b. **Nondiscrimination.** The Consultant agrees that in performing this Agreement it shall not discriminate against any worker, employee or applicant for employment, or any member of the public, because of race, creed, gender, color, national origin or disability, or otherwise commit an unfair labor practice. Attention is called to applicable provisions of the Civil Rights Act of 1964, 88-352, July 2, 1964, 78 Stat. 241 et. Seq. the Americans with Disabilities Act of 1990, 42 U.S.C. 12010 et. Such delays or hindrances, if any, shall be compensated for by an extension of time to complete the Services, for such reasonable period as may be mutually agreed upon between the parties, it being understood, however, that the agreement of the Commission to allow the Consultant to complete the Services or any part of them after the time provided for the completion thereof herein shall in no way operate as a waiver on the part of the Commission of any of its rights hereunder.

f. Records. The Consultant shall maintain accurate and complete records of expenditures, costs and time incurred by Consultant in connection with the Project and the Services. Such records shall be maintained in accordance with recognized commercial accounting practices. The Commission may examine such records at Consultant's offices upon reasonable notice during normal business hours. Consultant shall retain all such records for a period of not less than five calendar years after the termination of this Agreement.

g. Time of Essence. The Consultant acknowledges and agrees that time is of the essence in the performance of this Agreement and that timely completion of the Services is vital to the completion of the Project by the Commission. Consultant agrees to use its best efforts to expedite performance of the Services and performance of all other obligations of the Consultant under this Agreement and any other agreements entered into by the Commission which are managed or administered by the Consultant as a result of the Consultant's engagement hereunder.

h. Compliance with Laws. In performing its engagement under this Agreement, the Consultant shall comply with all applicable federal, state and local laws, including but not limited to, those referenced in subparagraphs (b) and (c) above and in the documents referred to in paragraph 2 of this Agreement.

The Consultant further agrees that it will assign to the Project at all times during the term of this

Agreement the number of experienced, appropriately trained employees necessary for the Consultant to perform the Services in the manner required hereunder.

1. Changes (Amendments). The Commission may from time to time, request changes to the terms of the Agreement or in the Scope of Services of the Consultant to be performed hereunder. Such changes, including any increase or decrease in the amount of compensation and revisions to the duration of the Services, which are mutually agreed upon by and between the Commission and Consultant, shall be incorporated in a written amendment to this Agreement. The Commission shall not be liable for any changes absent such written amendment.

m. Copyrights. The parties intend and agree that, to the extent permitted by law, the drawings, specifications and other design documents to be produced by Consultant at the Commission's instance and expense pursuant to this Agreement (the "Work") shall conclusively be deemed "works made for hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. § 101 *et seq.*, and that the Commission, its successors and assigns, will be the copyright owner of all aspects, elements and components thereof in which copyrights can subsist. To the extent that any of the foregoing does not qualify as a "work made for hire", Consultant hereby irrevocably grants, conveys, bargains, sells, assigns, transfers and delivers to the Commission, its successors and assigns, all right, title, and interest in and to the copyrights and all U.S. and foreign copyright registrations, copyright applications and copyright renewals therefor, and all other intangible, intellectual property embodied in or pertaining to the Work contracted for under the Agreement, free and clear of any liens, claims or other encumbrances, to the fullest extent permitted by law. Consultant will execute all documents and, at the expense of the Commission, perform all acts that the Commission may reasonably request in order to assist the Commission in perfecting its rights in and to the copyrights relating to the Work.

Consultant warrants to the Commission, its successors and assigns, that (1) the Work constitutes a work of authorship; (2) on the date hereof Consultant is the lawful owner of good and marketable title in and to the copyrights for the Work (including the copyrights on designs and plans relating to the Work); (3) the Consultant has the legal right to fully assign any such copyright with respect to the Work; (4) Consultant has not assigned any copyrights nor granted any licenses, exclusive or non-exclusive, to any other party; (5) Consultant is not a party to any other agreement or subject to any other restrictions with respect to the Work; and (6) the plans and designs for the Work will be, upon completion of the Services, complete, entire and comprehensive. Further, Consultant agrees that it will not restrict or otherwise interfere with the Commission's future actions in authorizing the use, adaptation, revision, or modification or destruction of the Work provided that the Consultant is indemnified for any damages resulting from any such future re-use or adaptation of the Work as may be authorized by the Commission.

4. Term.

a. The term of this Agreement shall begin on the Commencement Date specified in this agreements and, subject to the provisions of subparagraph (b) below, shall expire upon completion of the Services and acceptance thereof by the Commission or, if the Services are of an ongoing nature, on the Completion Date specified in such Request for Services. The Commission and the Consultant may, from time to time, by mutual agreement, extend the term of this Agreement by amending this agreements.

b. The Commission shall have the right, at any time, to terminate the term of this Agreement, with or without cause, by written notice given to the Consultant at least thirty (30) days prior to the effective date of termination. In addition, the Commission shall have the right, at any time and from time to time, with or without cause, to suspend the performance of the Consultant hereunder with respect to all or any part of the Services, by written notice given to the Consultant at least five (5) days prior to

the effective date of suspension. Termination or suspension of this Agreement shall not relieve the Consultant from liability for the performance of any obligation of the Consultant under this Agreement performed or to have been performed by the Consultant on or before the effective date of termination or suspension. Provided the Consultant is not in default under this Agreement at the time of termination or suspension, the Commission agrees to pay to the Consultant, in accordance with the terms of this Agreement, all compensation and reimbursements due to the Consultant for periods up to the effective date of termination or suspension. In no event shall the Commission be liable to the Consultant for any loss, cost or damage which the Consultant or any other party may sustain by reason of the Commission terminating or suspending this Agreement as provided herein; provided, however, that the Commission may, in its sole discretion, reimburse the Consultant for actual expenses approved by the Commission.

c. If the Project, in whole or substantial part, is stopped for a period longer than thirty (30) days under an order of any court or other governmental authority having jurisdiction of the Project, or as a result of an act of government, such as a declaration of national emergency making materials unavailable, through no act or fault of the Consultant, or if the Commission fails to make any payment or perform any other obligation hereunder, the Consultant shall have the right to terminate this agreement, by written notice given to the Commission at least seven (7) days prior to the effective date of termination, and shall have the right to recover from the Commission all compensation and reimbursements due to the Consultant for periods up to the effective date of termination.

5. Compensation of Consultant; Reimbursement for Expenses. The Commission shall compensate the Consultant for the Services in the manner set forth Schedule D of this agreement. In addition, the Commission shall, upon submission by the Consultant, which the Consultant may do no more frequently than once every 30 days, and approval by the Commission of detailed invoices therefor, reimburse the Consultant for all Reimbursable Expenses. As used in this paragraph, the term "Reimbursable Expenses" shall mean those expenses identified as such in this agreements to this Agreement.

6. Rights and Obligations of Commission. In connection with the administration of the Project by the Commission and the performance of this Agreement by the Consultant, the Commission shall have the following rights and obligations, in addition to those provided elsewhere in this Agreement:

b. Review of Documents. Subject to the provisions of subparagraph 3 (e) above, the Commission agrees to make a reasonable effort to examine documents submitted by the Consultant and render decisions pertaining thereto with reasonable promptness.

e. Legal, Auditing and other Services. The Commission shall arrange and pay for such legal, auditing, insurance counseling and other services as the Commission, in its sole discretion, may determine to be required for the Project. Such payments shall not include legal or auditing expenses arising out of or relating to any errors or omissions, or claimed errors or omissions, of Consultant.

f. Designated Representatives. The Commission may designate, at its sole discretion, one or more representatives authorized to act in its behalf.

g. Indemnities. The Commission shall require, by appropriate provision in each contract let by the Commission after the date of this Agreement with respect to the Project that the contractor(s) and consultant(s) thereunder shall indemnify, save and hold harmless the Commission, the User Agency and the Consultant, and each of them, and their respective commissioners, board members, officers, agents and employees, from all claims, demands, actions and the like, of every nature and description, made or instituted by third parties, arising or alleged to arise out of the work under such contract, and that the contractor there under shall purchase and maintain during the life of such contract such insurance as the Commission may require.

h. Ownership of Documents. All documents, data, studies and reports prepared by the Consultant or any party engaged by the Consultant, pertaining to the Project and/or the Services shall be the property of the Commission including copyrights as described in Section 3(m) above.

i. Audits. The Commission shall have the right to audit the books of the Consultant on all subjects relating to the Project and/or the Services.

7. Indemnification of Commission. The Consultant hereby agrees to indemnify, keep and save harmless the Commission and the User Agency and their respective commissioners, board members, officers, agents, officials and employees from and against all claims, demands, suits, losses, costs and expenses, including but not limited to, the fees and expenses of attorneys, that may arise out of or be based on any injury to persons or property that is or is claimed to be the result of an error, omission or act of the Consultant or any person employed by the Consultant to the maximum extent permitted by applicable law.

8. Insurance to be Maintained by Consultant. The Consultant shall purchase and maintain at all times during the performance of Services hereunder, for the benefit of the Commission, the User Agency and the Consultant, insurance coverage as set forth in Schedule E of this agreement

9. Default.

a. Events of Default. Any one or more of the following occurrences shall constitute an Event of Default under this Agreement:

i. Failure or refusal on the part of the Consultant duly to observe or perform any obligation or agreement on the part of the Consultant contained in this Agreement, which failure or refusal continues for a period of ten (10) days (or such longer period as the Commission,

in its sole discretion, may determine if such failure is not capable of being cured within such ten (10) day period) after the date on which written notice thereof shall have been give to the Consultant by the Commission;

ii. Any representation or warranty of the Consultant set forth herein or otherwise delivered pursuant to this Agreement shall have been false in any material respect when so made or furnished;

iii. The Consultant becomes insolvent or ceases doing business as a going concern, or makes an assignment for the benefit of creditors, or generally fails to pay, or admits in writing its inability to pay, its debts as they become due, or files a voluntary petition in bankruptcy, or is adjudicated a bankrupt or an insolvent, or files a petition seeking for itself any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar arrangement under any present or future statute, law or regulation relating to bankruptcy or insolvency, or files an answer admitting the material allegations of a petition filed against it in any such proceeding, or applies for, consents to or acquiesces in the appointment of a trustee, receiver, liquidator or other custodian of it or of all or any substantial part of its assets or properties, or if it or its principals shall take any action in furtherance of any of the foregoing; or

iv. There shall be commenced any proceeding against the Consultant seeking reorganization, arrangement, readjustment, liquidation, dissolution or similar relief under any present or future statute, law or regulation relating to bankruptcy which is not vacated, stayed, discharged, bonded or dismissed within sixty (60) days thereof, or there shall be appointed, without the Consultant's consent or acquiescence, any trustee, receiver, liquidator or other custodian of Custodian or of all or any substantial part of the Consultant's assets and properties, and such appointment shall not have been vacated, stayed, discharged, bonded or otherwise dismissed within sixty (60) days thereof.

No courses of dealing on the part of the Commission or delay or failure on the part of the Commission to exercise any right shall operate as a waiver of such right or otherwise prejudice the Commission's rights, powers or remedies.

c. Remedies not Exclusive. No right or remedy herein conferred upon or reserved to the Commission is exclusive of any right or remedy herein or by law or equity provided or permitted, but each shall be cumulative of every other right or remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise, and may be enforced concurrently therewith or from time to time.

10. Disputes.

a. General. All disputes arising under, related to or in connection with the terms of this Agreement or its interpretation, whether involving law or fact or both, including without limitation questions concerning allowability of compensation, and all claims for alleged breach of contract, shall be presented in writing to the Executive Director for final determination.

The Project Manager will have thirty (30) business days to respond in writing to the dispute by supplementing the submission or providing its own submission to the Executive Director. Failure by the Project Manager to respond will not be deemed to be an admission of any allegations made in the request for dispute resolution, but will be deemed to constitute a waiver of the opportunity to respond to such allegation(s), if any. The Executive Director's decision may thereafter be reached in accordance with such other information or assistance as she or he may deem reasonable, necessary or desirable.

c. Effect. The Executive Director's final decision will be rendered in writing no more than forty-five (45) business days after receipt of the response by the Project Manager was filed or was due unless the Executive Director notifies the Consultant that additional time for the decision is necessary. The Executive Director's decision will be conclusive, final, and binding on all parties. Consultant must follow the procedures set out in this Section and receive the Executive Director's final decision as a condition precedent to filing a complaint in the Circuit Court of Cook County or any other court.

12. Assignment. The Consultant acknowledges that the Commission is induced to enter into this Agreement by the personal qualifications of the principals, staff and employees of the Consultant and agrees, therefore, that neither this Agreement nor any right or obligation hereunder may be assigned by the Consultant, in whole or in part, without the prior written approval of the Commission. 14. Relationship of Parties. The relationship of the Consultant to the Commission hereunder is that of an independent contractor, and the Consultant, except to the extent expressly provided to the contrary in this agreement, shall have no right or authority to make contracts or commitments for or on behalf of the Commission, to sign or endorse on behalf of the Commission any instruments of any nature or to enter into any obligation binding upon the

Commission. This Agreement shall not be construed as an agreement of partnership, joint venture, or agency.

b. **Entire Agreement.** This Agreement constitutes the entire understanding and agreement between the parties hereto and supersedes any and all prior or contemporaneous oral or written representations or communications with respect to the subject matter hereof, all of which communications are merged herein. This Agreement shall not be modified, amended or in any way altered except by an instrument in writing signed by both of the parties hereto.

c. **Force Majeure.** Neither of the parties shall be liable to the other for any delay or failure in performance hereunder due to causes which are beyond the control of the party unable to perform. If a force majeure occurs, the party delayed or unable to perform shall give prompt notice to the other party, and the Commission may, at any time during the continuation of the force majeure event, elect to suspend the performance of the Consultant under this Agreement for the duration of the force majeure. The Commission shall not be obligated to pay for Services to the extent and for the duration that performance thereof is delayed or prevented by force majeure, but, provided the Consultant is not in default of any obligation of the Consultant hereunder, the Commission shall pay to the Consultant, according to the terms hereof, all compensation and reimbursements due to the Consultant for periods up to the effective date of suspension.

d. **Governing Law.** This Agreement has been negotiated and executed in the State of Illinois and shall be construed under and in accordance with the internal laws of the State of Illinois.

e. **No Waiver.** The waiver by either party of any breach of this Agreement shall not constitute a waiver as to any succeeding breach.

f. **Notices.** All notices required to be given hereunder shall be given in writing and shall be hand delivered or sent by United States certified or registered mail, postage prepaid, addressed to Commission and to the Consultant at their respective addresses set forth above. If given as herein provided, such notice shall be deemed to have been given on the date of delivery, if delivered by hand, and on the second business day after mailing, if given by mail. The Commission or the Consultant may, from time to time, change the address to which notices hereunder shall be sent by giving notice to the other party in the manner provided in this subparagraph.

g. **Reimbursable Expenses** as herein referred to includes actual expenditures, as identified in this agreements, made by the Consultant.

**Re: Proposal - Phase II Environmental Site Assessment
Proposed Belmont Cragin School Site
5600 W. Grand Avenue,
Chicago, IL**

Dear Ms. Yoder:

Carnow, Conibear & Assoc., Ltd. (CCA) is pleased to submit this proposal to perform a Phase II Environmental Site Assessment (ESA) for the property located at 5600 West Grand Avenue in Chicago, Illinois. CCA has prepared this proposal in accordance with your request included in the email dated August 9, 2007. The purpose of the Phase II ESA will be to investigate potential subsurface soil impacts associated with the adjacent properties to the northwest and south of the site. Additionally, CCA will perform an electromagnetic survey throughout the site.

SCOPE OF WORK

Task 1 - Geophysical Survey

CCA will perform an electromagnetic survey throughout the site utilizing a Fisher Electromagnetic Surveying Equipment. The survey will be performed in a single direction with the lines approximately five (5) feet apart. Any anomalies identified will be presented on a detailed site plan.

Task 2 - Soils Investigation

The Phase II ESA will be conducted in accordance with the guidelines of Illinois Environmental Protection Agency (IEPA) and ASTM E1903-97.

CCA will prepare a Site Specific Safety Plan (SSSP) prior to starting any field activities. This plan will be consistent with the EPA, Occupational Safety and Health Administration (OSHA), IEPA, and the City of Chicago safety and health statutes. CCA will contact "Digger" (the City of Chicago utility locating service) to identify and mark underground utilities and services on the site prior to soil boring activities.

The investigation will be performed using a truck-mounted Geoprobe[®] unit. Drilling equipment will be steam cleaned or power washed prior to each use. CCA has included the advancement of ten (10) borings to a depth of approximately sixteen (16) feet. Five (5) borings along the western site boundary and five (5) borings along the southern boundary of the site to investigate potential impacts from the adjacent properties which were identified in the Phase I ESA report dated November 2006, prepared by others.

All soil samples will be collected using continuous Geoprobe® methodology. The sampling equipment will be cleaned and triple rinsed between uses. CCA's field representative will classify the soil samples utilizing ASTM Standards D2488, perform pocket penetrometer tests on cohesive soil samples, and perform head space analysis on each soil sample. The soil samples will be field screened using a photoionization detector (PID), which provides a qualitative analysis of volatile organic compounds (VOCs) in the soil sample.

Two (2) soil samples will be selected from each boring for analysis based on the results of the field screening and observations. CCA will submit the soil sample with the highest PID reading above background to a laboratory for analyses. If field screening does not exhibit levels exceeding ambient background concentrations, CCA will collect the soil sample from a depth interval that would be indicative of a UST release based upon soil conditions encountered in the borings. Typically this depth would be in the range of six (6) to seven (7) foot depending on the size of the tank. The second sample will be collected at a greater depth than the first sample from each boring and analyzed only if the upper sample indicates results above applicable Illinois Administrative Code Title 35 Part 742 (35 IAC 742) *Tiered Approach to Corrective Action Objectives* (TACO) Tier I Site Remediation Objectives (SROs) for residential properties or applicable background concentrations.

Soil cuttings generated during the borings will be used to backfill the borehole. The remaining portion of the hole will be grouted with bentonite.

CCA will utilize EnCore® samplers for the VOC soil sample analyses and four ounce, precleaned, clear and amber borosilicate glass jars for the remaining soil sample analyses. All containers are precleaned to EPA standards and sealed with Teflon® lined plastic screw-on lids. All samples collected for analyses will be cooled to a temperature of approximately 4°C. All samples will be placed in an insulated portable cooler filled with ice during their transportation from the site to CCA's office and/or to the laboratory.

Each soil sample will be labeled by a unique identification number after collection during the drilling activities. The sample identification numbers will consist of the site location, the boring number, and the sample depth (for soil samples). Each jar will be labeled at the time of the sampling with the following information using indelible ink: 1) project/site name; 2) date and time of collection; 3) sample location; 4) sample depth; and 5) initials of the sample collector.

All sample analyses will be performed by an IEPA-accredited environmental analytical laboratory. The analyses will be conducted utilizing expedited 24 - 48 hour turnaround period per your request. All laboratory procedures and methods will meet the minimum specified detection limits in accordance with TACO: 35 IAC Part 742 and/or SW 846 protocols.

Based upon the results of the field screening, CCA will submit soil samples for one or more of the following laboratory analysis or equivalent:

- PNAs utilizing EPA Methods 8310 or 8270(SIM); and
- Total Lead utilizing EPA Methods 6020.

Task 3 - Reporting

CCA will prepare a report documenting the results of this investigation and provide recommendations as warranted. The report will include the following:

- Detailed descriptions of the field work and pertinent observations;
- Copies of all laboratory reports of the analytical results;
- Comparisons of the analytical results with applicable IEPA Tier I SROs;
- Geological and hydrological characteristics of the property;
- Exhibits including a site location plan, detailed site map and soil boring logs; and

**Re: Proposal - Phase II Environmental Site Assessment
Proposed Belmont Cragin School Site
5600 W. Grand Avenue,
Chicago, IL**

Dear Ms. Yoder:

Carnow, Conibear & Assoc., Ltd. (CCA) is pleased to submit this proposal to perform a Phase II Environmental Site Assessment (ESA) for the property located at 5600 West Grand Avenue in Chicago, Illinois. CCA has prepared this proposal in accordance with your request included in the email dated August 9, 2007. The purpose of the Phase II ESA will be to investigate potential subsurface soil impacts associated with the adjacent properties to the northwest and south of the site. Additionally, CCA will perform an electromagnetic survey throughout the site.

SCOPE OF WORK

Task 1 - Geophysical Survey

CCA will perform an electromagnetic survey throughout the site utilizing a Fisher Electromagnetic Surveying Equipment. The survey will be performed in a single direction with the lines approximately five (5) feet apart. Any anomalies identified will be presented on a detailed site plan.

Task 2 - Soils Investigation

The Phase II ESA will be conducted in accordance with the guidelines of Illinois Environmental Protection Agency (IEPA) and ASTM E1903-97.

CCA will prepare a Site Specific Safety Plan (SSSP) prior to starting any field activities. This plan will be consistent with the EPA, Occupational Safety and Health Administration (OSHA), IEPA, and the City of Chicago safety and health statutes. CCA will contact "Digger" (the City of Chicago utility locating service) to identify and mark underground utilities and services on the site prior to soil boring activities.

The investigation will be performed using a truck-mounted Geoprobe® unit. Drilling equipment will be steam cleaned or power washed prior to each use. CCA has included the advancement of ten (10) borings to a depth of approximately sixteen (16) feet. Five (5) borings along the western site boundary and five (5) borings along the southern boundary of the site to investigate potential impacts from the adjacent properties which were identified in the Phase I ESA report dated November 2006, prepared by others.

All soil samples will be collected using continuous Geoprobe® methodology. The sampling equipment will be cleaned and triple rinsed between uses. CCA's field representative will classify the soil samples utilizing ASTM Standards D2488, perform pocket penetrometer tests on cohesive soil samples, and perform head space analysis on each soil sample. The soil samples will be field screened using a photoionization detector (PID), which provides a qualitative analysis of volatile organic compounds (VOCs) in the soil sample.

Two (2) soil samples will be selected from each boring for analysis based on the results of the field screening and observations. CCA will submit the soil sample with the highest PID reading above background to a laboratory for analyses. If field screening does not exhibit levels exceeding ambient background concentrations, CCA will collect the soil sample from a depth interval that would be indicative of a UST release based upon soil conditions encountered in the borings. Typically this depth would be in the range of six (6) to seven (7) foot depending on the size of the tank. The second sample will be collected at a greater depth than the first sample from each boring and analyzed only if the upper sample indicates results above applicable Illinois Administrative Code Title 35 Part 742 (35 IAC 742) *Tiered Approach to Corrective Action Objectives* (TACO) Tier I Site Remediation Objectives (SROs) for residential properties or applicable background concentrations.

Soil cuttings generated during the borings will be used to backfill the borehole. The remaining portion of the hole will be grouted with bentonite.

CCA will utilize EnCore® samplers for the VOC soil sample analyses and four ounce, precleaned, clear and amber borosilicate glass jars for the remaining soil sample analyses. All containers are precleaned to EPA standards and sealed with Teflon® lined plastic screw-on lids. All samples collected for analyses will be cooled to a temperature of approximately 4°C. All samples will be placed in an insulated portable cooler filled with ice during their transportation from the site to CCA's office and/or to the laboratory.

Each soil sample will be labeled by a unique identification number after collection during the drilling activities. The sample identification numbers will consist of the site location, the boring number, and the sample depth (for soil samples). Each jar will be labeled at the time of the sampling with the following information using indelible ink: 1) project/site name; 2) date and time of collection; 3) sample location; 4) sample depth; and 5) initials of the sample collector.

All sample analyses will be performed by an IEPA-accredited environmental analytical laboratory. The analyses will be conducted utilizing expedited 24 - 48 hour turnaround period per your request. All laboratory procedures and methods will meet the minimum specified detection limits in accordance with TACO: 35 IAC Part 742 and/or SW 846 protocols.

Based upon the results of the field screening, CCA will submit soil samples for one or more of the following laboratory analysis or equivalent:

- BETX/MTBE utilizing EPA Method 8260B;
- PNAs utilizing EPA Methods 8310 or 8270(SIM); and
- Total Lead utilizing EPA Methods 6020.

Task 3 - Reporting

CCA will prepare a report documenting the results of this investigation and provide recommendations as warranted. The report will include the following:

- Detailed descriptions of the field work and pertinent observations;
- Copies of all laboratory reports of the analytical results;
- Comparisons of the analytical results with applicable IEPA Tier I SROs;
- Geological and hydrological characteristics of the property;
- Exhibits including a site location plan, detailed site map and soil boring logs; and
- Any additional information or recommendations related to the site investigation and results.

CCA will issue the report in draft for review and comment to the PMO (Parsons) and Chicago Public Schools (CPS). Upon receipt of any comments, CCA will prepare one (1) hard copy and one (1) electronic pdf copy of the final report for each the PMO and CPS.

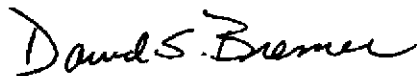

BUDGET

CCA's "Not To Exceed" cost to perform the services outlined in the Scope of Work described above is \$19,430.00. The attached table provides the service fees included in this proposal. Should changes occur that require additional compensation beyond what is included in the attached table, CCA will prepare change order for these costs.
