CHANGE IN SCOPE OF SERVICE:

The Consultant will perform additional services. These services are:

- Reviewing contractor's submittal and assisting the Contractor in securing landfill permit for the soil disposal. The Consultant will also attend construction meetings as requested.
- Performing oversight during soil excavation from impacted soil areas. The Consultant will review landfill permit, wastes manifests and other regulatory documents to ensure that remediation and soil disposal is completed in accordance with the project specification.
- Performing additional site investigation and soil sampling. The Consultant will coordinate the additional site investigation with the Illinois EPA's project manager. Work activities will also be coordinated with the PBC.
- Collecting confirmation soil samples in accordance with Illinois EPA requirements and guidelines. The Consultant will collect soil samples to meet the project remediation plan objectives.
- Preparing the Illinois EPA remediation completion report documenting the remediation work, soil disposal, and final site condition. The report will be submitted to the Illinois EPA to secure a "No Further Remediation" letter for the site.
- Attending construction and coordination meetings as directed by the PBC.

The scope of services is in accordance with the Consultant's proposal letter dated March 10, 2006.

COMPENSATION

The Environmental Consultant's term agreement fee is increased by a not-to-exceed amount of \$33,960.00 (in specifically addressing Albany Park Middle School). The total compensation includes a fixed amount of \$7,500 for the additional site investigation (soil drilling, sampling, Illinois EPA response).

Budget Code:

TOTAL: \$33,960.00

1. The circumstances necessitating this change were not reasonably foreseeable when the Agreement was signed, or
2. The change is germane to the original Agreement as signed, or
3. The change is in the best interest of the PBCC and authorized by laws.
