### 2019 Year in Review

We continue in our commitment to ensure that Minority and Women Business Enterprise Firms are given opportunities for growth.

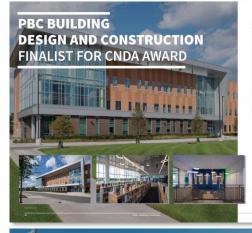

### **QUARTERLY NEWSLETTER**

We successfully utilized our quarterly newsletter to keep clients, elected officials and stakeholders informed about current activities and opportunities.

Through this electronically distributed medium and our PBC Alerts, we maintain ongoing connection to more than **8,000** individuals and organizations.

Englewood STEM High School has been selected as a finalist for the Chicago Meighborhood Development Awards (NDA) Richard H. Driehaus Foundation Award for Architectural Excellence in Community Design.

Established in 1995, the CNDA annually recogniz the essential role that both non-profit and for-profit developers play in building communiti

The Richard H. Driehaus Foundation Award for Architectural Excellence in Community Design recognizes and encourages best practices in community design, landscaping design and architecture. The winning projects clearly and successfully demonstrate a contribution to the visual, social and cultural life in the communitie visual, social and cultural life in the communitie.

The PBC embraces any opportunity to stretch the boundaries of what it means to be a municipal development agency." Carina E. Sanchez, PBC Executive Director soid. "It would be an honor to win this award. It will serve as third party volidation of how our work is chonging and improving neighborhoods and changing livel."

Award winners will be announced in April 20

#### **Looking Ahead**

The PBC is implementing e-builder, PBC's new construction project management software solution and promoting city wide initiatives like 'Invest South West' and the '2020 Census.'.

In 2020, be counted.
