Contract No.1496  
**LITTLE VILLAGE BRANCH LIBRARY**

**I. INTRODUCTION**

Thank you for your interest in bidding on this project, which is being undertaken by the Public Building Commission of Chicago. The Public Building Commission of Chicago (hereafter, the PBC, or Commission) is a municipal corporation with a statutory mandate to procure and award contracts for the construction of public buildings in the City of Chicago, and to oversee the construction of those public buildings until they are turned over to the user agency that will own and operate each new facility.

This is the first page of text of Book 1, which along with Book 2, Book 2A, Book 3, and the project drawings, comprise the PBC's construction contract. The balance of this Book 1 provides a brief description of the project, instructions for completing and submitting your bid, the bid pages, and the forms which must accompany your bid. Book 2 is the Standard Terms and Conditions of the contract. Book 2A is the Standard Terms and Conditions Procedures Manual. Book 3 is the Technical Specifications for the work to be performed on this project. The PBC's architect or engineer for the project will provide the drawings and other documents that may be necessary for you to bid on and/or perform the work. Each of the Books, along with the drawings and any other documents prepared by the PBC, its architect or engineer, are Contract Documents. Collectively, the Contract Documents comprise the Contract. The Contract Documents are defined in Section 1 of Book 2, Standard Terms and Conditions.

## III. INSTRUCTIONS FOR BIDDERS

### A. Examination of Documents By Bidder

The Bidder shall, before submitting its bid, carefully examine all Contract Documents, including but not limited to, the Project Information, Instructions to Bidders, and Execution Documents (Book 1); Standard Terms and Conditions (Book 2); Standard Terms and Conditions Procedures Manual (Book 2A) Technical Specifications (Book 3); plans; drawings; Addenda (if any); and bonds. The Bidder will be responsible for all errors in its bid resulting from failure or neglect to comply with these instructions.

### B. Interpretations of Addenda

The Commission will not furnish oral interpretations of Contract Documents, before or subsequent to the award of a contract. If an interpretation is desired by a prospective Bidder, the interpretation should be requested in a letter addressed to the PBC, attn: Janice Meeks, Senior Contract Officer, email: [janicemeeks@cityofchicago.org](mailto:janicemeeks@cityofchicago.org) or by fax 312-744-3572. Every interpretation or revision will be in the form of an addendum to the Contract Documents and, when issued, will be on file in the office of the Commission. Although all addenda will be faxed, e-mailed, or mailed to each Bidder obtaining Contract Documents, it shall be the Bidder's responsibility to inquire as to the addenda issued. All such addenda shall become part of the Contract and attached thereto and all Bidders shall be bound by such addenda, whether or not received by the Bidders.

### C. Inspection of Site

Bidder shall inspect the Site to become familiar with the conditions relating to the Work to be performed, the facilities involved, and the difficulties and restrictions attending the performance of this Contract. Failure of the Bidder to visit the Site shall not relieve or alter the Bidder's responsibility for completing the Work as required by the Contract Documents.

### D. Pre-Qualification of Bidders

1. Unless otherwise indicated in Part II "Project Information," the Commission has previously issued Request for Qualifications (RFQ) to approve the qualifications of firms to perform work on the Project. Responses to the RFQ were evaluated by the Commission on the basis of the criteria set forth in the RFQ. Notice of pre-qualification has been provided by the Commission to all firms "pre-qualified," and only firms that have received notification of pre-qualification are eligible to bid on this Contract. Pre-qualified firms are eligible to bid either as the entity that was pre-qualified or as a joint venture with another firm, provided that the pre-qualified firm has a controlling interest in the joint venture.
2. The Commission reserves the right to take such steps as it deems necessary to determine the continuing qualifications of the Bidder to adequately perform the requirements of the Contract, and the Bidder shall furnish to the Commission all information and data requested for this purpose. Failure of the Bidder to cooperate with the Commission in its investigation or submit any additional documents requested by the Commission shall be grounds for disqualification.

### E. Evidence of Continuing Qualifications of Bidder

1. The Commission reserves the right to refuse to award a Contract to any person, firm, or corporation that is in arrears or is in default to the Commission upon any debt or contract, or that is a defaulter, as surety or otherwise, upon any obligation to the Commission, or had failed to perform faithfully any previous contract with the Commission, or any of the User Agencies on whose behalf the PBC constructs public buildings.
2. The Bidder, if requested, must present within a reasonable time, as determined by the Commission, evidence satisfactory to the Commission of performance ability and possession of

**PUBLIC BUILDING COMMISSION OF CHICAGO**  
Contract No.1496  
**LITTLE VILLAGE BRANCH LIBRARY**

necessary facilities, pecuniary resources, and adequate insurance to comply with the terms of these specifications and Contract Documents.

**F. Preparation of Bid**

1. Two (2) copies of Project Information, Instructions, and Execution Documents (Book 1) shall be prepared with original signatures and notarizations wherever required.
2. All bids must be prepared on forms supplied by the Commission and shall be subject to all requirements of the Contract Documents. Unless otherwise stated, all blank spaces on the bid page or pages, applicable to the subject specification, should be correctly filled in. All bids must be regular in every respect and no interlineations, excisions or special conditions shall be made by the Bidder.
3. The Bidder's name, address, telephone and fax number should be clearly written on the front cover of each of the copies of Book 1 submitted.
4. When required by the Contract Documents, the Bidder may attach supporting documentation or additional information to the back of the form to which it refers.
5. The Commission may consider as irregular, and at its option reject, any bid on which there is an alteration of or departure from the bid form hereto attached.
6. The Bid Documents shall include the following:
  - a. Contractor's Bid Form
  - b. Bid Guarantee
  - c. Basis of Award (Award Criteria)
  - d. Unit Prices
  - e. Affidavit of Non-collusion
  - f. Schedule B - Joint Venture Affidavit with supporting documentation (if applicable)
  - g. Schedule D - Affidavit of General Contractor Regarding MBE/WBE Participation
  - h. Schedule E - Request for Waiver from MBE/WBE Participation (if applicable)
  - i. Affidavit of Uncompleted Work
7. Current versions of the following documents shall be on file at the Commission at the time of bid opening:
  - a. Financial Statement
  - b. Disclosure Affidavit
  - c. Statement of Bidder's Qualifications
8. The apparent low Bidder is required to submit a fully executed Disclosure of Retained Parties within five (5) days after bid opening.

## **PUBLIC BUILDING COMMISSION OF CHICAGO**

Contract No.1496

### **LITTLE VILLAGE BRANCH LIBRARY**

#### **G. Bid Deposit:**

1. The Bid must be accompanied by a "Bid Deposit" in the amount set forth in Part II.A. "General Project Information" to ensure:
  - a. Non-withdrawal of the bid after date and time of opening.
  - b. The furnishing of the Performance and Payment Bond and evidence of the required insurance coverage by the successful Bidder as required by the Contract Documents.
2. The guarantee shall be made by bid bond, certified check or cashier's check payable to the order of the Public Building Commission of Chicago. No bid will be considered unless it is accompanied by the required guarantee. Cash deposits will not be accepted.
3. The bid bonds, certified checks, or cashier's checks of unsuccessful Bidders will be returned as soon as practicable after the opening of the bids; however, the deposits of the three (3) lowest Bidders shall be retained until the Commission awards the Contract to one of them, or for any reason rejects all bids.

#### **H. Bidder's Execution of Bid**

1. The Bidder must execute the Bid in two (2) original counterparts.
2. Bids must be submitted with original signatures in the space provided on the appropriate Part II.B. "Acceptance of the Bid." Bids not properly signed shall be rejected.
3. If Bidder is a corporation, the President and Secretary must execute the bid. In the event that this bid is executed by other than the President, attach hereto a certified copy of that section of the Corporate By-Laws or other authorization by the Corporation that permits the person to execute the offer for said corporation.
4. If Bidder is a partnership, all partners must execute the bid, unless one partner has been authorized to sign for the partnership, in which case, evidence of such authority satisfactory to the Commission must be submitted.
5. If Bidder is a sole proprietorship, the sole proprietor must execute the bid.
6. A "Partnership," "Joint Venture," or "Sole Proprietorship" operating under an Assumed Name must be registered with the Illinois county in which it is located, as provided in 805 ILCS 405 (1992).

#### **I. Affidavit of Non-Collusion**

Each Bidder shall fully execute an affidavit, in the form provided, to the effect that the Bidder has not colluded with any other person, firm, or corporation in regard to any bid submitted. Such affidavit shall be attached to the bid.

#### **J. MBE and WBE Commitments**

Each Bidder shall submit with its Bid a completed Schedule D-Affidavit of General Contractor regarding MWBE Participation and Schedule B- Affidavit of Joint Venture (if applicable) as found in Book 2 Section 23.05a (2, 3, 4) describing the extent to which Minority Business Enterprise (MBE) and Women Business Enterprise (WBE) firms will participate in the Contract.

The apparent low bidder must provide complete Schedule C- Letter of Intent from MWBE to Perform as a Subcontractor, Subconsultant, or Material Supplier, including current certification letter for each MBE and WBE firm included in its bid within 5 Days of the date set for bid opening.

**PUBLIC BUILDING COMMISSION OF CHICAGO**

Contract No. 1496

**LITTLE VILLAGE BRANCH LIBRARY**

**K. Local Business Subcontracting Participation and Community Hiring**

In order to ensure that local businesses that provide subcontracting work to general contractors on Commission projects and residents of the project communities are provided with the opportunity to benefit from Commission contracts, the Commission requires the following:

1. **Local Subcontracting Requirement**
  - a. General contractors that are Local Businesses (as defined below) are required to award 25% of the Work under their contract with the Commission to subcontractors that are Local Businesses.
  - b. General contractors that are not Local Businesses are required to award 35% of the Work under their contract with the Commission to subcontractors that are Local Businesses.
  - c. A Local Business is one that: 1) owns or leases a functioning business office and/or operations facilities within the City of Chicago (for City-funded projects) or the County of Cook (for Non-City-funded projects); 2) is registered and licensed to do business in the City of Chicago (for City-funded projects) or the County of Cook (for Non-City-funded projects); 3) employs City of Chicago residents (for City-funded projects) or Cook County residents (for Non-City-funded projects); and 4) is subject to City of Chicago taxes (for City-funded projects) or Cook County taxes (for Non-City-funded projects). In the event that the Commission performs a project for a unit of local government that operates in multiple municipalities, such as the Metropolitan Water Reclamation District, "Local Business" shall be defined in the bid documents for that project. The source of funding for the project is identified in Section II.A.18 above.
2. **Community Residents Requirements.** At least 7.5% of the project labor must be performed by residents of the Project Community as defined in the Contract documents.
  - a. Two-thirds of the 7.5% (or 5%) of the aggregate hours of Work to be performed by Contractor and Subcontractors under this Contract may be complied with through new hires or current employees of the Contractor who are construction trade workers and residents of the Project Community.
  - b. One-third of the 7.5% (or 2.5%) of the aggregate hours of Work to be performed by the Contractor and Subcontractors under this Contract must be new hires who are residents of the Project Community and may be comprised of construction trade workers or jobsite support positions, including, but not limited to, security, data entry clerks, schedulers, traffic monitoring personnel, field engineer, superintendent, project manager and site administrative support staff.

**L. Affidavit of Uncompleted Work**

The Bidder is required to submit a fully executed Affidavit of Uncompleted Work, which declares, among other things, the value and estimated completion date of all uncompleted contracts to be completed with Bidder's own forces and to be subcontracted to others. Such affidavit shall be attached to the bid on the form provided.

**PUBLIC BUILDING COMMISSION OF CHICAGO**

Contract No. 1496

**LITTLE VILLAGE BRANCH LIBRARY**

**M. Bidder's Financial Statement**

Each Bidder shall have on file in the office of the Commission at the time of bid opening a financial statement dated not earlier than the end of said Bidder's last fiscal year period. This will be kept on file by the Commission as a representative statement for a period of one year only. If a Bidder does not have such statement on file, it must submit a copy with its bid. Failure to have a current financial statement on file at the Commission at time of bid opening may be cause for the rejection of the Contractor's Bid.

**N. Disclosure Affidavit**

Each Bidder shall have on file in the office of the Commission at the time of bid opening a fully executed Disclosure Affidavit.

**O. Statement of Bidder's Qualifications**

Each Bidder shall have on file in the office of the Commission at the time of bid opening a fully executed Statement of Bidder's Qualifications or a Qualification Submittal in response to a Request for Qualifications (RFQ). The Commission reserves the right to request additional information regarding the capability of the Bidder to perform the Contract.

**P. Disclosure of Retained Parties**

The apparent low Bidder and the apparent 2<sup>nd</sup> low bidder shall submit a fully-executed Disclosure of Retained Parties pursuant to the instructions on the document within five (5) days of receipt of notice to provide such Disclosure.

**Q. Submission of Bid**

1. Two (2) copies of all bid documents with original signatures shall be enclosed in two (2) envelopes each (outer and inner), both of which shall be sealed and clearly labeled with "BID DOCUMENTS," the Contract number, name of Bidder, and date and time of opening.
2. Bids received prior to the advertised hour of opening will be securely kept by the Commission.
3. Written modifications of bids will be considered only if received prior to the time stated for receipt of Proposals. Such modifications must be submitted in a sealed envelope and marked in the same manner as a bid. IN ADDITION, the envelope must state "BID MODIFICATIONS TO SEALED PROPOSAL" on the lower left-hand corner of the envelope in which the bid modification is enclosed, so that the modification will be recognized to prevent its being opened prior to scheduled public opening of bids. Telephonic or oral modifications will not be considered. Bidders are cautioned that modifications which are not explicit and which are in any sense subject to misinterpretation shall make the bid so modified or amended subject to rejection.

**R. Withdrawal of Bids before Bid Opening**

Any Bidder may withdraw its bid by letter, facsimile, e-mail request, or by personally securing, with proper identification, the submitted bid proposal at any time prior to the time fixed for opening of bids. A telephonic request to withdraw a bid will not be considered.

**S. Opening of Bids**

## PUBLIC BUILDING COMMISSION OF CHICAGO

Contract No.1496

### LITTLE VILLAGE BRANCH LIBRARY

At the time and place fixed for the opening of bids, the Commission will cause to be opened and publicly read aloud every bid received within the time set for receiving bids irrespective of any irregularities therein. Bidders and other persons properly interested may be present in person or by representative.

#### T. Evaluation of Bids

1. The Commission reserves the right to check all calculations and to correct all extensions in case of error in order to determine the correct amount of the Total Base Bid and/or the total amount of any other schedule required.
2. Along with reviewing the calculations of each bid, the Commission will evaluate each Bidder's responsiveness to all Bid requirements and responsibility.
3. The Commission may require that the apparent low bidder and any other bidder submit a breakdown of their bids by CSI Division or other appropriate basis. The Commission may also require the apparent low bidder or any other bidder to attend a pre-award meeting to review their bids in detail.

#### U. Basis of Award

Award will be made to the responsible Bidder submitting the lowest Award Criteria and otherwise responsive to all the requirements of the Contract Documents.

#### V. Performance and Payment Bond and Insurance

1. Each Bidder shall furnish proof of its ability to provide the bonds and insurance required by the Contract with its bid. With respect to the payment and performance bonds, a letter from the Bidder's surety affirming the surety's willingness to provide the Bidder's bonds is sufficient. With respect to the insurance, either a letter from the Bidder's insurer, or a certificate showing that the Bidder currently possesses the required coverage, is sufficient.
2. The insurance requirements for this project are as follows: The Contractor must provide and maintain at Contractor's own expense, the minimum insurance coverage and requirements specified below, insuring all operations related to the Contract. The insurance must remain in effect from: the date of the notice to proceed until Substantial Completion of the project, during completion of Punch List, as well as any time Contractor returns to perform additional work regarding warranties or for any other purpose.
  - a) Insurance To Be Provided By the Contractor  
The insurance requirements are attached as Exhibit 2.
3. Upon approval by the Commission to award, and within five (5) days after being given notice, the successful Bidder must execute and deliver to the Commission the Performance and Payment Bond in the form included in the Contract Documents, and evidence of the required insurance coverage.
4. The Performance and Payment Bond shall be in the form provided herein, in the full amount of the Base Contract Price and shall be security for the faithful performance of the Contract and payment of all persons, firms, or corporations to whom the Contractor may become legally indebted for labor, material, facilities or services of any nature, employed or used by it in performing the Work. The current power of attorney for the persons who sign for any surety company shall be attached to such bond. Such power of attorney shall be sealed and certified with a "first hand signature" by an officer of the surety. A facsimile signature will not be accepted by the Commission. The Commission reserves the right to approve the surety company.

## PUBLIC BUILDING COMMISSION OF CHICAGO

Contract No. 1496

### LITTLE VILLAGE BRANCH LIBRARY

5. The failure of the successful Bidder to supply the required Performance and Payment Bond or evidence of the required insurance coverage within five (5) days of notice, or within such extended period as the Commission may grant based upon reasons determined sufficient by the Commission, shall constitute a default and the Commission may either award the Contract to the next lowest responsible bidder or re-advertise for bids. The difference between the amount of its bid and the amount for which a contract for the work is subsequently executed may be charged against the Bidder, irrespective of whether the amount thus due exceeds the amount of the bid security. If a more favorable bid is received by re-advertising, the defaulting Bidder shall have no claim against the Commission for a refund. Because of the difficulty of ascertaining the damage caused to the Commission, such sum shall be considered liquidated damages and shall not constitute a penalty. The election by the Commission to grant an extension to the period allowed for the bidder to provide an acceptable performance and payment bond and/or evidence of insurance coverage shall not entitle the bidder to an extension of time required to complete the Work.

#### X. Protests

1. The bidder shall submit any protests or claims regarding this solicitation to the office of the Commission's Executive Director. A pre-bid protest must be filed five (5) days before the bid opening date, a pre-award protest must be filed no later than ten (10) days after the bid opening date, and a post-award protest must be filed no later than ten (10) days after the award of the Contract.
2. All protests or claims must set forth the name and address of the protester, the contract number, the grounds for the protest or claim, and the course of action that the protesting party desires that the Executive Director take.

#### Y. Licensing

In addition to all other applicable licenses and certifications, the general contractor is required to submit a copy of its (Class A) General Contractor License issued by the Department of Buildings of the City of Chicago.

#### Z. Award Of Contract; Rejection Of Bids

1. The Contract will be awarded to the responsive, responsible Bidder submitting the lowest Award Criteria Figure, as defined herein, complying with all conditions set forth in the Contract Documents.
2. The Bidder agrees that its bid shall be in effect until midnight, Tuesday, November 17, 2009 and that the bid may not be withdrawn until that time.
3. The Bidder to whom the award is made will be notified as soon as practicable after the Commission approves award of the Contract. This written notification constitutes the Notice of Award and acceptance of the bid submitted.
4. If written notice of the acceptance of this Bid is mailed, faxed, e-mailed or otherwise delivered to the undersigned within the time noted herein, or at any time thereafter before this Bid is withdrawn, the undersigned agrees to enter into a Contract with the Public Building Commission of Chicago with the Bid as accepted. The undersigned agrees to give a Performance and Payment Bond as specified in the Contract Documents, with good and sufficient surety or sureties, and to furnish the required insurance, all within five (5) days after given Notice of Award.
5. Upon award of Contract, the Commission will process the Contract for final execution.
6. The Commission reserves the right to reject any and all bids and to waive any informality in bids received whenever it determines such rejection or waiver is in its interest.

Further, the Contractor, having inspected the Site and become familiar with the conditions affecting the cost of the Work and with the requirements of the Contract, hereby proposes to furnish all labor, necessary tools, materials and other work necessary to perform and complete in a workmanlike manner the TYPE OF WORK for PROJECT located at the Site designated as required by and in strict accordance with the Contract Documents for the Base Contract Price listed on the next page.

The agreement between the parties includes not only this instrument, but also the remaining Contract Documents as described in the Standard Terms and Conditions, and all of which shall be binding on the parties hereto.

Time is of the essence of this Contract. The Contractor agrees that it will commence the performance of the Work on the date set forth in the Notice to Proceed issued by the Commission and that it will complete the Work within the time set forth in Part II "Project Information."

The Base Contract Price listed below, as adjusted from time to time pursuant to the Contract Documents, shall be full compensation to the Contractor for having well and faithfully completed the Work, free and clear of all claims, liens, and charges whatsoever, of any kind or nature, and in full compliance with the Contract.

\* Payment for the Work will be made in the manner set forth in Book 2 the Standard Terms and Conditions.

The Contractor warrants that it has not employed any person to solicit or secure this Contract upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Commission the right to terminate the Contract, or, at its discretion, to deduct from the Contract Price or consideration the amount of such commission, percentage, brokerage, or contingent fees. This warranty shall not apply to any commission payable by the Contractor upon contracts or sales secured or made through bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

The Contractor, being duly sworn, deposes and says on oath that no disclosures of ownership interests have been withheld; the information provided therein to the best of its knowledge is current; and the undersigned proposes to furnish the insurance and the Performance and Payment Bond required by the Contract Documents.

Contract No. 1496  
**LITTLE VILLAGE BRANCH LIBRARY**

**V. PROPOSAL SUPPORT DOCUMENTS**

**A. Basis of Award (Award Criteria)**

To promote the intended goal of economic opportunity and maximize the use of minority personnel on this project, the Public Building Commission of Chicago has established the Award Criteria formula for the purpose of evaluating proposals and awarding the contract. A contract in the amount of the total Base Bid or Base Contract Price will be awarded to the responsible bidder with the lowest Award Criteria Figure. The Public Building Commission of Chicago reserves the right to check all calculations for accuracy. The fulfillment of the Award Criteria does not abrogate the responsibilities of the Contractor to comply with federal and state requirements under the *Equal Employment Act* and the *Illinois Human Rights Act*.

**1. Instructions**

The Bidder shall complete the Award Criteria Formula and transfer the final Award Criteria Figure - Line 15 to the space provided on the itemized proposal sheet. Failure to complete the formula may be cause for rejection of the Bidder's proposal. The successful bidder will be held responsible for adhering to the figures submitted in Lines 1, 2, 4, 6, 8, 10 and 12 during construction of the project.

Lines 2, 4 and 6 in the formula shall not be greater than fifty percent (50%) in each category for the sole purpose of determining award of the contract. Similarly, lines 8, 10 and 12 shall not be greater than ten (10%) percent in each category for the purpose of award criteria only. The fifty percent (50%) and ten percent (10%) goals are not intended to restrict the total number of minority and female employees to be used on the project, but only to establish limiting figures for use in the formula. Journeyworker includes journeyworkers from the major trades listed herein, including, without limitation, journeyworkers engaged in steel fabrication, and the truck drivers. Watchmen and custodial workers are not creditable in the formula.

**2. Award Criteria Formula**

Line 1.	Base Bid, in figures	See Total Base Bid on Page 14
Line 2.	Percentage of the Journeyworkers hours that the Contractor proposes to be worked by minority Journeyworkers during construction of the project. (Maximum figure 0.50)	.45
Line 3.	Multiply Line 2 by Line 1 by 0.04	
Line 4.	Percentage of total Apprentice hours that the Contractor proposes to be worked by minority Apprentices during construction of the project. (Maximum figure 0.50)	.50
Line 5.	Multiply Line 4 by Line 1 by 0.03	
Line 6.	Percentage of the total Laborer hours that the Contractor proposes to be worked by minority Laborers during construction of the project. (Maximum figure 0.50)	.50
Line 7.	Multiply Line 6 by Line 1 by 0.01	
Line 8.	Percentage of total Journeyworker hours that the Contractor proposes to be worked by female Journeyworkers during the construction of the project. (Maximum figure 0.10)	-0-
Line 9.	Multiply Line 8 by Line 1 by 0.04	
Line 10.	Percentage of total Apprentice hours that the Contractor proposes to be worked by female Apprentices during construction of the project.	.10

- Line 11. Multiply Line 10 by Line 1 by 0.03 \_\_\_\_\_
- Line 12. Percentage of the total Laborer hours that the Contractor proposes to be worked by female Laborers during construction of the project. (Maximum figure 0.10) 0-.05 HAS
- Line 13. Multiply Line 12 by Line 1 by 0.01 \_\_\_\_\_
- Line 14. Summation of Lines 3, 5, 7, 9, 11, and 13 \_\_\_\_\_
- Line 15. Subtract Line 14 from Line 1 (= "Award Criteria Figure") \_\_\_\_\_

Award Criteria Figure (Insert Line 15 of Award Criteria Formula): \$ See Award Criteria Figure on Page 14

**3. Community Hiring Bonuses**

In order to encourage maximum employment of interested and available residents of the project community on this project, the following bonus calculations shall apply:

- a. In calculating the hours worked by minority and women journeymen, apprentices, and laborers under the Award Criteria set out in Part V.A. "Basis of Award (Award Criteria)," all hours worked by minority and women journeymen, existing apprentices, and laborers who are residents of the project community shall be multiplied by 1.5.
- b. In calculating the hours worked by minority and women apprentices under the Award Criteria set out in Part V "Proposal Support Documents," all hours worked in new apprenticeships by minority and women apprentices who are residents of the project community shall be multiplied by 2.0.

**Definitions**

"Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed, and permanent home and principal establishment.

"Residents of the project community" shall mean persons domiciled within the project area as stated in Section II.A.6., above.

"New Apprenticeship" shall mean an apprenticeship begun for a person who has not held an apprenticeship card within ninety (90) days prior to beginning the project.

**4. Liquidated Damages**

The Contractor hereby consents and agrees that, in the event that it fails to comply with each of the minimum commitments submitted with this Proposal on Lines 2, 4, 6, 8, 10, and 12 of the Award Criteria Formula, covering minority and female Journeymen, apprentices, and laborers respectively, the following shall apply.

If the total hours in any category for which a percentage is assigned in Lines 2, 4, 6, 8, 10, or 12 of the Award Criteria equals zero at the completion of the work, then a net deficiency of the entire percentage assigned will be deemed to exist. For any net deficiency in each category, the following amounts shall be deducted as liquidated damages from monies due the Contractor and the Contract Sum modified accordingly:

- a. For each full one (1%) percent deficiency of minority Journeymen not utilized -- four cents per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1} \times 04}{100}$$

**PUBLIC BUILDING COMMISSION OF CHICAGO**  
Contract No. 1496  
**LITTLE VILLAGE BRANCH LIBRARY**

Each one (1%) percent deficiency toward the goal for female Journeyworkers (Line 8) shall be calculated in the same way.

- b. For each full one (1%) percent deficiency of minority apprentices not utilized – three cents per hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 03}}{100}$$

Each one (1%) percent deficiency toward the goal for female apprentices (Line 10) shall be calculated in the same way.

- c. For each one (1%) percent deficiency of minority laborers not utilized – one cent per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 01}}{100}$$

Each one (1%) percent deficiency toward the goal for female laborers (Line 12) shall be calculated in the same way.

- d. Liquidated damages, if any, will be calculated for the first pay requests reflecting fifty percent (50%) completion, seventy-five percent (75%) completion, and ninety percent (90%) completion, respectively, based upon the Contractor's pay request together with all attendant certified payrolls and other required documentation of minority and women employment. The accrued liquidated damages and interest will be added to the retention provided elsewhere in this contract. The amount of liquidated damages due to the Commission under this provision will bear compound interest at the rate of 5% per annum, compounded monthly from the date of the Notice to Proceed to the date of approval of a deductive change order for liquidated damages. Should the total amount of liquidated damages due under all provisions of this contract exceed the amount of the Commission's retainage, compound interest on the amount over and above the retainage will continue to accrue until the entire amount of liquidated damages and compound interest is paid to the Commission.
- e. The Commission is aware that certain subcontract agreements under this contract may require subcontractors to contribute to payment of liquidated damages assessed under this provision. Should enforcement of subcontract liquidated damages provisions result in an aggregate total of subcontractor liquidated damages greater than the liquidated damages assessed hereunder against Contractor, then Contractor must pay the excess pro rata as a bonus to each subcontractor exceeding its subcontract commitments for minority or women employment, or both.

**5. Reporting**

In accordance with this commitment, the Contractor must submit both the Contractor's Payroll Record Form and the Contractor's Recapitulation of Minority and Female Worker Hours and Percentages Form on a monthly basis. All Subcontractors including, without limitation, steel fabrication Subcontractors, shall be listed on the Contractor's Recapitulation Form whether active or not. For the purpose of this report, the following group categories will be used:

- a. The classification "White" includes person of Indo-European descent.
- b. The classification "Black" or "African-American" includes persons having origins in any of the black racial groups of Africa.
- c. The classification "Hispanic" includes persons whose origins are from Mexico, Puerto Rico, Cuba, Central or South America, the Caribbean Islands or other Spanish culture or origin, regardless of race.

**PUBLIC BUILDING COMMISSION OF CHICAGO**  
Contract No.1496  
**LITTLE VILLAGE BRANCH LIBRARY**

- d. The classification "Native American" includes persons who are Native Americans by virtue of tribal association.
- e. The classification "Asian-Pacific" includes persons whose origins are from East Asia, Southeast Asia, the Pacific Islands or the Indian sub-continent.
- f. The classification "Other" includes qualified individuals with disabilities who meet legitimate skill, experience, education or other requirements of employment positions held or sought and who perform the essential function with or without reasonable accommodation and other groups or other individuals found by the Public Building Commission of Chicago to be socially and economically disadvantaged and to have suffered actual racial or ethnic discrimination and decreased opportunities to compete in Chicago area markets.

Dear Ms. Kramer:

Congratulations on your continued eligibility for certification as a **WBE** by the City of Chicago. This **WBE** certification is valid until **October 2012**; however your firm must be re-validated annually. Your firm's next annual validation is required by **October 1, 2010**.

As a condition of continued certification during this five year period, you must file a No-Change Affidavit **within 60 days prior** to the date of expiration. Failure to file this Affidavit will result in the termination of your certification. **Please note that you must include a copy of your most current Federal Corporate Tax Return.** You must also notify the City of Chicago of any changes in ownership or control of your firm or any other matters or facts affecting your firm's eligibility for certification.

The City may commence action to remove your firm's eligibility if you fail to notify us of any changes of facts affecting your firm's certification or if your firm otherwise fails to cooperate with the City in any inquiry or investigation. Removal of eligibility procedures may also be commenced if your firm is found to be involved in bidding or contractual irregularities.

Your firm's name will be listed in the City's Directory of Minority Business Enterprises and Women Business Enterprises in the specialty area(s) of:

#### Distributor of Electrical Material

Your firm's participation on City contracts will be credited only toward **WBE** goals in your area(s) of specialty. While your participation on City contracts is not limited to your specialty, credit toward **WBE** goals will be given only for work done in the specialty category.

Thank you for your continued interest in the City's Minority and Women Business Enterprise Programs.

Sincerely,

COOK COUNTY

TRUCK DRIVERS (WEST) - ,That part of the county West of Barrington Road.

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial/Decoration Day, Fourth of July, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day.

**Other Classifications of Work:**

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If a task to be performed is not subject to one of the classifications of pay set out, the Department will upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. If no neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 217-782-1710 for wage rates or clarifications.

**LANDSCAPING**

Landscaping work falls under the existing classifications for laborer, operating engineer and truck driver. The work performed by landscape plantsman and landscape laborer is covered by the existing classification of laborer. The work performed by landscape operators (regardless of equipment used or its size) is covered by the classifications of operating engineer. The work performed by landscape truck drivers (regardless of size of truck driven) is covered by the classifications of truck driver.

**2) Commercial General Liability (Primary and Umbrella)**

Commercial General Liability Insurance or equivalent with limits of not less than \$5,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverage must include the following: All premises and operations, products/completed operations (for minimum of two (2) years following project completion), explosion, collapse, underground, separation of insureds, defense, and contractual liability with no limitation endorsement. The Public Building Commission and the City of Chicago are to be named as additional insureds on a primary, non-contributory basis for any liability arising directly or indirectly from the work, including the two year completed operations periods.

Subcontractors performing work for Contractor must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

**3) Automobile Liability (Primary and Umbrella)**

When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Contractor must provide Automobile Liability Insurance, with limits of not less than \$2,000,000 per occurrence for bodily injury and property damage. The Public Building Commission and the City of Chicago are to be named as additional insureds on a primary, non-contributory basis.

Subcontractors performing work for Contractor must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein

**4) Contractors Pollution Liability**

When any work is performed which may cause a pollution exposure, Contractors Pollution Liability must be provided covering bodily injury, property damage and other losses caused by pollution conditions that arise from the Contract scope of services with limits of not less than \$1,000,000 per occurrence. When policies are renewed or replaced, the policy retroactive date must coincide with or precede, start of work on the Contract. A claims-made policy, which is not renewed or replaced,

**PUBLIC BUILDING COMMISSION OF CHICAGO**  
Contract No. 1496  
**LITTLE VILLAGE BRANCH LIBRARY**

must have an extended reporting period of two (2) years. The Public Building Commission and City of Chicago are to be named as additional insureds on a primary, non-contributory basis.

5) **Professional Liability**

When any architects, engineers, construction managers or other professional consultants perform work in connection with this Contract, Professional Liability Insurance covering acts, errors, or omissions must be maintained with limits of not less than \$1,000,000. When policies are renewed or replaced, the policy retroactive date must coincide with, or precede, start of work on the Contract. Coverage must be maintained for two years after Substantial Completion. A claims-made policy, which is not renewed or replaced, must have an extended reporting period of two (2) years.

6) **Builders Risk**

When Contractor undertakes any construction, including improvements, betterments, and/or repairs, the Contractor must provide All Risk Builders Risk Insurance at replacement cost for materials, supplies, equipment, machinery and fixtures that are or will be part of the permanent facility. Coverage must include but are not limited to the following: right to partial occupancy, collapse, water including overflow, leakage, sewer backup, or seepage, damage to adjoining or existing property, debris removal, scaffolding, false work, fences, and temporary structures, faulty workmanship or materials, and equipment stored off site or in transit. The Public Building Commission and the City of Chicago must be named as additional insureds and loss payees

The Contractor is responsible for all loss or damage to Public Building Commission and/or City of Chicago property at full replacement cost. The Contractor is responsible for all loss or damage to personal property including but not limited to materials, equipment, tools, and supplies owned, rented, or used by Contractor.

**B. ADDITIONAL REQUIREMENTS**

Contractor must furnish the Public Building Commission Procurement Department, Richard J. Daley Center, Room 200, Chicago, IL 60602, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Contract, and Renewal Certificates of Insurance, or such similar evidence, if any insurance policy has an expiration or renewal date occurring during the term of this Contract. The Contractor must submit evidence of insurance to the Public Building Commission prior to Contract award. The receipt of any certificate does not constitute agreement by the Commission that the insurance requirements in the Contract have been fully met or that the insurance policies indicated on the certificate are in compliance with all Contract requirements. The failure of the Commission to obtain certificates or other insurance evidence from Contractor is not a waiver by the Commission of any requirements for the Contractor to obtain and maintain the specified insurance. The Contractor will advise all insurers of the Contract provisions regarding insurance. Non-conforming insurance does not relieve Contractor of the obligation to provide insurance as specified in this contract. Nonfulfillment of the insurance conditions may constitute a breach of the Contract, and the Commission retains the right to stop work until proper evidence of insurance is provided, or the Contract may be terminated from the Contractor and/or its subcontractors at any time upon written request.

The insurance must provide for 60 days prior written notice to be given to the Commission in the event coverage is substantially changed, canceled, or non-renewed.

**PUBLIC BUILDING COMMISSION OF CHICAGO**  
Contract No. 1496  
**LITTLE VILLAGE BRANCH LIBRARY**

The Commission reserves the right to obtain copies of insurance policies and records

Any deductibles or self-insured retentions on referenced insurance must be borne by Contractor.

The Contractor waives and agrees to cause all their insurers to waive their rights of subrogation against the Public Building Commission and the City of Chicago, their respective Board members, employees, elected officials, officers, or representatives.

The insurance coverage and limits furnished by Contractor in no way limit the Contractor's liabilities and responsibilities specified within the Contract or by law.

Any insurance or self-insurance programs maintained by the Public Building Commission and the City of Chicago will not contribute with insurance provided by the Contractor under the Contract.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Contract or any limitation placed on the indemnity in this Contract given as a matter of law.

If contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a named insured.

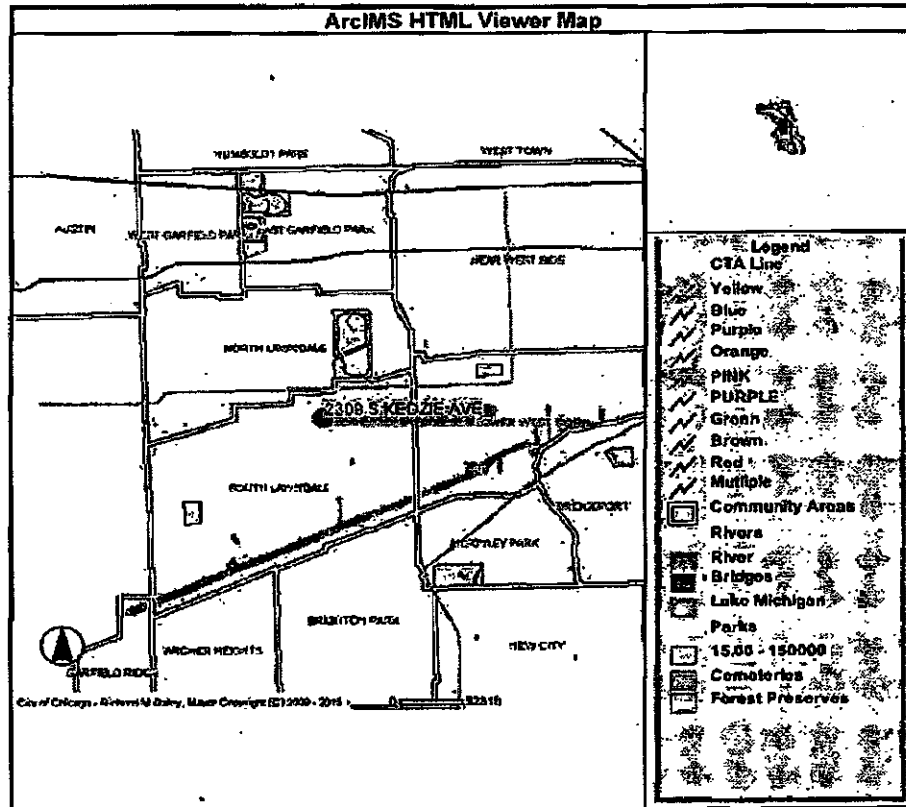

The Contractor must require all subcontractors to provide the insurance required herein, or Contractor may provide the insurance for subcontractors. All subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Contract.

If Contractor or subcontractor desires additional coverage, the party desiring the additional coverage is responsible for the acquisition and cost

The Public Building Commission maintains the rights to modify, delete, alter or change these requirements.

## **JOINT VENTURE AGREEMENT**

This Agreement made and executed this 5th day of November, 2009, by and between THE GEORGE SOLLITT CONSTRUCTION COMPANY, an Illinois corporation, having its principal place of business at 790 N. Central Ave., Wood Dale, Illinois 60191, hereinafter sometimes referred to as "SOLLITT" and OAKLEY CONSTRUCTION COMPANY, Inc., an Illinois corporation, having its principal place of business at 7815-19 S. Claremont Ave., Chicago, Illinois 60620-5812, hereinafter sometimes referred to as "OAKLEY".

### **WHEREAS:**

- A. The Public Building Commission of Chicago, Illinois, has invited bids for the construction of the Little Village Branch Library – Contract No. 1496, such contract together with related documents, change orders, and supplemental agreements being hereinafter referred to as the "Contract", and the project and work there under is hereinafter referred to as the "Project", and
- B. SOLLITT and OAKLEY intend by this Agreement (i) to constitute themselves as a Joint Venture, to submit a joint bid for the performance of the Contract and if the Contract is awarded to the Joint Venture to perform the Contract and (ii) to set forth their respective rights and obligations as to: The submission of the bid, rendering service and the work to be done in the performance of the Contract are to be shared or borne and all other matters pertaining the Joint Venture. Therefore, the parties agree as follows:
  - 1. The parties hereby declare and acknowledge themselves to be a Joint Venture and the Joint Venture shall sometimes be known as the "Sollitt/Oakley Joint Venture", but is in this Agreement referred to as the "Joint Venture". The sole and exclusive purpose of the

Joint Venture shall be to submit a bid for the performance of the Contract and if the Contract is awarded to the Joint Venture, to perform the Contract. The Joint Venture and this Agreement shall terminate (a) if the parties do not agree on the terms of the bid; or (b) if the Contract is not awarded to the Joint Venture; or (c) when the Contract has been fully completed including completion of Contract guarantees and the accounts are settled between the parties in accordance with the terms hereof. This Agreement shall not limit either party from engaging in other business for its own account, but each party will have no responsibility for contracts or business entered into by the other party for its own account and not a part of this Joint Venture.

2. The parties shall prepare, execute and submit a bid for the performance of the Contract in an amount and on terms mutually agreed upon prior to its submission. The bids shall be made in the joint names of the parties. No bid shall be filed in the joint names of the parties unless: (a) the necessary commitments for Performance and Payment Bonds have been obtained in advance of the bid; (b) proper arrangements have been made for submission of a Bid Bond in accordance with bidding requirements including any additives, the same to be filed with the bid as required by the bidding documents; and (c) the prices to be inserted in the bidding documents have been agreed upon by the parties.
3. At any time prior to the actual submission of the bid either party upon giving prior written notice to the other may withdraw from the Joint Venture and be under no further obligation hereunder. In such event either party may submit a bid alone or with others without any obligation to the withdrawing or other party.

4. Any negotiations between the parties and the Public Building Commission of Chicago, or between the parties and the sureties, if any, subsequent to the submission of the bid but prior to the award of the Contract shall be conducted by the parties jointly.
5. All costs in connection with the bidding up to the date of award of the Contract shall be the individual charge of the party incurring the same and shall not be considered a cost of the Project.
6. If awarded the Contract, and only then, the further rights and obligations of the parties arising out of this Joint Venture shall be as set forth in the following Paragraphs 8 to 30.
7. Each party agrees that it shall use its best efforts to cause the Project to be fully performed, in a timely manner and in accordance with the intent of this Joint Venture Agreement. The parties shall furnish such assets, services, and personnel of their respective corporations in the performance of the Contract as may be requested by the parties, each party further expressly agrees that it shall contribute and make available to the Joint Venture in the performance of the Contract its best skills, experience, and know-how so far as practicable.
8. Each party shall have an undivided interest in the Joint Venture, shall contribute all necessary working capital and shall participate in its net gains and profits and share in its losses and liabilities in the proportion set opposite its name in the next succeeding sentence. In addition, the interest of the parties hereto in and to the Contract, and in and to any and all property and equipment acquired in connection with the performance thereof (except as hereinafter provided) and in and to any and all moneys which may be derived from the performance thereof, and the obligations and liabilities of each of the parties hereto as between themselves in connection with the Contract and with respect to

any and all liabilities, costs and expenses in connection therewith, shall be in the following proportions, viz.:

	<u>Percentages</u>
SOLLITT	75%
OAKLEY	25%

Each party shall have a voice equal to its proportional share in the determination of any matter involving the business of the Joint Venture until and unless Paragraph 22 hereof should become applicable. Each party does hereby agree to indemnify the other against any loss or liability exceeding the proportions, hereinabove stated, for whatever reason, including any payments required to be made in, and about, the performance of the Contract.

It is agreed by both parties that Sollitt and Oakley are to act in their respective capacities as general contractors for separate, distinct and complimentary portions of the work which taken together will constitute the total work to be performed by the Joint Venture under the Contract. Accordingly, it is agreed by both parties that a subcontract for an amount not less than 25% of the value of the Contract shall be issued to Oakley Construction for general work under the Contract. Serving as a General Contractor, the general work to be performed by Oakley Construction shall include, but is not limited by, masonry work, carpentry and miscellaneous general trades. Specific contributions of equipment to be provided by Oakley shall include, but is not limited by, gang boxes,

power tools, rubbish boxes, and other miscellaneous tools and equipment, which may be required to complete the above listed Contract scope of work. Oakley shall provide personnel to supervise, manage and control its Contract scope of work by providing the services of a project superintendent and assistant project manager, as well as other operative personnel as may be required. In addition, utilizing appropriate construction trade workers, Oakley will self-perform carpentry work including furnishing and installing hollow metal and wood doors. Like wise, it is agreed that the balance of the Contract value and remaining scope of project general work shall be subcontracted to The George Sollitt Construction Company. The subcontracted work shall be performed on behalf of the Joint Venture partnership and taken together shall constitute the total work under the Contract.

9. (a) All necessary working capital, when and as required for the prosecution of the Contract, shall be furnished by SOLLITT and OAKLEY in proportion to its equity share. A bank account shall be opened in such bank and under such names as the parties may determine, in which all the funds advanced hereunder for the performance of the Contract as well as the funds received on account thereof shall be deposited. Withdrawals shall be made from such bank account in such manner and in such form as SOLLITT and OAKLEY from time to time direct and by signatories designated by them.
- (b) Within five days after the award of the Contract to the Joint Venture, SOLLITT and OAKLEY shall proportionally advance and pay into such bank account the initial sum of (\$5,000.00). All additional capital required under the Contract for the Project shall be determined as follows: Within ten days after both of the parties determine that any additional sums are required for the performance of the Contract, both parties shall

deposit in such bank account such proportional amounts as shall be designated by the parties.

(c) In the event either party hereto is unable or fails or neglects to advance or contribute its proportionate share of the working capital required in the performance of the Contract, then the other party may, but need not, advance such deficiency or any part thereof, and the party so advancing such deficiency shall receive interest on such excess funds at a rate which is one percent (1%) above the prime rate of interest charged from time to time by the Fifth-Third Bank. Such advance shall bear interest from the date of advancement to the date of repayment, and such excess funds shall be repaid in full with such interest from the said bank account or accounts prior to any sums being paid to the non-advancing member of the Joint Venture. The interest so paid shall be deducted from the funds otherwise due the party who failed to contribute its proportionate part of the working capital. The party failing to advance its share of working capital shall not be relieved of its obligation to share its proportionate share of the loss in the Joint Venture as set forth in Paragraph 8.

(d) Except as provided in Paragraph 11 for the repayment of excess funds advanced by one party, no part of any advances deposited in said bank account or accounts shall be returned to any of the parties and no distribution of profits shall be made prior to the completion of the Project except as may otherwise be mutually agreed upon in writing by the parties hereto. On completion of the Project, all working capital advanced shall be repaid to the party or parties advancing the same prior to the distribution of any profits as hereinafter provided.

(e) Funds that are temporarily considered excess shall be invested by the Joint Venture in a manner jointly approved by the parties.

10. Neither party shall have the right to borrow money on behalf of the other party, or to use the credit of the other party for any purpose nor shall money be borrowed in the name of the Joint Venture except as may be authorized jointly by SOLLITT and OAKLEY.
11. To facilitate handling of all matters and questions in connection with the performance of the Contract by SOLLITT and OAKLEY, each of the parties appoints the following Representatives and Alternates to act on its behalf in relation to any and all matters or things in connection with, arising out of, or relative to the Joint Venture and in relation to any matters or things involving the performance of the Contract and the Project, including but not limited to those of a contractual nature with the Public Building Commission of Chicago, Chicago, Illinois, and any of its departments, or with third persons. Actions and decisions of the SOLLITT and OAKLEY Representatives shall be by unanimous vote whenever possible. Otherwise, actions and decisions shall be made by vote with each representative's vote equal to its firms proportional share in the management of the Joint Venture in accordance with Paragraph 8.

The following are appointed the initial and alternate Representative of the parties:

**SOLLITT**

Representative: Howard Strong

Alternate: John Pridmore

**OAKLEY**

Representative: Augustine Afriyie

Alternate: Anthony Kwateng

Either party may at any time and from time to time change its Representative or appoint a successor Representative by filing with the other a written notice and duly executed appointment of a new representative or Alternate. If a Representative at any time resigns or is unable to act (temporarily or permanently) his Alternate shall act in his place and stead with the same authority as such Representative and the Alternate's action shall be binding upon the party who appointed him.

12. Each party shall have a voice equal to its proportional share in the management of the Joint Venture. The Representatives of SOLLITT and OAKLEY shall meet from time to time as required to act on necessary matters pertaining to the Project. All decisions, commitments, agreements, undertakings, understandings, or other matters pertaining to the performance of the Project shall be mutually agreed upon by such Representatives. No Representative shall be liable to the parties by reason of his acts as such, except in the case of his gross negligence or actual fraudulent or dishonest conduct.
13. The general supervision and management of the work called for by the Contract and any and all matters relating thereto shall be under the general charge and control of a Project Management Team who shall be subject only to the joint control and direction of the Representatives. The Project Management Team shall be given such specific powers as the parties may from time to time delegate. The Project Management Team shall be appointed by the Representatives of SOLLITT and OAKLEY and shall serve as such during their pleasure; the members of the Project Management Team at the time of appointment may be an employee of SOLLITT or OAKLEY.
14. Subject to the joint control and direction of the Representatives the supervision of accounting, finances, and taxes of the Project shall be under the general charge and

control of a Project Controller. The Project Controller shall be nominated by the Representatives of SOLLITT and OAKLEY and shall serve as Project Controller during their pleasure; the Project Controller at the time of appointment shall be an employee of SOLLITT.

15. (a) Under the direction of the Project Controller separate books of account for the performance of the Contract and all matters pertaining thereto shall be kept and maintained at the Project office of the Joint Venture. All records of the Joint Venture shall be open for inspection by SOLLITT or OAKLEY at all reasonable times. The books of the Joint Venture shall be maintained on a percentage of completion basis for both book and tax reporting. Periodic reporting to each party shall be made from time to time with such statements and reports relating to the progress of the performance of the Contract and as to the financial condition of the Joint Venture as requested. At the completion of the Contract and at such intervals as the parties may agree upon each party shall be furnished with a complete account of the receipts and disbursements of the Joint Venture.

(b) At December 31 of each year during the existence of the Joint Venture and at the completion of the Contract if requested by either party the accounts of the Joint Venture shall be audited by a mutually accepted firm of independent certified public accountants. Each such audit shall be performed in a manner which will permit the accountant to express an unqualified accountant's opinion with respect to the financial statements of the Joint Venture if the existing facts warrant such an unqualified opinion. The cost of each audit shall be borne by the Joint Venture.

(c) To the extent that the records of the Joint Venture must be kept subsequent to the completion of the Contract, pursuant to the provisions of law, the same shall be kept at such place or places as the parties may from time to time determine, and the cost thereof shall be born equal to its proportional share by SOLLITT and OAKLEY.

16. Cost of construction shall consist of the costs of all subcontracts labor, material, plant, and equipment purchased or rented, bonds, insurance, taxes on labor and material, imports, charges, management fees, legal fees, liabilities not secured by insurance, and all other expenses and obligations incurred or suffered in and about the performance of the Project that are of a nature properly charged as a cost of the performance of the Project under sound accounting practices. Such costs shall not include any charges against the Joint Venture for any overhead expenses or charges of the main or branch offices of the parties or for the time which may be expended in connection with the Project by any of the parties or their officers or employees, except as may be approved by the parties and except as provided for by this Agreement nor shall such costs include any part of a party's capital or interest expense.

If approved by the SOLLITT and OAKLEY Representatives, either party may be reimbursed upon presentation of supporting records for costs directly associated with the Project as follows:

- (a) Wages paid for labor in the direct employ of the party but engaged directly in the performance of the work of the Project under applicable collective bargaining agreements, or under a salary or wage schedule agreed upon by such Representatives, and including such welfare or other benefits, if any, as may be payable with respect thereto.

(b) Salaries of personnel of either party when temporarily stationed at the Project office in performance of duties necessary to the work of the Project (personnel engaged at shops or on the road in expediting the procurement or transportation of materials or equipment, shall be considered as stationed at the Project office) and their salaries shall be paid for that portion of their time spent on this work. Representatives will not be considered stationed at the Project office when attending their duties as such.

(c) Cost of contributions, assessments, or taxes for such items as unemployment compensation, social security, and union fringe benefit funds, insofar as such cost is based on wages, salaries, or other remuneration paid to employees of the Joint Venture and included in the cost of the Project under subparagraphs (a) and (b).

(a) Rental charges of necessary machinery, office or warehouse type facility and equipment, exclusive of hand tools, used at the site of the Project.

(b) Cost of premiums for all types of bonds and insurance which the Joint Venture is required by the Contract or law to purchase and maintain including premiums for Payment and Performance Bonds on Subcontractors. Said insurance shall be with a qualified company acceptable to both parties who will strive to obtain the most economical price for said insurance through an insurance broker or brokers agreed upon by the parties.

17. (a) Each party shall own its proportionate share of all the equipment, machines, tools, materials, supplies and other property which is purchased by the Joint Venture or charged to the account of the Joint Venture. At the completion of the Contract or sooner if such property is no longer required for the performance of the Contract, such property shall be divided between the parties in a manner agreed upon by them. If the parties are unable to

agree on the division of some or all of such property, the property as to which the parties are unable to agree upon shall be sold and each party shall be paid its proportionate share of the sale proceeds. All funds and property purchased by the Joint Venture shall be held in the name of the Joint Venture.

(b) It is contemplated that in the performance of the work under the Contract, plant and equipment owned by the parties hereto may be used. Each party agrees to rent to the Joint Venture on terms, if any, established in the Contract or on terms approved by the Joint Venture Representatives such of its plant and equipment as is available and suitable for the performance of said work and as requested by the Joint Venture Representatives. The proceeds of such plant and equipment rentals shall belong to, and be credited and paid to, the Joint Venturer furnishing such plant and equipment, and the other Joint Venturer shall have no interest in such plant, equipment, and equipment rentals and no responsibility in connection therewith. Each party shall submit a statement to the Joint Venture each month for the rental, if any, of its equipment during the preceding month. Such statement shall be in such detail as the Project Controller requires.

(c) The Joint Venture shall bear the cost relating to the equipment rented from a party including cost of operation, fuel oil and lubricants, preventive maintenance, minor repairs and minor repair parts, tires and tubes worn or damaged by careless equipment operation and by unusually rough job conditions. The party owning the equipment shall bear the cost of major repairs to and major repair parts for the equipment and of repairing or replacing tires and tubes worn or damaged by normal use of the equipment. Each owner shall fully insure the equipment at its cost and the Joint Venture shall not be responsible

for the loss of or any damage to the equipment while it is in the custody or control of the Joint Venture.

(d) Accurate and complete records of the various types of equipment purchased or rented for use in the Project shall be maintained on behalf of the Joint Venture.

18. Upon the completion of the Project, after providing for and paying (a) all costs disbursed or incurred in the performance of the Contract; (b) all other costs and charges ordinarily and usually charged as costs in the performance of the Contract; (c) any and all claims not secured by insurance; (d) proper reserves for any claims which shall have either been brought against the parties or which the parties may reasonably anticipate will be brought against them; and (e) reserves for contingencies, if any, including Contract guarantees that shall be determined by the parties in their discretion to be necessary, and after repaying all sums advanced by the parties for working capital, any profits thereafter remaining, resulting from the performance of the Contract, shall be distributed and divided equal to its proportional share between SOLLITT and OAKLEY. Any reserves, when no longer required, or so much thereof as shall remain, shall be similarly distributed. It is the intent of this Joint Venture Agreement that before termination and the final distribution of funds is made to SOLLITT and OAKLEY, all costs and charges incurred in the performance of the contract be satisfied.

19. (a) If the performance of the Contract results in a loss, the parties shall be obligated in accordance with Paragraph 8 for any such loss (irrespective of the fact that SOLLITT or OAKLEY may have advanced more than its respective share of working capital as provided above). Such liability of SOLLITT and OAKLEY for the bearing of losses shall continue with respect to any claims which at any time, either before or after the

completion of the Contract, shall be made against them or either of them by reason of this Joint Venture or any matter or thing done within their authority in connection with the performance of the Contract.

(b) In the event of loss:

1. If any funds remain, and both SOLLITT and OAKLEY have contributed their required proportions of working capital, then such remaining funds shall be paid to SOLLITT and OAKLEY in the amounts contributed by each, less their respective shares of the loss.
2. If both SOLLITT and OAKLEY have not contributed their required proportions of working capital, but sufficient funds are available, then such funds shall be repaid to SOLLITT and OAKLEY in the amounts contributed by each, less their respective shares of the loss.
3. If both SOLLITT and OAKLEY have not contributed their required proportions of working capital, and there are insufficient funds to accomplish the division prescribed in the preceding subdivision, and if there is a deficit in the account of one of the parties by reason of its failure to contribute its required proportion of working capital, then such defaulting party shall make up the deficit in its account. Upon its failure to do so the indemnity provisions of Paragraph 8 of this Agreement shall be come operative, so as to insure that the non-defaulting party shall bear no more than its proportionate share of the loss.
4. If both SOLLITT and OAKLEY have not contributed their required proportions of working capital, and no funds remain or some liabilities are

unsatisfied, then the indemnity provisions of Paragraph 8 of this Agreement shall become operative, so as to insure that neither party shall bear more than its proportionate share of the loss.

20. In connection with any matter arising under the Contract, in no event shall either SOLLITT or OAKLEY be liable to the other, or the Joint Venture, for the acts or omissions of any of its officers, employees or agents, nor shall any duly authorized representative or alternate of the Joint Venture or any member of the Joint Venture management team be liable to SOLLITT, OAKLEY, or the Joint Venture, except for direct (but no consequential) damages resulting from actual fraudulent or dishonest conduct.
21. In no event shall either SOLLITT or OAKLEY be liable to the other or the Joint Venture, in contract, tort or otherwise (including negligence, warranty and strict liability) for any special, indirect or consequential damages including, without limitation, loss of revenues or profits, cost of capital, loss of goodwill or similar damages.
22. Upon the bankruptcy or insolvency of either SOLLITT or OAKLEY or should either party commit any act of bankruptcy or take advantage of any bankruptcy, reorganization, composition, or arrangement statute, then, from and after such date, such party (hereinafter referred to as the "insolvent party") and its Representative and Alternate, as hereinbefore referred to (anything in this Agreement to the contrary notwithstanding), shall cease to have any voice in the management of the Project and the Contract. All acts, consents, and decisions with respect to the Project and the

Contract shall thereafter be taken solely by the other party, its Representative and Alternate. Notwithstanding the foregoing, the insolvent party shall remain liable for its share of any losses, and shall be entitled to receive its share of any profits, such profits to be paid at the time and in the manner provided in this Agreement.

23. The relationship between the parties shall be limited to the performance of the Contract in accordance with the terms of the Agreement. This Agreement shall be construed and deemed to be a Joint Venture for the sole purpose of carrying out the Contract. Nothing herein shall be construed to create a general partnership between the parties or to authorize either party to act as a general agent for the other party, or permit either party to bid for or to undertake any other contracts for the other party.
24. Neither this Agreement nor any interest of either of the parties herein (including any interest in moneys belonging to or which may accrue to the Joint Venture in connection with the Contract, or any interest in the joint accounts, or in any property of any kind employed or used in connection with the Contract) may be assigned, pledged, transferred, or hypothecated, without the prior written consent of the parties hereto.
25. All moneys contributed by the parties to this Joint Venture and all moneys received as payments under the Contract or otherwise received shall be treated and regarded as, and are hereby declared to be, trust funds for the performance of the Contract and for no other purpose until the Contract shall have been fully completed and accepted by the Public Building Commission of Chicago, Illinois, and until all obligations of the parties hereto shall have been paid, otherwise discharged, or provided for by adequate reserves. Such reserves shall likewise be treated as trust funds until they shall have

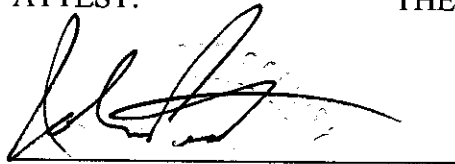

served the purposes for which they were created. Proper fidelity bond coverage shall be maintained on all persons who are directly connected with performance of the Contract, and the cost of such fidelity bond premiums shall be part of the construction cost.

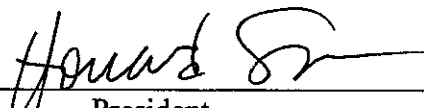

26. Subject to the provisions of Paragraph 25 this Agreement shall insure to the benefit of and shall be binding upon the respective successors and assignees of the parties hereto.
27. This Joint Venture Agreement shall be interpreted and construed in accordance with the laws of the State of Illinois.
28. All notices pertaining to this Joint Venture shall be in writing and shall be transmitted either by personal hand delivery or through the facilities of the United States Post Office. The addresses set forth above for the respective parties shall be the places where notices shall be sent, unless written notices of change of address is given.
29. All disputes (other than matters of policy with respect to the performance of the Contract) shall be submitted by the parties to arbitration under the auspices of the American Arbitration Association in accordance with its rules.
30. The business address for this Joint Venture shall be: 790 North Central Avenue, Wood Dale, Illinois, 60191.

In witness whereof the parties have fully executed this Agreement on the day and year first above written.

Annual Certificate Expires:  
Vendor Number:

June 1, 2010  
1000277

Dear Mr. Afriye:

Congratulations on your continued eligibility for certification as a MBE by the City of Chicago. This MBE certification is valid until June 1, 2013; however your firm must be re-validated annually. Your firm's next annual validation is required by June 1, 2010.

As a condition of continued certification during this five year period, you must file a No-Change Affidavit 60 days prior to the date of expiration. Failure to file this Affidavit will result in the termination of your certification. Please note that you must include a copy of your most current Federal Corporate Tax Return. You must also notify the City of Chicago of any changes in ownership or control of your firm or any other matters or facts affecting your firm's eligibility for certification.

The City may commence action to remove your firm's eligibility if you fail to notify us of any changes of facts affecting your firm's certification or if your firm otherwise fails to cooperate with the City in any inquiry or investigation. Removal of eligibility procedures may also be commenced if your firm is found to be involved in bidding or contractual irregularities.

Your firm's name will be listed in the City's Directory of Minority Business Enterprises and Women Business Enterprises in the specialty area(s) of:

**General Contractor; Commercial and Institutional Building Construction;  
Project Management Services; Construction Management Services**

Your firm's participation on City contracts will be credited only toward MBE goals in your area(s) of specialty. While your participation on City contracts is not limited to your specialty, credit toward MBE goals will be given only for work done in the specialty category.

Thank you for your continued interest in the City's Minority and Women Business Enterprise Programs.

Sincerely,

Mark Hands  
Managing Deputy Procurement Officer

method of protection with Owner's Representative prior to start of work, and install prior to Demolition.

- Change 8: Add to Spec Section 02900 Part 1.3 D.1
- a. Trees shall be tagged on the north side of the tree so that it will be marked for correct placement at the site. See 3.2 F.1.a., in this specification section. Plant materials transported to the site without proper nursery tagging will not be accepted for installation.
- Change 9: Add to Spec Section 02900 Part 1.3
- J. Protect landscaping from damage due to landscape operations, operations by other contractors and trades, and trespassers. Maintain protection during installation and maintenance periods. Treat, repair, or replace damaged landscape work as directed.
- Change 10: Delete Project Spec Section 02900, Part 1.5 E.4. And add: Protect landscaped areas with approved temporary fencing through Final Acceptance, or through period directed by Owner's Representative.
- Change 11: Delete Project Spec Section 02900, Part 2.1 A.2. And add: Deliver fresh nursery material to site in a healthy state. Request Owner's Representative inspection at time of delivery. Provide copies of delivery ticket. Maintain plants in healthy condition through Final Acceptance and Warranty Period (See 1.4 B 5.a).
- Change 12: Delete Project Spec Section 02900, Part 3.2 B.9. And add: Provide maintenance of finished grades and landscaping through Final Acceptance and Warranty period. Repair grades and landscaping as needed due to erosion, disturbance caused by Contractor activity.
- Change 13: Delete Project Spec Section 02900, Part 3.2 C.9. And add: Excavate circular pits with vertical side for plants, except for ground cover or other bedding type plant material. Scarify edges of tree pits.
- Change 14: Delete Project Spec Section 02900, Part 3.2 F.1.a. And add: Set balled and burlapped stock on layer of hand-compacted soil, plumb and in proper alignment, with top of ball and basal flare approximately 3" above adjacent finished landscape grades. Adjust tree to have its north side (as marked at the nursery) so it will have the same orientation at the new site. Remove burlap, twine, and pins from top half of rootball, retain on bottoms. Remove top 1/3 of wire basket. When plant is set, place additional backfill around base and sides of ball, and work each layer to settle backfill and eliminate voids and air pockets. When excavation is approximately two thirds full, fill excavation with water and let drain before placing remainder of backfill. Construct 4" to 6" height earthen watering saucer at perimeter of ball, firmed to resist erosion, and water completed planting thoroughly.
- Change 15: Add Spec Section 02900, Part 3.2 M: Stakes and Guys
- a. As directed by Owner's Representative, provide stakes and deadmen of sound new hardwood, free of knotholes and other defects. Provide wire ties and guys of two strand, twisted, pliable galvanized iron wire, not lighter than 12-gauge (2.68 mm) with zinc coated turnbuckles. Provide not less than 1/2-inch (13 mm) diameter rubber or plastic hose, cut to required lengths and of uniform color, material, and size to protect tree trunks from damage by wires. Each wire and stake must be flagged with strands of brightly colored ribbon for visibility.

### QUESTIONS & ANSWERS:

**Q1:** I'm interested in bidding on the telephone system and any wireless internet access equipment. Can you tell me if those items are included in the bid packages or will they be procured separately?

**A1:** They are not included in the bid packages.

**Q2:** follow-up to my previous questions regarding millwork tops on metal shelving units  
Sheet A16.2, shelving unit S7C indicates a wood top  
Sheet A16.1 shows keynote 1 on shelving units S7D, S2B and S7A  
None of these shelving units (S7D, S2B and S7A) have a note indicating a wood top on A16.2  
In fact, I cannot locate S7C shelving units anywhere on A16.1

**A2:** See Detail elevations. S7C located near Column 3C

**Q3:** Keynote 7 on A1.1 points to only (4) shelving locations  
"Typical" does not appear next to the keynote on the floor plan or the legend  
Keynote 1 on A16.1 point to different shelving units then keynote 7 on A1.1  
Please clarify exactly which metal shelving units are to receive the millwork tops

**A3:** Keynotes are tailored for each individual sheet.

**Q4:** Solid Surface tops

1. The specs indicate stainless steel tops with integral bowls. This item is not indicated on the drawings. Please clarify.

2. The men's and women's restrooms are spec'd for Alkemi. There appears to be no color selection. Please specify.

3. On page A11.2 detail 3, the community room indicates a quartz top and a 1'-6" back splash. A13.3 detail 5 indicates an Alkemi top with a 4" backsplash. Please verify.

Doors/Frames/hardware

1. The door schedule identifies door #113A with hardware set#19. It appears that #4 or #4A would be accurate. Please verify.

2. The Door schedule identifies door #102A calls for hardware set #5. It appears that #20 would be accurate. Please verify.

**A4:** 1 we cannot find the reference to Stainless steel tops

2 See Section 06402 -2.2 J for color selections

3. Alkemi

Doors and Frames

1-This appears to be correct.

2 This appears to be correct.

**Q5:** Furniture/Millwork

A16.1, Keynote 1 indicates millwork top for "all shelving lower than 48" H"

There is a set of type S7B shelving along column line "D" that do not have a keynote 1 attached to them

Please clarify if these shelves require a millwork top

Electrical Service

Sheet C4.0 shows a concrete encased ductbank from the building to the Property Line

Sheet ES0.1 shows a concrete encased ductbank from the building to a pull box at the Property Line but also shows a line extending to "ComEd Xmfir"

This extension is not shown

Sheet E5.1 shows a "ComEd Primary Feeder" (similar to ES0.1) but does not show the distance of the feed

Is the ComEd Primary Feeder part of this contract?

If so, please provide routing of this line

**A5:** They do require a millwork top

The Library contractor shall provide a concrete encased ductbank between the building and pull box located at the property line. The Fire Station contractor shall provide the pull box and concreted encased ductbank

between the pull box and pad mounted utility transformer. Additionally, the Library contractor to provide all cabling from the secondary side of the pad mounted transformer. Transformer is located on Fire Station portion of site and is approximately 100ft from pull box. Refer to sheet E1.1 in the Engine Company 109 Fire Station Bid Package for feeder routing between pull box and pad mounted transformer.

Q6: Please clarify on drawing ESO.1 lengths of secondary cable.

-From property line 165ft or full lengths 165' from building to point of Com-Ed utility pole

A6: Refer to response provided for Question 5

Q7: According to the Electrical Riser Diagram on drawing E5.1, secondary feeder is to be provided from the Com-Ed transformer to the CT Cabinet including full lengths of conduit and wire. Plan note on drawing ESO.1 requires only empty conduits from CT Cabinet to pull box. Please clarify.

A7: Refer to response provided for Question 5

Q8: The geothermal well depth of 650', specified in the above mentioned projects far exceeds the Manufacturer's warranty for the well piping.

The pipe is rated as follows:

A) SDR 11, maximum of 160 p.s.i.

B) SDR 9, maximum of 200 p.s.i.

You have specified SDR11, the p.s.i. at 650' depth exceeds 280 p.s.i., and that is without operating pressure which will add another 40-60 p.s.i.

Installing either SDR11 or SDR 9 to 650' will void the 50 year manufacturer's warranty.

I am sure you will come across certain people who will tell you that there is outside ground water pressure acting on the pipe reducing the interior pressure. Although there is ground water pressure on the pipe it is **IMMEASURABLE**, and even if it were, I can guarantee that it would not negate the problem to bring it back into warranty. I have spoken with ISCO and Centennial Pipe, two of the largest manufacturers of geothermal pipe, and they have confirmed that the warranty will be void.

RFI, Will the City of Chicago not require a warranty for all of the above projects, with regards to the geothermal well fields? As these projects are designed to exceed the pipe manufacturers warranty, and the operating parameters of the pipe.

A8: The work described is actually not included in the contract documents.

## PUBLIC BUILDING COMMISSION OF CHICAGO

- Change 6: Add to Spec Section 01810 3.3 C:
18. Maintain hard copy of PFC checklists completed by subcontractors on-site for CA review during periodic site visits.
  19. With Subcontractors, submit copies of the pre-functional checklists to the CA for review periodically during the equipment/systems installations to allow the CA to track the progress of the PFC completion. The "in-progress" PFC checklists shall be submitted to the CA via e-mail in electronic format (scanned Adobe PDF file of the hard copy PFC checklist kept on-site by the GC).
- Change 7: Add to Spec Section 01810 3.3 D:
16. With GC, submit copies of the pre-functional checklists to the CA for review periodically during the equipment/systems installations to allow the CA to track the progress of the PFC completion. The "in-progress" PFC checklists shall be submitted to the CA via e-mail in electronic format (scanned Adobe PDF file of the hard copy PFC checklist kept on-site by the GC).
  17. Provide necessary personnel to assist CA (e.g. remove FCU covers, open electrical panel covers, etc.) with sample verification of subcontractor completed pre-functional checklists.
- Change 8: Add to Spec Section 01810 3.3 E:
13. With GC, submit copies of the pre-functional checklists to the CA for review periodically during the equipment/systems installations to allow the CA to track the progress of the PFC completion. The "in-progress" PFC checklists shall be submitted to the CA via e-mail in electronic format (scanned Adobe PDF file of the hard copy PFC checklist kept on-site by the GC).
- Change 9: Add to Spec Section 01810 3.6:
- H. The GC will maintain a single "master" hard copy of the PFC checklists executed by the subcontractors on-site for CA review during periodic site visits.
  - I. The GC/Sub-contractors shall submit copies of the pre-functional checklists to the CA for review periodically during the equipment/systems installations to allow the CA to track the progress of the PFC completion by the sub-contractors. The "in-progress" PFC checklists shall be submitted to the CA via e-mail in electronic format (scanned Adobe PDF file of the hard copy PFC checklist kept on-site by the GC). The "in-progress" PFC checklists will be submitted to the CA per the following schedule:
    1. The initial in-progress PFC checklist will be submitted when the equipment is installed or set in place.
    2. Subsequent in-progress PFC checklist submittals will be made monthly and will include the updated PFC checklists as well as any new PFC checklists added in that timeframe.
    3. Submittal frequency will increase to bi-weekly or weekly as directed by the CA when equipment start-up begins.
- Change 10: Add to Specification Section 02513 the following subparagraph 3.9F
- 3.9F Planter Curb: Rubbed Finish: Apply the following to smooth-formed finished as-cast concrete where indicated:
1. Smooth-Rubbed Finish: Not later than one day after form removal, moisten concrete surfaces and rub with carborundum brick or another abrasive until producing a uniform color and texture.
- Change 11: Delete Spec Section 04810, Part 2.4 C 9  
Add Spec Section 04810, Part 2.4 C9:
9. Color and Texture (contingent upon complying with all other aspects of the contract):
    - a. Taylor: Color 1 - #1-09 N Pink Smooth Iron spot; Color 2 - #1-01B Buff Smooth Iron spot
- Mayor Richard M. Daley, Chairman                      Erin Lavin Cabonargi, Executive Director

- b. Interstate: Color 1 – Ochre Buff L-4 Matte; Color 2 – Desert Sand L-4 Matte
- c. Sioux City: Color 1 - Monterey Iron spot Smooth; Color 2 – Clear Buff Velour
- d. Glen-Gery: Color 1 – Tuscan Series Porte Liberte Smooth; Color 2 – Tuscan Series Golden Dawn Smooth

- Change 12: Delete Specification Section 07191 1.6 A.1. and add the following: 1. Quantity: Furnish an additional four (4) one-gallon containers of Graffiti Removal Product, delivered in properly labeled containers, stored where directed by Owner.
- Change 13: Delete Specification Section 08716 2.4 A. and add the following: A. Standard: Comply with BHMA A156.19.
- Change 14: Delete Specification Section 09652 2.2 e. in its entirety.
- Change 15: Reference Specification Section 09652, add the following to subsection 2.1 A.: 3. Rubberflex.
- Change 16: Delete Specification Section 10265 2.4 in its entirety
- Change 17: Delete Specification Section 10265 3.3B in its entirety
- Change 18: Reference Specification Section 10200: Delete the phrase "(and Seismic)" from subparagraphs 1.4E
- Change 19: Delete Specification Section 10350, sub paragraph 2.2 b and replace with: B. Exposed Height: See drawings.
- Change 20: Delete Specification Section 10650 F.1. in its entirety
- Change 21: Reference Specification Section 12494. Delete all references to double roller shades.
- Change 22: Reference Specification Section 07561 Add the following to 1.1B: 7. Division 2 Section "Extensive Green Roof System" for items installed with work in this section and warranted under this section.
- Change 23: Reference Specification Section 02300: Subparagraph 1.4.H.1.a. "Settlement Monitoring". was added. Entire specification section is included in this addendum
- Change 24: Delete Spec Section 02350 2.1 A. Add: Paver shall be Eco-Priora as manufactured by Unilock (1-800-864-5625) or approved equal. Color to be Chardonnay Tan; finish to be Series 3000.
- Change 25: Delete Spec Section 02350 2.3. Add: Aggregate Base Course: IDOT approved CA-7 stone. Drainage Layer: IDOT approved CA-1 stone. Bedding Aggregate and Permeable Paver Infill: IDOT approved granite chips, size ASTM #8 stone. It shall be free of organics, soluble salts, or other contaminants likely to cause efflorescence.
- Change 26: Delete Spec Section 02930 3.5 E. Add: Contractor must continue to provide continued maintenance to plantings following completion of all Contract Work, and for two years from the date of the Project Acceptance.
- Change 27: Delete Spec Section 02930 3.7 A, B, C, D, E, F, G, H, I, J. Add: See Specification 07561 Section 1.7 for Green Roof Warranty.
- Change 28: Delete Spec Section 02930 3.8 A. Add: Plants which die or require replacement for other reasons during two-year warranty period must be replaced as soon as possible during following acceptable planting seasons:

Mayor Richard M. Daley, Chairman

## PUBLIC BUILDING COMMISSION OF CHICAGO

- Change 29: Delete Spec Section 02930 3.8 B. Add: Roof soil that does not conform to the environmental standards as detailed in specification Section 02930 Section B must be excavated and replaced with green roof soil that does at Contractor's expense.
- Change 30: Delete Spec Section 02901 2.1 B. Add: CU Soil must be prepared by Midwest Trading Horticultural Supplies, Inc., P.O. Box 1005, St. Charles, Illinois 60174, (847) 742-1840 or equal bearing similar soil manufacturing capability and licensed by Cornell University. Please contact Brian Kalter at Amereq for additional licensed distributors: (800) 832-8788.

### **Changes to Book 3C : INFORMATIONAL DOCUMENTS**

- Change 1: Add the following to TOC -1: Geotechnical field reports covering the time of the site preparation work can be downloaded from the Cushing and Company Website.

### **QUESTIONS & ANSWERS:**

Q1: The following clarifications are needed:

- Section 10265 specifies rub strips, corner guards, & impact-resistant wall covering. The only reference to any locations is a note on A13.1, which states "For walls, corners without millwork or furniture, apply corner guards and wall bumpers." Does this note apply to every room in the building? If not, please clarify the rooms where these products occur.
- The note on A13.1 refers to a wall bumper. Is this the specified rub strip? If not, please verify the model required at wall bumper locations, and verify rub strip locations.
- No locations are indicated for the specified impact-resistant wall covering. Is this product required, and if so where?

A1: Corner guards are only required at gypsum board walls. Wall bumpers are to be installed at the Book Truck area only, see Detail 10/A16.3. There is no impact resistant wall covering required for this project.

Q2: 1. Spec section 10200 Louvers and Vents, 1.4 submittals, E calls to provide delegated design submittal indicated to comply with seismic performance requirements. However no seismic performance requirement information is found on the specification. Please confirm.

2. Spec section 10350 Flagpoles, 2.2 flagpoles, B calls the exposed height to be 35 feet above base. Drawing AS4.1 detail 3 shows flag pole height to be 25 feet. Also, spec section 10350, 2.6, A., 1 calls for stain finish while same detail on the drawing calls for clear anodized one. Please confirm the height and finish of flag pole.

3. Spec section 10651 Operable partition, 1.4 submittals, F calls to provide delegated design submittal for seismic restraints. No seismic performance requirement information is found on the specification. Please confirm.

4. Spec section 12494 roller shades calls for manual roller shades and double roller shades. However, drawing A2.1 reflected ceiling plan and related section detail 1/A5.2 shows only single shade. Please confirm the existence of double roller shades and locations.

5. Section 10265 specifies rub strips, corner guards, & impact-resistant wall covering. The only reference to any locations is a note on A13.1, which states "For walls, corners without millwork or furniture, apply corner

Mayor Richard M. Daley, Chairman

Erin Lavin Cabonargi, Executive Director

## PUBLIC BUILDING COMMISSION OF CHICAGO

guards and wall bumpers." Does this note apply to every room in the building? If not, please clarify the rooms where these products occur.

6. The note on A13.1 refers to a wall bumper. Is this the specified rub strip? If not, please verify the model required at wall bumper locations, and verify rub strip locations

**A2:** No seismic performance is required for any of the subject items. Flagpoles are to be 25' high with a natural satin finish to be approved by the architect. No double roller shades are required. See response to question 11 for the wall protection clarifications.

**Q3:** The Door Schedule on page A12.1 of the Drawings shows all of the wood doors to receive wood frames. Details H6 and J6 on this same page calls for all of the wood doors to be pre-hung doors in wood frames. None of the manufacturers listed in the wood door spec manufacturer pre-hung wood doors and frames. Is it acceptable to provide wood door leafs separate from the wood frames and field assemble these openings?

**A3:** See Specification Section 08211, subsection 3.2. Job fitted doors are allowed.

**Q4:** The geothermal well depth of 650', specified in the above mentioned projects far exceeds the Manufacturer's warranty for the well piping. The pipe is rated as follows:

A) SDR 11, maximum of 160 p.s.i.

B) SDR 9, maximum of 200 p.s.i.

You have specified SDR11, the p.s.i. at 650' depth exceeds 280 p.s.i., and that is without operating pressure which will add another 40-60 p.s.i. Installing either SDR11 or SDR 9 to 650' will void the 50 year manufacturer's warranty.

I am sure you will come across certain people who will tell you that there is outside ground water pressure acting on the pipe reducing the interior pressure. Although there is ground water pressure on the pipe it is **IMMEASURABLE**, and even if it were, I can guarantee that it would not negate the problem to bring it back into warranty. I have spoken with ISCO and Centennial Pipe, two of the largest manufacturers of geothermal pipe, and they have confirmed that the warranty will be void. RFI, Will the City of Chicago not require a warranty for all of the above projects, with regards to the geothermal well fields? As these projects are designed to exceed the pipe manufacturers warranty, and the operating parameters of the pipe.

**A4:** This question does not apply to this project.

**Q5:** Ornamental Metal Fence w/ Logo Panel Detail 7 on Drawing L2.4 calls for "All logo panels to be placed at areas adjacent entry and parking lots on the west building and parking lots"; however Detail 6 on Sheet L2.5 of the drawings states "All logo panels to be placed at areas adjacent to parking on the south and east side of parking lots." Landscape Site Plan L1.2 does not differentiate the locations of logo fence panels and non-logo fence panels. There will be a huge cost difference in these two fence types therefore it is very important that it is clear to all bidders where logo and non-logo fence panels are to be utilized. Please provide clarification as to where exactly we are to place logo fence panels, and where we are to use non-logo panels.

**A5:** Refer to Landscape drawings.

**Q6:** Please refer to specification section 09652 - Recycled Rubber Flooring, page 4. Part 2.1 E, says to provide sound deadening underlayment in all other areas. Are we to provide sound deadening underlayment under all of the rubber flooring except Circulation Desk 103 with is to receive the 1/2" anti - fatigue underlayment? If so please provide more information (i.e., MFR, size, product, etc).

**A6:** The sound deadening underlayment is not to be used.

Mayor Richard M. Daley, Chairman

Erin Lavin Cabonargi, Executive Director

## PUBLIC BUILDING COMMISSION OF CHICAGO

- Q7:**
1. At the technical review, it was mentioned that the existing elevation of the ground is approximately 4 feet below which is the top of the caissons and bottom of the pile cap grade beam. The existing elevations shown are approximately 13.5± on sheets CS.0, THRU C3.0 with a proposed finish floor of 14.65. These drawings do not reflect that statement that the true existing grade of approximately 10.65 is correct. Please clarify. The site work contractors need to be able to calculate the correct amount of fill to import.
  2. Is crushed concrete CA-6 and acceptable engineered fill or select material?
- A7:**
1. As noted on sheet C0.0 "General Notes" number 1, the topographic survey used as a background and for design of civil works "does not represent recent site demolition and preparation scope of works." Please refer to site preparation as-builts, bottom and top of fill surveys.
  2. No, crushed concrete is not acceptable.
- Q8:**
1. Details 1, 2, & 3 on sheet A6.1 call for, "galvanized shelf angle bolted into grouted CMU – see structurals for sizing and location." The structural drawings do not indicate any shelf angles. What size is the shelf angle, where is it required, and how often is it required?
  2. Detail 4 on sheet A6.4 calls for, "¼" aluminum column cover – finish same as all interior column covers." Detail 4 also references detail 8 on sheet A6.4 which indicates painted fiberglass reinforced gypsum column covers. Which is correct? If aluminum column covers are required, please provide locations.
  3. Detail 2 on sheet A11.1 calls for a steel angle lintel at the literature rack & tack board in Lobby 101. Detail 2 on A11.1 also references detail 13 on A10.1, which shows a cast stone lintel. Are we to provide a cast stone lintel or a steel lintel at the literature rack?
  4. Detail 9 on sheet A6.3 indicates, "structural steel tube and steel angles – see structural." The structural drawings do indicate the HSS16x8x5/16" tube at the clerestory, but there is no indication of a steel angle attached to the tube to support the light gauge overhang framing. Is this angle required? If so, what size is the angle?
  5. Section 2 on sheet A5.1 is taken between columns 5 and 6 on the West elevation. Detail 2 indicates a steel grillage beam in wall cavity. The structural drawings do not indicate this beam. Is this detail correct?
  6. There is no indication of a ladder for the roof hatch located in Janitor 126, is one required? If so, please provide details.
  7. Detail 13 on sheet S3.1 shows the typical sunshade mounting detail: PL1/2x5x11" + HSS3-1/2"x2-1/2"x¼". Sunshade detail 2 on A6.4 indicates only painted angles to support the sunshades. Which is required?
  8. Details H1 and H2 on sheet A12.1 indicate steel lintels at the exterior doors. The structural drawings only indicate stone lintels over the exterior doors (see lintel schedule on S3.1). Are steel lintels and stone lintels required at the doors? Please clarify.
  9. Detail 16 on sheet A11.1 calls for 2x2x1/4" steel tube vertical bracing at the decorative glass divider panels at the Circulation Desk and the Registration Desk. What is the spacing required for these tubes?
- A8:**
1. Omit galvanized shelf angle on details 1, 2 and 3 for sheet A6.1 – Drawing Change No 37
  2. Column Cover in question is at windows, it is to match the window finish – Drawing Change No 14
  3. Steel lintel is required at magazine rack - Drawing Change No 22
  4. A galvanized 8x6x1/2 angle is included at the HSS16x8x5/16 tube at the clerestory - Drawing Change No 7

6. A floor supported ladder is required - Drawing Change No 3.
7. The structural Detail 3/S3.1 is required.
8. Cast Stone lintels are required - Drawing Change No 35.
9. 2'0" O.C.

Q9: Please refer to details 8&10/A8.1; both details say to paint the columns. If you refer details 2 & 3/A13.3 it says to apply WC - 2 to the columns. Which is correct. Please clarify.

A9: WC-2 is to be used. Drawing Change No's 18 & 19.

Q10: Solid Surface tops

1. The men's and women's restrooms are spec'd for Alkemi. There appears to be no color selection. Please specify.
2. On page A11.2 detail 3, the community room indicates a quartz top and a 1'-6" back splash. A13.3 detail 5 indicates an Alkemi top with a 4" back splash. Please verify.

Doors/Frames/hardware

1. The door schedule identifies door #113A with hardware set #19. It appears that #4 or #4A would be accurate. Please verify.
2. The Door schedule identifies door #102A calls for hardware set #5. It appears that #20 would be accurate. Please verify.

Q11: The CCTV Specification indicates that the controlling equipment is to be Analogue base and the specified cameras are IP based.  
What is your intention of how these two different technologies are to be integrated? Is this CCTV system to be Analogue or IP based?

A11: The CCTV system is to be analogue based.

Q12: On sheet S1.1 there is a note #13 within the foundation plan at column line A & 4, as well, as at column 6.6 between columns line A & B. This note is not identified in the Foundation Notes below. Please clarify the direction that this notation should be describing,

A12: On sheet S1.1, the notes below the plan title are misnumbered due to a printing error. Note 12 should be note 13. Structural Drawing Change No 2.

Q13: Section 08716, Part I, 1.1 Section A, 1, calls out for low energy operators. No mention of high energy operators. Furthermore, these are push plate activated, not sensor activated which is typical of high energy. There is also no spec for safety sensors, which is required for high energy doors. However, Part II, products, it calls for overhead concealed operators, and elsewhere it specifies BHMA 0156.10, which is high-energy, and even calls for guide rails. Are we to quote low or high energy operators?

Mayor Richard M. Daley, Chairman

Erin Lavin Cabonargi, Executive Director

## PUBLIC BUILDING COMMISSION OF CHICAGO

Also, the exposed surface is to match the doors, and the door schedule indicates PVD finish. The specs for the operators don't call for any kind of paint. Are these operators to be painted? If so, what kind of paint? Or are they to be simply clear anodized?

**A13: Low Energy Operators are required in accordance with BHMA 0156.19 – Technical Specification Change No. 13. Operators are to be concealed. .**

**Q14: Please advise if the letters in terrazzo flooring are either Zinc or brass?**

Solid or Zinc/brass letters with Terrazzo infill?

**A14: The terrazzo lettering is molded, cast and then set in place in the floor.**

**Q15: Has there been another source approved for CU Structural Soil other than Midwest Trading Horticultural Supplies, inc.?**

**A15: Specification section 02901-2.1C states that equivalents are allowed.**

**Q16: Per Division 17217.2.11 Cable Management System. Spec states subject to compliance with requirements, provide Cable Management product. Please verify that this system is required.**

Are Patch Cords required? Reference 17217.2.3.G

If Patch Cords are required, what is the size and quantities?

Per Division 16781- CCTV System and Components. What is the intent of the Multiplexer referenced in 16781.2.2.F? Could this be handled via networked software management system?

**A16: Cable Management System outlined in section 2.11 is required for project. Patch cords are required for a complete and functional telecommunications system. Refer to specifications for patch cord size. Patch cord quantity to be determined from review of construction documents.**

**Q17: Per division 17310, PBX and VOICE Equipment, How Many phones are required?**

**A17: Phone handsets will be provided the Owner.**

**Q18: Lintels on Doors 113B, 115A, 119B, 121B, 122, 123, 124B are called out to be cast stone lintels on sheets S3.1 and S1.2.**

Then referring to the door schedule (sheet A12.1) these doors have a head detail of H1 and H2. Both of these details show what appear to be steel angle lintels. Please advise to which detail to follow

Also referring to such details as 3/A6.1, the detail shows a steel shelf angle that looks to be a lintel in inside the wall cavity. The note also refers you back to the structurals where there is not a steel angle shown to be in the cavity of the wall. The lintels are cast stone per the structural details. Is this detail referring to another location?

**A18: Lintels are intended to be cast stone – Drawing Change No. 37.**

**Q19: Please see question below regarding the above mentioned project.**

Refer to spec Section 02350 – Permeable Pavers, the color of Unilock Eco-Priora is to be selected from standard range by the landscape architect, it does not stat what kind of style of finish is to be used. Please verify.

Mayor Richard M. Daley, Chairman

Erin Lavin Cabonargi, Executive Director

## PUBLIC BUILDING COMMISSION OF CHICAGO

**A19: Series 3000**

**Q20:** On sheet A 5.1 detail 1 notes the bottom of the high sunshade is 6'-8" AFF. There is not a specification in the project manual for the sunshade. Please clarify the finish color of the aluminum

**A20: Match window finish.**

**Q21:**

1. The plant count for the IV Ilex Verticillata appears to be wrong. Counting the actual symbols on the plan, the quantity appears to be 12 more than the plant list quantity.
2. For the Green Roof the plant size is called out as 4" with a root size of "plug" there is quite a bit of price difference between a 4" pot and a plug. Plugs are typically used on green roofs and would seem to be appropriate given the 4" depth of growing media.
3. The green roof plan seems to show edging between the blocks of plants. It really doesn't make sense to separate these plantings with a hard edge and would seem to be an unnecessary cost.

**A21:**

1. There are no such plants listed on the drawings
2. Plugs should be used.
3. The edging is required.

RE: **Notice of Award**  
Contract No.: 1496  
Type of Work: New Construction  
Project : Little Village Branch Library  
Project # 08030

Dear Mr. Pridmore:

Pursuant to resolution duly adopted by the Public Building Commission of Chicago on November 10, 2009 the Commission awarded to your company Contract No. 1496 in the amount of \$5,694,000.00.

Enclosed in duplicate is the completed Performance and Payment Bond form, all copies of which are to be executed by the President of your Company, attested by the Secretary, impressed with your Corporate Seal, and executed by your surety. Also enclosed, please find the Disclosure of Retained Parties form. All documents must be returned to the Commission, fully executed and in duplicate, along with duplicate copies of the insurance certificate of coverage. Documents must be submitted no later than November 16, 2009, to the attention of Janice Meeks.

A copy of the fully executed Contract will be released and sent to your office once all requirements have been met.

Sincerely,

Erin Lavin Cabonargi  
Executive Director
