The Contractor must submit evidence of insurance to the Public Building Commission prior to Contract award. The receipt of any certificate does not constitute agreement by the Commission that the insurance requirements in the Contract have been fully met or that the insurance policies indicated on the certificate are in compliance with all Contract requirements. The failure of the Commission to obtain certificates or other insurance evidence from Contractor is not a waiver by the Commission of any requirements for the Contractor to obtain and maintain the specified insurance. The Contractor will advise all insurers of the Contract provisions regarding insurance. Non-conforming insurance does not relieve Contractor of the obligation to provide insurance as specified in this contract. Nonfulfillment of the insurance conditions may constitute a breach of the Contract, and the Commission retains the right to stop work until proper evidence of insurance is provided, or the Contract may be terminated.

The Commission reserves the right to obtain copies of insurance policies and records from the Contractor and/or its subcontractors at any time upon written request.

The insurance must provide for 60 days prior written notice to be given to the Commission in the event coverage is substantially changed, canceled, or non-renewed.

Any deductibles or self-insured retentions on referenced insurance must be borne by Contractor.

The Contractor agrees that insurers waive their rights of subrogation against the Public Building Commission, Board of Education of the City of Chicago, and the City of Chicago, their respective Board members, employees, elected officials, officers, or representatives.

The insurance coverage and limits furnished by Contractor in no way limit the Contractor's liabilities and responsibilities specified within the Contract or by law.

Any insurance or self-insurance programs maintained by the Public Building Commission and the Board of Education of the City of Chicago and the City of Chicago do not contribute with insurance provided by the Contractor under the Contract.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Contract or any limitation placed on the indemnity in this Contract given as a matter of law.

If contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

Contract No.1472R

The Contractor must require all subcontractors to provide the insurance required herein, or Contractor may provide the insurance for subcontractors. All subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Contract.

If Contractor or subcontractor desires additional coverage, the party desiring the additional coverage is responsible for the acquisition and cost

The Public Building Commission maintains the rights to modify, delete, alter or change these requirements.

3. Upon approval by the Commission to award, and within five (5) days after being given notice, the successful Bidder must execute and deliver to the Commission the Performance and Payment Bond in the form included in the Contract Documents, and evidence of the required insurance coverage.
4. The Performance and Payment Bond shall be in the form provided herein, in the full amount of the Base Contract Price and shall be security for the faithful performance of the Contract and payment of all persons, firms, or corporations to whom the Contractor may become legally indebted for labor, material, facilities or services of any nature, employed or used by it in performing the Work. The current power of attorney for the persons who sign for any surety company shall be attached to such bond. Such power of attorney shall be sealed and certified with a "first hand signature" by an officer of the surety. A facsimile signature will not be accepted by the Commission. The Commission reserves the right to approve the surety company.
5. The failure of the successful Bidder to supply the required Performance and Payment Bond or evidence of the required insurance coverage within five (5) days of notice, or within such extended period as the Commission may grant based upon reasons determined sufficient by the Commission, shall constitute a default and the Commission may either award the Contract to the next lowest responsible bidder or re-advertise for bids. The difference between the amount of its bid and the amount for which a contract for the work is subsequently executed may be charged against the Bidder, irrespective of whether the amount thus due exceeds the amount of the bid security. If a more favorable bid is received by re-advertising, the defaulting Bidder shall have no claim against the Commission for a refund. Because of the difficulty of ascertaining the damage caused to the Commission, such sum shall be considered liquidated damages and shall not constitute a penalty. The election by the Commission to grant an extension to the period allowed for the bidder to provide an acceptable performance and payment bond and/or evidence of insurance coverage shall not entitle the bidder to an extension of time required to complete the Work.

X. Order of Precedence of Components of the Contract Documents

1. The order of precedence of the components of the Contract Documents shall be as follows:
 - a. Addenda, if any;
 - b. Standard Terms and Conditions For Construction Contracts (Book 2), and Standard Terms and Conditions Procedures Manual; (Book 2A)
 - c. Technical Specifications (Book 3) and Drawings;
 - d. Project Information, Instructions to Bidders, and Execution Documents (Book 1);
 - e. Public Advertisement; and
 - f. Performance and Payment Bond.
2. The foregoing order of precedence shall govern the interpretation of the Contract in all cases of conflict or inconsistency therein, except as may be otherwise expressly provided by the Commission.

Y. Protests

1. The bidder shall submit any protests or claims regarding this solicitation to the office of the Commission's Executive Director. A pre-bid protest must be filed five (5) days before the bid opening date, a pre-award protest must be filed no later than ten (10) days after the bid opening date, and a post-award protest must be filed no later than ten (10) days after the award of the Contract.
2. All protests or claims must set forth the name and address of the protester, the Contract number, the grounds for the protest or claim, and the course of action that the protesting party desires that the Executive Director take.

Z. Licensing

In addition to all other applicable licenses and certifications, the general contractor is required to submit a copy of its (Class A) General Contractor License issued by the Department of Buildings of the City of Chicago.

AA. Commitment To Local Subcontractors

1. Purpose. The PBC is committed to providing opportunities for Chicago-based businesses to participate in the work performed by the PBC. In furtherance of that goal, the PBC requires that bidders commit to including Chicago-based businesses among their subcontractors according to the terms and conditions set forth below.
2. Definition of "Local Business." For the purposes of this Section AA, "Local Business" means a business located within the corporate limits of the City of Chicago which has the majority of its regular, full-time work force located within the City, and which is subject to City of Chicago taxes.
3. Required Commitment. By submission of its bid, the Bidder commits to furnishing subcontractors that are Local Businesses, as defined in Article III.AA.2 above, at the levels provided herein:
 - a. If Bidder is Local Business, as defined in AA.2 above, Bidder commits to having 25% of the Work performed pursuant to this Contract performed by subcontractors that are Local Businesses.
 - b. If Bidder is not Local Business, as defined in AA.2 above, Bidder commits having 35% of the Work performed pursuant to this Contract performed by subcontractors that are Local Businesses.
4. Compliance. The PBC understands that Bidders will not buy out a project until after the award of a contract. Accordingly, by submitting its Bid, Bidder agrees to furnish the PBC such information as the PBC may reasonably require regarding the location of Bidder's business, and the location(s) of its subcontractors' businesses. The PBC will then monitor the Contractor's compliance with its commitment to Local Businesses throughout the performance of the Work. Work performed by subcontractors that are certified minority or women owned businesses can be applied to both the commitment for Local Business and the Minority and Women owned business goal.
5. Consequences of Non-Compliance. In the event that a Contractor does not comply with its commitment to Local Businesses as required by this Section AA, the PBC may deem that Contractor to be non-responsible in future bids provided to the PBC.
6. The determination by the PBC's Director of Procurement with respect to a Bidder's or subcontractor's qualification as a Local Business will be final.

V. PROPOSAL SUPPORT DOCUMENTS

A. Basis of Award (Award Criteria)

To promote the intended goal of economic opportunity and maximize the use of minority personnel on this project, the Public Building Commission of Chicago has established the Award Criteria formula for the purpose of evaluating proposals and awarding the contract. A contract in the amount of the total Base Bid or Base Contract Price will be awarded to the responsible bidder with the lowest Award Criteria Figure. The Public Building Commission of Chicago reserves the right to check all calculations for accuracy. The fulfillment of the Award Criteria does not abrogate the responsibilities of the Contractor to comply with federal and state requirements under the *Equal Employment Act* and the *Illinois Human Rights Act*.

1. Instructions

The Bidder shall complete the Award Criteria Formula and transfer the final Award Criteria Figure - Line 15 to the space provided on the itemized proposal sheet. Failure to complete the formula may be cause for rejection of the Bidder's proposal. The successful bidder will be held responsible for adhering to the figures submitted in Lines 1, 2, 4, 6, 8, 10 and 12 during construction of the project.

Lines 2, 4 and 6 in the formula shall not be greater than fifty percent (50%) in each category for the sole purpose of determining award of the contract. Similarly, lines 8, 10 and 12 shall not be greater than ten (10%) percent in each category for the purpose of award criteria only. The fifty percent (50%) and ten percent (10%) goals are not intended to restrict the total number of minority and female employees to be used on the project, but only to establish limiting figures for use in the formula. Journeyworker includes journeyworkers from the major trades listed herein, and the teamsters. Watchmen and custodial workers are not creditable in the formula.

2. Award Criteria Formula

- b. For each full one (1%) percent deficiency of minority apprentices not utilized – three cents per hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 03}}{100}$$

Each one (1%) percent deficiency toward the goal for female apprentices (Line 10) shall be calculated in the same way.

- c. For each one (1%) percent deficiency of minority laborers not utilized – one cent per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 01}}{100}$$

Each one (1%) percent deficiency toward the goal for female laborers (Line 12) shall be calculated in the same way.

- d. Liquidated damages, if any, will be calculated for the first pay requests reflecting fifty percent (50%) completion, seventy-five percent (75%) completion, and ninety percent (90%) completion, respectively, based upon the Contractor's pay request together with all attendant certified payrolls and other required documentation of minority and women employment. The accrued liquidated damages and interest will be added to the retention provided elsewhere in this contract. The amount of liquidated damages due to the Commission under this provision will bear compound interest at the rate of 5% per annum, compounded monthly from the date of the Notice to Proceed to the date of approval of a deductive change order for liquidated damages. Should the total amount of liquidated damages due under all provisions of this contract exceed the amount of the Commission's retainage, compound interest on the amount over and above the retainage will continue to accrue until the entire amount of liquidated damages and compound interest is paid to the Commission.
- e. The Commission is aware that certain subcontract agreements under this contract may require subcontractors to contribute to payment of liquidated damages assessed under this provision. Should enforcement of subcontract liquidated damages provisions result in an aggregate total of subcontractor liquidated damages greater than the liquidated damages assessed hereunder against Contractor, then Contractor must pay the excess pro rata as a bonus to each subcontractor exceeding its subcontract commitments for minority or women employment, or both.

All funds and property purchased by the Joint Venture shall be held in the name of the Joint Venture.

(b) It is contemplated that in the performance of the work under the Contract, plant and equipment owned by the parties hereto may be used. Each party agrees to rent to the Joint Venture on terms, if any, established in the Contract or on terms approved by the Joint Venture Representatives such of its plant and equipment as is available and suitable for the performance of said work and as requested by the Joint Venture Representatives. The proceeds of such plant and equipment rentals shall belong to, and be credited and paid to, the Joint Venturer furnishing such plant and equipment, and the other Joint Venturer shall have no interest in such plant, equipment, and equipment rentals and no responsibility in connection therewith. Each party shall submit a statement to the Joint Venture each month for the rental, if any, of its equipment during the preceding month. Such statement shall be in such detail as the Project Controller requires.

(c) The Joint Venture shall bear the cost relating to the equipment rented from a party including cost of operation, fuel oil and lubricants, preventive maintenance, minor repairs and minor repair parts, tires and tubes worn or damaged by careless equipment operation and by unusually rough job conditions. The party owning the equipment shall bear the cost of major repairs to and major repair parts for the equipment and of repairing or replacing tires and tubes worn or damaged by normal use of the equipment. Each owner shall fully insure the equipment at its cost and the Joint Venture shall not be responsible

for the lose of or any damage to the equipment while it is in the custody or control of the Joint Venture.

(d) Accurate and complete records of the various types of equipment purchased or rented for use in the Project shall be maintained on behalf of the Joint Venture.

18. Upon the completion of the Project, after providing for and paying (a) all costs disbursed or incurred in the performance of the Contract; (b) all other costs and charges ordinarily and usually charged as costs in the performance of the Contract; (c) any and all claims not secured by insurance; (d) proper reserves for any claims which shall have either been brought against the parties or which the parties may reasonably anticipate will be brought against them; and (e) reserves for contingencies, if any, including Contract guarantees that shall be determined by the parties in their discretion to be necessary, and after repaying all sums advanced by the parties for working capital, any profits thereafter remaining, resulting from the performance of the Contract, shall be distributed and divided equal to its proportional share between SOLLITT and BROWN & MOMEN. Any reserves, when no longer required, or so much thereof as shall remain, shall be similarly distributed. It is the intent of this Joint Venture Agreement that before the final distribution of funds is made to SOLLITT and BROWN & MOMEN, all costs and charges incurred in the performance of the contract be satisfied.

19. (a) If the performance of the Contract results in a loss, the parties shall be obligated in accordance with paragraph 9 for any such loss (irrespective of the fact that with SOLLITT or BROWN & MOMEN may have advanced more than its respective share of working capital as provided above). Such liability of SOLLITT and BROWN & MOMEN for the bearing of losses shall continue with respect to any claims which at any

time, either before or after the completion of the Contract, shall be made against them or either of them by reason of this Joint Venture or any matter or thing in connection therewith.

(b) In the event of loss:

1. If any funds remain, and both SOLLITT and BROWN & MOMEN have contributed their required proportions of working capital, then such remaining funds shall be paid to SOLLITT and BROWN & MOMEN in the amounts contributed by each, less their respective shares of the loss.
2. If both SOLLITT and BROWN & MOMEN have not contributed their required proportions of working capital, but sufficient funds are available, then such funds shall be repaid to SOLLITT and BROWN & MOMEN in the amounts contributed by each, less their respective shares of the loss.
3. If both SOLLITT and BROWN & MOMEN have not contributed their required proportions of working capital, and there are insufficient funds to accomplish the division prescribed in the preceding subdivision, and if there is a deficit in the account of one of the parties by reason of its failure to contribute its required proportion of working capital, then such defaulting party shall make up the deficit in its account. Upon its failure to do so the indemnity provisions of paragraph 9 of this Agreement shall be come operative, so as to insure that the non-defaulting party shall bear no more than its proportionate share of the loss.
4. If both SOLLITT and BROWN & MOMEN have not contributed their required proportions of working capital, and no funds remain or some

liabilities are unsatisfied, then the indemnity provisions of paragraph 9 of this Agreement shall become operative, so as to insure that neither party shall bear more than its proportionate share of the loss.

20. Upon the bankruptcy or insolvency of either SOLLITT or BROWN & MOMEN or should either party commit any act of bankruptcy or take advantage of any bankruptcy, reorganization, composition, or arrangement statute, then, from and after such date, such party (hereinafter referred to as the "insolvent party") and its Representative and Alternate, as hereinbefore referred to (anything in this Agreement to the contrary notwithstanding), shall cease to have any voice in the management of the Project and the Contract. All acts, consents, and decisions with respect to the Project and the Contract shall thereafter be taken solely by the other party, its Representative and Alternate. Notwithstanding the foregoing, the insolvent party shall remain liable for its share of any losses, and shall be entitled to receive its share of any profits, such profits to be paid at the time and in the manner provided in this Agreement.
21. The relationship between the parties shall be limited to the performance of the Contract in accordance with the terms of the Agreement. This Agreement shall be construed and deemed to be a Joint Venture for the sole purpose of carrying out the Contract. Nothing herein shall be construed to create a general partnership between the parties or to authorize either party to act as a general agent for the other party, or permit either party to bid for or to undertake any other contracts for the other party.
22. Neither this Agreement nor any interest of either of the parties herein (including any interest in moneys belonging to or which may accrue to the Joint Venture in

connection with the Contract, or any interest in the joint accounts, or in any property of any kind employed or used in connection with the Contract) may be assigned, pledged, transferred, or hypothecated, without the prior written consent of the parties hereto.

23. All moneys contributed by the parties to this Joint Venture and all moneys received as payments under the Contract or otherwise received shall be treated and regarded as, and are hereby declared to be, trust funds for the performance of the Contract and for no other purpose until the Contract shall have been fully completed and accepted by the Public Building Commission of Chicago, Illinois, and until all obligations of the parties hereto shall have been paid, otherwise discharged, or provided for by adequate reserves. Such reserves shall likewise be treated as trust funds until they shall have served the purposes for which they were created. Proper fidelity bond coverage shall be maintained on all persons who are directly connected with performance of the Contract, and the cost of such fidelity bond premiums shall be part of the construction cost.
24. Subject to the provisions of paragraph 23 this Agreement shall insure to the benefit of and shall be binding upon the respective successors and assignees of the parties hereto.
25. This Joint Venture Agreement shall be interpreted and construed in accordance with the laws of the State of Illinois.
26. All notices pertaining to this Joint Venture shall be in writing and shall be transmitted either by personal hand delivery or through the facilities of the United States Post

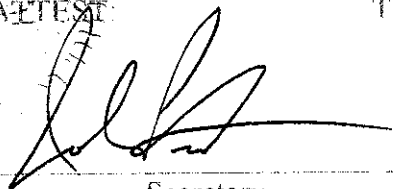

Office. The addresses set forth above for the respective parties shall be the places where notices shall be sent, unless written notices of change of address is given.

27. All disputes (other than matters of policy with respect to the performance of the Contract) shall be submitted by the parties to arbitration under the auspices of the American Arbitration Association in accordance with its rules.

28. The business address for this Joint Venture shall be: 790 North Central Avenue, Wood Dale, Illinois, 60191.

In witness whereof the parties have fully executed this Agreement on the day and year first above written.

Explanations

COOK COUNTY

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial/Decoration Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day. If in doubt, please check with IDOL.

QUESTIONS AND ANSWERS

Question 1: We are bidding the sunshade on the Elementary school and need clarification on the sunshade noted on the south exterior elevation. The detail drawing shown on page A6.7 of the shade conflict with the shade notes shown on that very page. The note the blade as 5"high, however the section view shows the shade height as 1'-0" foot. There also seems to be a detail issue with 3/A6.7 - this detail references the interior light shelf, however it appears to be the exterior shade configuration. And if it is in fact the exterior shade, it only shows a 2'-6" depth, where as the sunshade section view detailed on 6.2 / 1 shows the shade at 5'-0" deep. What are the correct components and what is the correct depth and details for the exterior shade.

PUBLIC BUILDING COMMISSION OF CHICAGO

Contract No.1472R

Belmont Cragin Area Elementary School

- Answer 1:** Please refer to **Change 27 of Addendum #1, sunshade dimensions have been clarified on sheet A6.7, the sunshade is 6" at the perimeter channel, the interior blades are 5" as was shown on the drawings. Detail 3/A6.7 is an interior light shelf as indicated.**
- Question 2:** Please clarify which type of infill panel is required for the stair railings.
- Answer 2:** **Painted wire mesh**
- Question 3:** Plans & spec's do not identify the refrigeration equipment location. Should I assume top mount, pre-charged systems? Please clarify.
- Answer 3:** **Units are self contained by specification and model number.**
- Question 4:** Ted Shikallis with Larson Equipment informed me that the amount of lockers shown on the drawings is incorrect. When Ted scaled out the area where the lockers are to be placed he came up with approximately 21' - 0". With the size of the lockers given in the specifications only 21 lockers can be placed at the specified location, not the 30 lockers which is shown on the drawings. These locations can be seen on Sheets A1.2a, A1.2b, A1.3a, and A1.3b. Please clarify.
- Answer 4:** **Please refer to Change 97 of this Addendum. The lockers in the corridors are 9" wide, the lockers in the kitchen are 12" wide. This has been corrected on sheet A9.7.**

- Question 6:** We are a certified MBE site utility and excavating contractor and we are interested in bidding the site improvement work on this project. The "Civil Sets" are marked NIC. Is the site improvement work being let through a different contract and time?
- Answer 6:** **The civil work is in two separate scopes. Sheets with a suffix of SP (C0.2 SP, etc.) are part of the Site Preparation scope which has already been let – these sheets are included for reference only. Sheets with out the SP suffix (C0.2, etc.) define the scope of civil work that is in the general contract.**
- Question 7:** Various details on the drawings show sun-shades at the type A1 and A3 windows at the south building elevation, however there are no mention of these sun-shades in the specifications. Please provide a specification section for these shades.
- Answer 7:** **Please refer to change 156 of this Addendum. Sunshades were added to spec section 05500 Metal Fabrications.**
- Question 8:** Specification section 11132 Projection Screens calls to include front projection screens as indicated. On sheet A1.2a the drawings call for a 8' projection screen, but on sheet A8.4 it shows the 8' projection screen but also states that the screen is N.I.C. Please clarify whether to provide for the projection screens or if they are not in contract. Thank you.
- Answer 8:** **The projection screens located at the Stage – Platform 1067 and the Library 3027 are within contract. All other projection screens are not in contract. All j-boxes and other provisions indicated on the drawings for projection screens are within contract even if the projection screen itself is not in the contract.**

- Answer 11:** Please follow the Architectural drawings.
- Question 12:** It was stated at the technical pre-bid that the JOC contractor will be stripping and stockpiling topsoil on site.
