your annual anniversary date.

It is now your responsibility to check the City's certification directory and verify your certification status. Failure to provide the City with timely notice of such changes may result in the suspension or rescission of your certification. In addition, you may be liable for civil penalties under Chapter 1-22, "False Claims", of the Municipal Code of Chicago.

Please note – you shall be deemed to have had your certification lapse and will be ineligible to participate as a **MBE** if you fail to:

- File your annual No-Change Affidavit within the required time period;
- Provide financial or other records requested pursuant to an audit within the required time period;

99

- Notify the City of any changes affecting your firm's certification **within 10 days** of such change; or

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

Terrorism Risk Insurance Act of 2002 Disclosure

On December 26, 2007, the President of the United States signed into law amendments to the Terrorism Risk Insurance Act of 2002 (the "Act"), which, among other things, extend the Act and expand its scope. The Act establishes a program under which the Federal Government may partially reimburse "Insured Losses" (as defined in the Act) caused by "acts of terrorism". An "act of terrorism" is defined in Section 102(l) of the Act to mean any act that is certified by the Secretary of the Treasury – in concurrence with the Secretary of State and the Attorney General of the United States – to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States Mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

The federal government's share of compensation for Insured Losses is 85% of the amount of Insured Losses in excess of each Insurer's statutorily established deductible, subject to the "Program Trigger", (as defined in the Act). In no event, however, will the federal government or any Insurer be required to pay any portion of the amount of aggregate Insured Losses occurring in any one year that exceeds \$100,000,000,000, provided that such Insurer has met its deductible. If aggregate Insured Losses exceed \$100,000,000,000 in any one year, your coverage may therefore be reduced.

The charge for Insured Losses is included in the total premium for each coverage indicated in the account premium summary. The charge for each coverage is indicated below, and does not include any charge for the portion of losses covered by the Federal Government under the Act.

JOINT VENTURE AGREEMENT

This JOINT VENTURE AGREEMENT (the "Agreement") made and entered into as of this 18th day of August, 2014 by and between Blinderman Construction Company, Inc., an Illinois corporation (hereinafter referred to as "Blinderman" and Meccor Industries, Ltd., an Illinois corporation (herein referred to as "Meccor").

WITNESSETH:

WHEREAS, the parties hereto desire to associate themselves in a joint venture for the purpose of securing a contract and performing general construction work for the Public Building Commission of Chicago for Abraham Lincoln Elementary School Annex & Renovation, Contract No. C1561 (the contract with the Owner hereinafter referred to as the "Construction Contract" and the *work* hereinafter referred to as the "Project"); and

WHEREAS, the parties hereto have agreed as to the method and means of performing said Construction Contract; and

WHEREAS, the parties hereto desire that their interests in the services to be rendered and the work to be performed pursuant to the Construction Contract (including any supplements, changes and additions thereto, or work in connection therewith) and all rights, liabilities, profits and losses arising in connection with the performance or nonperformance thereof be defined by an agreement in writing;

NOW, THEREFORE, in consideration of the mutual promises and covenants hereinafter contained, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Rights and Responsibilities

The parties hereto constitute themselves a joint venture for the purpose of performing and completing the Project, and for the purpose of furnishing or performing the necessary work, labor, materials and services in connection therewith, and for no other purpose, it being expressly understood that nothing contained in this Agreement shall be construed as creating any partnership between the parties hereto, or constituting any party the general agent of the other, or in any way preventing or hindering either party hereto from carrying on its respective business or businesses for its own benefit.

2. Name and Principal Office

The name of this joint venture shall be "Blinderman Meccor JV" (the "Joint Venture"). The principal office of the Joint Venture shall be located at 8501 West Higgins Road, Suite 320, Chicago, IL 60631.

3. Interests of the Parties

- (a) The interests of the parties in and to the Construction Contract, any and all contributions, property, capital and equipment contributed or acquired in connection with the performance thereof, any and all money, including gains, profits, losses, obligations or liabilities which may be derived from the performance thereof, and the obligations and liabilities of each of the parties hereto as among themselves in connection with the Construction Contract and with respect to any and all liabilities and losses in connection therewith shall be:

BLINDERMAN: 76%
Meccor: 24%

- (b) Each party shall have a voice equal to its proportional share in the determination of any matter involving the business of the Joint Venture, including, but not limited to, control and management of the Project. Each party does hereby agree to indemnify the other against any loss or liability exceeding the proportions, hereinabove stated, for whatever reason, including any payments required to be made in, and about, the performance of the Contract.
- (c) It is agreed by both parties that Blinderman and Meccor are to act in their respective capacities as general contractors for separate, distinct and complimentary portions of the work which taken together will constitute the total work to be performed by the Joint Venture under the Contract. Accordingly, it is agreed by both parties that a subcontract for an amount not less than 24% of the value of the Contract shall be issued to Meccor for general work under the Contract. Serving as a General Contractor, the general work to be performed by Meccor shall include, but is not limited by, Structural and Miscellaneous Steel, Roofing and Rough and Finish Carpentry. Specific contributions of equipment to be provided by Meccor shall include, but is not limited by, rubbish boxes, and other miscellaneous tools and equipment, which may be required to complete the above listed Contract scope of work. Meccor shall provide personnel to supervise, manage, control and utilize its particular skill and knowledge for its Contract scope of work by providing the services of a Project Engineer, as well as other operative personnel as may be required. In addition, utilizing appropriate construction trade workers, Meccor will self-perform miscellaneous steel and carpentry work including doors, frames hardware and millwork. Likewise, it is agreed that the balance of the Contract value and remaining scope of project general work shall be subcontracted to Blinderman. The subcontracted work shall be performed on behalf of the Joint Venture partnership and taken together shall constitute the total work under the Contract.

4. Representatives and Management Committee

- (a) Each party shall designate a principal representative (the "Principal Representatives") to serve on a management committee (hereinafter referred to as the "Management Committee") who shall have complete responsibility to act on behalf of that party in any matter involving, in connection with, or arising out of the performance of the Construction Contract by the Joint Venture.
- (b) Each party shall also designate an alternative representative (the "Alternative Representatives") to the Management Committee who shall serve only when the Principal Representative of that party is absent or incapacitated or unable to serve. The Principal and Alternative Representatives shall serve as such without compensation, or for such compensation from the funds of the Joint Venture as may be agreed by the Management Committee, provided, however, that each party may, at its own cost and expense and in its sole discretion, compensate its Principal and/or Alternative Representatives.

- (d) All money contributed by the parties and all money received as payment under the Construction Contract or otherwise received by the Joint Venture are hereby declared to be trust funds for the performance of the Construction Contract and for no other purpose, until the Construction Contract shall have been fully completed and accepted by the owner, and all obligations of the Joint Venture have been paid or otherwise discharged, or adequate reserves have been established to cover any such obligations. Any reserves

likewise are declared to be trust funds which shall be disbursed only for the purpose for which such reserves were created, or returned to the parties when that purpose has been served.

Should any party be unable, or fail or neglect to contribute and deposit such additional funds into the Joint Venture Account, then the other party advancing such deficiency shall receive interest on the funds advanced at a rate computed at prime rate per annum from the time of the advance to the time of repayment. Such excess funds shall be repaid in full with interest (from the time of the advance to the time of the repayment) from the first money thereafter received in connection with the Project distributable to the parties and before any other payments are made to the parties. In addition, such party may, in its discretion, advance the other parties share of such additional funds, which advance shall likewise earn interest at the rate of prime rate per annum from the time of such advance to the time of repayment. All interest paid for funds thus advanced shall be charged against the party on account of whose failure the said funds were advanced.
- (h) When and if the Management Committee of the Joint Venture determines that the funds in the Joint Venture are in excess of the needs of the Project, such excess funds shall be first applied to the return of the parties' capital contributions (repaid in proportion to their respective percentage interests provided in subparagraph 3(a) of this Agreement) until such capital contributions have been entirely repaid, and the balance of such excess shall be distributed to the parties in their respective percentage interests set forth above.

Any reserves when no longer required, or so much thereof as shall remain, shall be similarly divided and distributed.

Such liability of Blinderman and Meccor for the bearing of losses shall continue with respect to any claims which at any time, either before or after the completion of the Project, shall be made against them or either of them by reason of this Joint Venture or any matter or thing in connection therewith.

13. Project Staff

The representatives of the respective parties to the Management Committee shall appoint field and office representatives for the Project who shall be responsible for the direction and management of the work in accordance with policies and procedures established by the Management Committee, coordinate the work, and be responsible for contact with the Owner and other necessary parties in order to perform the work.
