RECITALS

WHEREAS, the Commission is a municipal corporation organized and operating under the Constitution and laws of the State of Illinois that has undertaken the enhancement and improvement of educational, safety, and recreational facilities on behalf of various governmental agencies including, but not limited to, the City of Chicago, Cook County, Chicago Public Library, Chicago Public Schools, Chicago Park District, City Colleges of Chicago, Metropolitan Water Reclamation District of Greater Chicago (referred to individually or collectively, as the case may be, in this Agreement as the "User Agency"); and

WHEREAS, on September 11, 2018, the Commission issued a Request for Proposal (RFP) for Job Order Contracting Services (the "Services") from general contractors to perform construction work through the Commission's Job Order Contracting Program for various construction, renovation and/or improvement projects (referred to herein, collectively or individually as the case may be, as a "Project" or "Projects") undertaken by the Commission from time to time on behalf of various User Agencies; and

WHEREAS, the Contractor has submitted a response to the RFP which provided certain pricing parameters and other relevant criteria and further represented to the Commission that it possessed the requisite knowledge, skill, experience and other resources necessary to perform the Services in the manner provided by the Agreement; and

WHEREAS, in reliance upon the Contractor's representations and submittals in response to the RFP, the Commission has selected the Contractor to perform the Services on the terms and conditions set forth in this Agreement which includes the Recitals hereby incorporated into the Agreement by reference, Job Order Contract Overview, Project Summary, Description of Job Order Contract Work, Book 1, Book 2, Book 3, and Book 4 as modified from time to time by Amendment or Job Order; and

NOW THEREFORE, the Commission and the Contractor have executed this Agreement on the terms and conditions that follow:

JOB ORDER CONTRACT OVERVIEW

A Job Order Contract is an indefinite quantity contract whereby the Contractor may perform an ongoing series of individual Projects at different locations and facilities under the jurisdiction of the PBC and/or its User Agencies. The Contract Documents include a Construction Task Catalog® (CTC) containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.

The Commission may, but is not obligated to, issue Job Orders within the scope of this Agreement. If the Commission does so, and the Contractor submits Job Order Proposals or any written documentation that is accepted by the Commission, the rendering of Services will be in accordance with this Agreement. The Commission is not obligated to issue any Job Orders nor to issue any Requests for Job Order Proposals under this Agreement.

The Contractor has three (3) sets of Adjustment Factors to be applied to the Unit Prices contained in the CTC that correspond to the appropriate Tier. Each set of Adjustment Factors includes an Adjustment Factor for performing work during Normal Working Hours, an Adjustment Factor for performing work during Other Than Normal Working Hours, and an Adjustment Factor for performing work that has not been pre-priced ("Non-Pre-Priced Tasks"). The Adjustment Factors shall apply to every Pre-priced Task in the CTC.

Thereafter, as projects are identified the Contractor will jointly scope the work with the Commission. The Commission will prepare a Detailed Scope of Work and issue a Request for Job Order Proposal to the Contractor. The Contractor will then prepare a Job Order Proposal for the Project including a Job Order Price Proposal, drawings and sketches, a list of subcontractors and their MBE/WBE status, current certification letters, construction schedule, and other requested documentation. The Job Order Price shall equal the value of the approved Job Order Price Proposal. The value of the Job Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non-Pre-priced Tasks.

If the Job Order Proposal is found to be complete and reasonable, a Job Order may be issued. A Job Order will reference the detailed Scope of Work and set forth the Job Order Completion Time, and the Job Order Price. The Job Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate Job Order will be issued for each Project. Extra work, credits, and deletions will be contained in a Supplemental Job Order.

The Commission has awarded contracts to General Contractors based on the following three (3) Tiers listed below.

Tier 1 – For Projects Equal to or Less than \$300,000.00

Tier 2 - For Projects between \$300,000.01 and \$1,000,000.00

Tier 3 - For Projects Greater than \$1,000,000.01

FORM J – AWARD CRITERIA FIGURE

FORM J - AWARD CRITERIA FIGURE

A. Basis of Award (Award Criteria Figure)

To promote the intended goal of economic opportunity and maximize the use of minority personnel on this project, the Public Building Commission of Chicago has established the Award Criteria Figure formula for the purpose of evaluating proposals and awarding the contract. A contract in the amount of the Total Base Proposal (or Base Contract Price) will be awarded to the responsible bidder with the lowest Award Criteria Figure pursuant to Section III.P Basis of Award above. The Public Building Commission of Chicago reserves the right to check all calculations for accuracy. The fulfillment of the Award Criteria does not abrogate the responsibilities of the Contractor to comply with federal and state requirements under the Equal Employment Act and the Illinois Human Rights Act.

1. Instructions

The Bidder shall complete the Award Criteria Figure Formula and transfer the final Award Criteria Figure - Line 15 to the space provided on the itemized proposal sheet. Failure to complete the formula may be cause for rejection of the Bidder's proposal. The successful bidder will be held responsible for adhering to the figures submitted in Lines 1, 2, 4, 6, 8, 10 and 12 during construction of the project.

Lines 2, 4 and 6 in the formula shall not be greater than seventy percent (70%) in each category for the sole purpose of determining award of the contract. Similarly, lines 8, 10 and 12 shall not be greater than fifteen percent (15%) in each category for the purpose of award criteria only. The seventy percent (70%) and fifteen percent (15%) goals are not intended to restrict the total number of minority and female employees to be used on the project, but only to establish limiting figures for use in the formula.

2. Award Criteria Figure Formula

(Insert Line 15 of Award Criteria Formula to Line 10 on Form I – Proposed Adjustment Factors):

3. Community Hiring Bonuses

In order to encourage maximum employment of interested and available residents of the project community on this project, the following bonus calculations shall apply:

- a. In calculating the hours worked by minority and women Journeyworkers, apprentices, and laborers under the Award Criteria Figure set out in Part V.A. "Basis of Award (Award Criteria Figure)," all hours worked by minority and women Journeyworkers, existing apprentices, and laborers who are residents of the project community shall be multiplied by 1.5.
- b. In calculating the hours worked by minority and women apprentices under the Award Criteria Figure set out in Part V "Proposal Support Documents," all hours worked in new apprenticeships by minority and women apprentices who are residents of the project community shall be multiplied by 2.0.

Definitions

"City of Chicago Residents" means persons domiciled within the City of Chicago. Salaried superintendents are excluded from coverage in this section. Domicile is an individual's one and only true, fixed, and permanent home and principal establishment.

"Project Community Residents" means persons domiciled within the "Project Community" as defined in Book 2.

"New Apprenticeship" shall mean an apprenticeship begun for a person who has not held an apprenticeship card within ninety (90) days prior to beginning the project.

4. Liquidated Damages

The Contractor hereby consents and agrees that, in the event that it fails to comply with each of the minimum commitments submitted with this Proposal on Lines 2, 4, 6, 8, 10, and 12 of the Award Criteria Figure formula, covering minority and female Journeyworkers, apprentices, and laborers respectively, the following shall apply.

If the total hours in any category for which a percentage is assigned in Lines 2, 4, 6, 8, 10, or 12 of the Award Criteria equals zero at the completion of the work, then a net deficiency of the entire percentage assigned will be deemed to exist. For any net deficiency in each category, the following amounts shall be deducted as liquidated damages from monies due the Contractor and the Contract Sum modified accordingly:

- a. For each full one (1%) percent deficiency of minority Journeyworkers not utilized – four cents per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1} \times 04}{100}$$

Each one (1%) percent deficiency toward the goal for female Journeyworkers (Line 8) shall be calculated in the same way.

FORM J – AWARD CRITERIA FIGURE

- b. For each full one (1%) percent deficiency of minority apprentices not utilized – three cents per hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1} \times 03}{100}$$

Each one (1%) percent deficiency toward the goal for female apprentices (Line 10) shall be calculated in the same way.

- c. For each one (1%) percent deficiency of minority laborers not utilized – one cent per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1} \times 01}{100}$$

Each one (1%) percent deficiency toward the goal for female laborers (Line 12) shall be calculated in the same way.

- d. Liquidated Damages, if any, will be calculated and assessed on the total amount of the Contract at the end of the Term.
- e. Liquidated damages, if any, will be calculated for the last pay requests, if possible, reflecting fifty percent (50%) completion, seventy-five percent (75%) completion, and ninety percent (90%) completion, respectively, based upon the Contractor's pay request together with all attendant certified payrolls and other required documentation of minority and women employment. The accrued liquidated damages and interest will be added to the retention provided elsewhere in this contract. The amount of liquidated damages due to the Commission under this provision will bear compound interest at the rate of 5% per annum, compounded monthly from the date of the Notice to Proceed to the date of approval of a deductive change order for liquidated damages. Should the total amount of liquidated damages due under all provisions of this contract exceed the amount of the Commission's retainage, compound interest on the amount over and above the retainage will continue to accrue until the entire amount of liquidated damages and compound interest is paid to the Commission.
- f. The Commission is aware that certain subcontract agreements under this contract may require subcontractors to contribute to payment of liquidated damages assessed under this provision. Should enforcement of subcontract liquidated damages provisions result in an aggregate total of subcontractor liquidated damages greater than the liquidated damages assessed hereunder against Contractor, then Contractor must pay the excess pro rata as a bonus to each subcontractor exceeding its subcontract commitments for minority or women employment, or both.

5. Reporting

In accordance with this commitment, the Contractor must submit both the Contractor's Payroll Record Form and the Contractor's Recapitulation of Minority and Female Worker Hours and Percentages Form on a monthly basis. All Subcontractors shall be listed on the Contractor's Recapitulation Form whether active or not. For the purpose of this report, the following group categories will be used:

- a. The classification "White" includes person of Indo-European descent.
- b. The classification "Black" or "African-American" includes persons having origins in any of the black racial groups of Africa.
- c. The classification "Hispanic" includes persons whose origins are from Mexico, Puerto Rico, Cuba, Central or South America, the Caribbean Islands or other Spanish culture or origin, regardless of race.
- d. The classification "Native American" includes persons who are Native Americans by virtue of tribal association.
- e. The classification "Asian-Pacific" includes persons whose origins are from East Asia, Southeast Asia, the Pacific Islands or the Indian sub-continent.

The classification "Other" includes qualified individuals with disabilities who meet legitimate skill, experience, education or other requirements of employment positions held or sought and who perform the essential function with or without reasonable accommodation and other groups or other individuals found by the Public Building Commission of Chicago to be socially and economically disadvantaged and to have suffered actual racial or ethnic discrimination and decreased opportunities to compete in Chicago area markets.

Contractors and subcontractors are required to endorse their liability policies with form CG 24 17 to eliminate the exclusion for work within fifty (50) feet of the rail right-of-way. B. ADDITIONAL REQUIREMENTS

Contractor must furnish the Public Building Commission Procurement Department, Richard J. Daley Center, Room 200, Chicago, IL 60602, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Contract, and Renewal Certificates of Insurance, or such similar evidence, if any insurance policy has an expiration or renewal date occurring during the term of this Contract. The Contractor must submit evidence of insurance to the Public Building Commission prior to Contract award. The receipt of any certificate does not constitute agreement by the Commission that the insurance requirements in the Contract have been fully met or that the insurance policies indicated on the certificate are in compliance with all Contract requirements. The failure of the Commission to obtain certificates or other insurance evidence from Contractor is not a waiver by the Commission of any requirements for the Contractor to obtain and maintain the specified insurance. The Contractor will advise all insurers of the Contract provisions regarding insurance. Non-conforming insurance does not relieve Contractor of the obligation to provide insurance as specified in this contract. Non-fulfillment of the insurance conditions may constitute a breach of the Contract, and the Commission retains the right to stop work until proper evidence of insurance is provided, or the Contract may be terminated.

The insurance must provide for 30 days prior written notice to be given to the Commission in the event coverage is substantially changed, canceled, or non-renewed.

The Public Building Commission of Chicago reserves the right to obtain copies of insurance policies and records

Any deductibles or self-insured retentions on referenced insurance must be borne by Contractor. All self-insurance, retentions and/or deductibles must conform to these requirements.

The Contractor waives and agrees to cause all their insurers to waive their rights of subrogation against the Public Building Commission of Chicago, the City of Chicago, the User Agency and any other entity as required by the Public Building Commission of Chicago, their respective Board members, employees, elected officials, officers, or representatives. The Contractor must require each Subcontractor to include similar waivers of subrogation in favor of the Commission, the City of Chicago, the User Agency and any other entity as required by the Public Building Commission of Chicago.

The insurance coverage and limits furnished by Contractor in no way limit the Contractor's liabilities and responsibilities specified within the Contract or by law.

Any insurance or self-insurance programs maintained by the Public Building Commission of Chicago, the City of Chicago, the User Agency and any other entity as required by the Public Building Commission of Chicago, will not contribute with insurance provided by the Contractor under the Contract.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Contract or any limitation placed on the indemnity in this Contract given as a matter of law.

If contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a Named Insured.

The Contractor must require all subcontractors to provide the insurance required herein, or Contractor may provide the insurance for subcontractors. All subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Contract.

If Contractor or subcontractor desires additional coverage, the party desiring the additional coverage is responsible for the acquisition and cost

The Public Building Commission of Chicago, the City of Chicago, the User Agency and others as may be required by the Public Building Commission of Chicago, are named as Additional Insureds on primary non-contributory basis on endorsements forms CG2010 and CG2037.
A waiver of subrogation is applied to the general liability (form CG5036) and workers' compensation (form WC000313), in favor of the additional insured. Umbrella follows form.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

COMMERCIAL GENERAL LIABILITY

**CONTRACTORS ADDITIONAL INSURED/
WAIVER OF RIGHTS OF RECOVERY
EXTENSION ENDORSEMENT**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

1. Additional Insured - When Required By Written Construction Contract For Ongoing Operations Performed By You For An Additional Insured and/or Your Completed Operations

- A. With respect to coverage afforded under this section of the endorsement, **Section II - Who Is An Insured** is amended to include as an insured any person or organization for whom you are performing operations, when you and such person or organization have agreed in a written contract effective during the policy period stated on the Declarations Page (hereinafter referred to as the "Policy Period") and executed prior to the "bodily injury" or "property damage" for which coverage is sought, that you must add that person or organization as an additional insured on a policy of liability insurance (hereinafter referred to as the "Additional Insured").

The Additional Insured is covered only with respect to vicarious liability for "bodily injury" or "property damage" imputed from You to the Additional Insured as a proximate result of:

- (1) Your ongoing operations performed for that Additional Insured during the Policy Period; or
- (2) "Your work" performed for the Additional Insured during the Policy Period, but only for "bodily injury" or "property damage" within the "products - completed operations hazard."

- B. It is further understood that the designation of any person or organization as an Additional Insured:

- (1) does not increase the scope or limits of coverage afforded by this policy; and

- (2) does not apply if the person or organization is specifically named as an additional insured under any other provision of this policy.

- C. With respect to the coverage afforded to the Additional Insured, the following additional exclusions apply:

This insurance does not apply to:

- (1) Liability for "bodily injury" or "property damage" arising out of the rendering of, or the failure to render, any professional services, including, but not limited to:
 - (a) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
 - (b) Supervisory, inspection, architectural or engineering activities.
- (2) Liability for "bodily injury" or "property damage" arising out of or in any way attributable to the claimed negligence or statutory violation of the Additional Insured, other than vicarious liability which is imputed to the Additional Insured solely by virtue of the acts or omissions of the Named Insured.
- (3) Liability for "bodily injury" or "property damage" proximately caused by your ongoing operations, which takes place, in whole or in part, after the earlier of:

- (a) the date that all work called for in the written contract with the Additional Insured has been completed, as defined in the definition of "products-completed operations hazard" herein; or
 - (b) the end of the Policy Period.
- (4) Liability for "bodily injury" or "property damage" proximately caused by "your work" included in the "products-completed operations hazard" after the earlier of:
- (a) the conclusion of the period during which the written contract requiring such coverage requires it; or
 - (b) 1 year after completion of "your work" performed for the Additional Insured, as defined in the "products - completed operations hazard."

D. Section III - Limits Of Insurance is amended to include:

- (1) The limits of insurance applicable to the Additional Insured are:
 - (a) those specified in the written contract that requires the person or organization to be added as an Additional Insured; or
 - (b) as stated on the Declarations Page of this policy, whichever is less.

These limits of insurance are inclusive of, and not in addition to the limits of insurance shown on the Declarations Page. If other insurance of any type is written by us and applicable to the Additional Insured, the maximum recovery under all coverage forms or policies combined may equal but not exceed the highest applicable per occurrence and aggregate limit of insurance under one coverage form or policy providing coverage, whether primary or excess.

E. Section IV - Other Insurance is amended to include:

- (1) When required under a written contract with the Additional Insured which is executed prior to "bodily injury" or "property damage" for which coverage is sought by the

Additional Insured hereunder, the coverage provided to the Additional Insured under this section of the endorsement shall apply on a primary and noncontributory basis with any other insurance upon which the Additional Insured is listed as a Named Insured.

F. Section IV - Transfer Of Rights Of Recovery Against Others To Us is amended to include:

- (1) When required under a written contract executed prior to the "occurrence" for which we make payment under this coverage part, we waive any right of recovery we may have against any person or organization who is an Additional Insured because of payments we make under this section of the endorsement.

2. Additional Insured - State Or Political Subdivisions - Permits

- A. With respect to coverage afforded under this section of the endorsement, **Section II - Who Is An Insured** is amended to include as an insured any state or political subdivision which has issued a permit to you when you and such state or political subdivision have agreed in a written contract or agreement effective during the policy period stated on the Declarations Page and executed prior to "bodily injury," "property damage," or "personal and advertising injury" for which coverage is sought that you must add the state or political subdivision as an additional insured on a policy of liability insurance. Such state or political subdivision is an insured only with respect to operations performed by you or on your behalf for which the state or political subdivision has issued a permit.
- B. With respect to the coverage afforded to the additional insured provided by this section of the endorsement, the following additional exclusions apply:

This insurance does not apply to:

- (1) "Bodily injury," "property damage," or "personal and advertising injury" arising out of operations performed for the state, municipality, or political subdivision; or

- (2) "Bodily injury" or "property damage" included within the "products-completed operations hazard".

If an additional insured endorsement is attached to this coverage part or policy that specifically names a state or political subdivision as an insured or additional insured, then coverage under this endorsement does not apply for adding the state or political subdivision as an additional insured if the state or political subdivision would, in whole or in part, also be covered as an additional insured under this endorsement.

To Whom It May Concern:

MJDohn-Solutions has been working with Tiles in Style regarding placing both builders risk and professional liability insurance for their work related to PBC JOC program. We are in the process of submitting applications to carriers to get the best programs for them. Based on our discussions with our markets for these products there should be no issue getting these coverages bound prior to work being initiated under PBC's JOC program.

If you have any questions regarding the status of these policies, please feel free to contact me to discuss them.

Sincerely,

Matthew Dohn

Explanations COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

EXHIBIT K – SAMPLE PROJECT LABOR AGREEMENT

SAMPLE PROJECT LABOR AGREEMENT

CHICAGO BOARD OF EDUCATION MULTI-PROJECT LABOR AGREEMENT

This Multi-Project Labor Agreement ("Agreement") is entered into by and between the Board of Education for the City of Chicago ("Board" or "Trustees"), an Illinois governmental entity, and each of the undersigned labor organizations signatory hereto.

Because of the scope, cost and duration of, and important public purpose to be served by the construction and/or modernization of schools and school-related facilities by or related to the Chicago Public Schools ("CPS"), the parties to this Agreement have determined that it is in the public interest to have certain projects completed in the most timely, productive, economical and orderly manner possible and without labor disputes or disruptions of any kind that might interfere with or delay the projects.

The parties have determined that it is desirable to eliminate the potential for friction and disruption of these projects by using their best efforts and ensuring that all work is performed by the trade unions that are signatory hereto and which have traditionally performed and have trade and geographic jurisdiction over such work. Experience has proven the value of such cooperation and that such mutual undertakings should be maintained and, if possible, strengthened and that the ultimate beneficiaries remain the taxpayers, schoolchildren and public.

To further these goals and to maintain a spirit of harmony, labor-management cooperation and stability, the parties agree as follows:

1. During the term of this Agreement, the Board shall not contract or subcontract, nor permit any other person, firm, company or entity to contract or subcontract, any construction, demolition, rehab or renovation of any Board property, at any of its sites or locations where work in furtherance of the projects is being undertaken, either by the Board, or its contractor or construction manager, as owner, coordinator, manager, contractor and/or purchaser relating to construction work covered by this Agreement or within the trade jurisdiction of the signatory unions, to be done at the site of construction, alteration, painting or repair of a building, structure or other work at the site or location covered by this Agreement and/or owned, leased, or in any manner controlled by the Board, unless such work is performed only by a person, firm or company signatory or willing to become signatory to an existing collective bargaining agreement with the union or with the appropriate trade/craft union or subordinate body of the Chicago & Cook County Building & Construction Trades Council or the AFL-CIO Building & Construction Trades Department. Copies of all such current collective bargaining agreements constitute Appendix "A" of this Agreement, attached hereto and made an integral part hereof and as may be modified from time to time during the term of this Agreement. Said provisions of this Agreement shall be included in all requests for bids and shall apply to all projects in excess of \$25,000.00

113369.10

; provided however, that said project contracts shall not be "split" so as to avoid the applicability of this Agreement.

2. All contractors working on projects subject to this Agreement shall be required to maximize the number of the apprentices working on the project.
3. The Board shall require that the Public Building Commission (PBC) comply with this Agreement on projects managed by the PBC that it performs on the Board's behalf.
4. With respect to a contractor or subcontractor who is the successful bidder, but is not a signatory to the applicable collective bargaining agreement, the collective bargaining agreement executed by said bidder shall be the relevant area agreement regulating the wages, hours and other terms and conditions of employment.
5. During the term of this Agreement, project contractors and/or subcontractors shall engage in no lockout at any of the project sites.
6. During the term of this Agreement, no labor organization signatory hereto, or any of its members, officers, stewards, agents, representatives or employees, shall instigate, authorize, support, sanction, maintain, or participate in any strike, walkout, work stoppage, work slowdown, work curtailment, cessation or interruption of production, or in any picketing of any project sites for any reason whatsoever, including, but not limited to, a dispute between the Board, or any contractor or subcontractor, and any union or any employee, or by and between any unions, or in sympathy with any union or employee or with any other individual or group, or in protest of any project of \$25,000.00 or under.
7. Each union signatory hereto agrees that it will use its best efforts to prevent any of the acts forbidden in Paragraph 4, and that, in the event any such act takes place or is engaged in by any employee or group of employees, each union signatory further agrees that it will use its best efforts (including its full disciplinary power under its applicable Constitution and By-Laws) to cause an immediate cessation thereof.
8. Any contractor signatory hereto shall have the right to discharge or discipline any employee who violates the provision of this Agreement. Such discharge or discipline by a contractor or subcontractor shall be subject to the grievance arbitration procedure of the applicable collective bargaining agreement only as to the fact of such employee's violation of this Agreement. If such fact is established, the penalty imposed shall not be subject to review and shall not be disturbed.

9. The parties expressly authorize a court of competent jurisdiction to order appropriate injunctive relief to restrain any violation of this Agreement, any form of self-help remedy is expressly forbidden. Nothing in the foregoing shall restrict any party to otherwise judicially enforce any provision of its collective bargaining agreement between any labor organization and a contractor with whom it has a collective bargaining relationship.
10. This Agreement shall expire on June 30, 2025 unless either party gives written notice to the other no earlier than February 1, 2020 and no later than March 1, 2020 to terminate this Agreement effective June 30, 2020. If such notice to terminate is given or, if not, upon expiration on June 30, 2025, the Agreement shall extend until the completion of any work initiated pursuant to the Agreement prior to termination or expiration.
- 11.a.) In the event a dispute shall arise between any contractor or subcontractor of the project and any signatory labor organization and/or fringe benefit fund established under the appropriate collective bargaining agreement as to the obligation and/or payment of fringe benefits provided under the collective bargaining agreement, upon proper notice to the contractors and/or subcontractors by the appropriate labor organization or appropriate fringe benefit fund and to the Board, an amount sufficient to satisfy the amount claimed shall be withheld from the contractor's or subcontractor's regularly scheduled periodic payment from the Board or its agents until such time as said claim is resolved.
- b.) In the event any other contract dispute (excluding a dispute covered by paragraph 10 of this Agreement) shall arise between any contractor or subcontractor of the project and any signatory labor organization relating to a contract and/or project covered by the provisions of Paragraph 1 above and said dispute is resolved by the grievance arbitration procedure of the applicable collective bargaining agreement, any failure of a party to fully comply with such a final resolution shall result in the removal of the non-complying party from the Board project and property upon proper notice to the contractor and/or subcontractor.
12. In addition to the obligations set forth in this Agreement, in the event a jurisdictional dispute by and between any of the unions, such unions shall take all steps necessary to promptly resolve the dispute. In the event of a dispute relating to the trade or work jurisdiction, all parties, including the employer (contractors or subcontractors), agree that a final and binding resolution of the dispute shall be achieved, as follows:
 - a.) Representatives of the affected trades shall meet on the job site within forty-eight (48) hours after receiving notice in an effort to resolve this dispute. (In the event there is a dispute between affiliates of the same

International, the decision of the General President or his/her designee, as the internal jurisdictional dispute authority of that International, shall constitute a final and binding decision.) Any agreement reached at this step shall be final and binding upon all parties.

- b.) If no settlement is reached during the proceedings contemplated in Paragraph 10(a) above, the matter shall be immediately referred to the leadership of the Chicago & Cook County Building & Construction Trades Council, according to the historic practice, for a meeting between the parties. Any agreement reached at this step shall be final and binding upon all parties.
- c.) If no settlement is reached subsequent to the actions contemplated in Paragraph 10(b) above, the matter shall be referred to the Joint Conference Board established by the Standard Agreement between the Construction Employers' Association and the Chicago & Cook County Building & Construction Trades Council for final and binding resolution of said dispute. A copy of the Standard Agreement is attached hereto and made a part hereof as Appendix "B".

It is explicitly agreed to by all parties that the parties to this Agreement, as well as each contractor and subcontractor performing work on or for the project, specifically are bound and stipulated to the jurisdiction and process of the Joint Conference Board. Said provision shall become a provision in all contracts and subcontracts issued by the owner, construction manager, contractor, subcontractor, or any agent thereof.

- 13. This agreement shall be incorporated into and become part of the collective bargaining agreements between the Unions signatory hereto and contractors and subcontractors. In the event of any inconsistency between this Agreement and any collective bargaining agreement, the terms of this Agreement shall supersede and prevail except for all work performed under the NTD Articles of Agreement, the National Stack/Chimney Agreement, the National Cooling Tower Agreement, all instrument calibration work and loop checking shall be performed under the terms of the UA/IBEW Joint National Agreement for instrument and Control Systems Technicians, and the National Agreement of the International Union of Elevator Constructors with the exception of the content and subject matter of Article V, VI, and VII of the AFL-CIO's Building & Construction Trades Department model Project Labor Agreement.
- 14. The parties recognize a desire to facilitate the entry into the building and construction trades of veterans who are interested in careers in the building and construction industry. These parties agree to utilize the services of the Center for

Military Recruitment, Assessment and Veterans Employment (hereinafter referred to as the "Center") and the Center's Helmets to Hardhats program to service as a resource for preliminary orientation, assessment of construction aptitude, referral to apprenticeship programs or hiring halls, counseling and mentoring support network, employment opportunities and other needs as identified by the parties. The parties also agree to coordinate with the Center to create and maintain an integrated database of veterans interested in working on this project and of apprenticeship and employment opportunities for this Project. To the extent permitted by law, the parties will give appropriate credit to such veterans for bona fide, provable past experience, in the building and construction industry.

15. This Agreement constitutes the entire agreement between the parties hereto and may not be modified or changed except by the subsequent written agreement of the parties. Each party warrants and represents that they have the full legal authority and capacity to enter into this Agreement.
- 16.(a.) The parties agree that in the implementation and administration of this Agreement it is vitally necessary to maintain effective and immediate communication so as to minimize the potential for disputes arising out of this Agreement. To that end, each party hereto agrees to designate, in writing, a representative to whom problems which may arise during the term of this Agreement can be directed. Within forty-eight (48) hours after notice of the existence of any problem, representatives of each party shall meet to discuss and, where possible, resolve such problems. The Board hereby designates the Chief Executive Officer or his designee; the unions hereby designate the President of the Council or his designee.
- b.) The Board and the Council shall establish a subcommittee composed of no more than six (6) people with an equal number of representatives chosen by each side to examine contracting situations. The subcommittee shall meet monthly or upon request and shall have access to and examine those contracts and subcontracts involving work within the trade jurisdiction of the union currently in progress or planned. The Council shall receive written notification of all invitations to bid or requests for proposal (RFP) at the same time as the invitation for bid or RFP is conveyed to potential contractors. Upon request, the Board or its contractor or construction manager will disclose to the union all information made available to the bidders or potential bidders to the public and to any potential contractor. In the event the Board or any contractor determines to utilize a procedure not involving a public solicitation (for example, in cases of emergency or pilot project), the Board shall notify the union(s) if known by the Board and the subcommittee.
17. If any provision, section, subsection or other portion of this Agreement shall be determined by any court of competent jurisdiction to be invalid, illegal or

unenforceable in whole or in part, and such determination shall become final, such provision or portion shall be deemed to be severed or limited, but only to the extent required to render the remaining provisions and portions of this Agreement enforceable. This Agreement, as thus amended, shall be enforced so as to give effect to the intention of the parties insofar as that is possible. In addition, the parties hereby expressly empower a court of competent jurisdiction to modify any term or provision of this Agreement to the extent necessary to comply with existing law and to enforce this Agreement as modified.

18. In the event the Board enters into an agreement or undertaking with any other governmental agency for the construction-related activities contemplated under this Agreement, the terms and provisions of this Agreement shall apply to all such projects irrespective of the agency awarding the contract or supervising the work thereunder.

**SUPPLEMENTAL AGREEMENT TO THE
PROJECT LABOR AGREEMENT
REGARDING STUDENT PROGRAMS AND APPRENTICESHIPS
July 1, 2015**

The Chicago Board of Education ("Board") and the signatory labor organizations ("Unions") to the Project Labor Agreement hereby agree, as follows:

1. **Student Business Enterprises.** Notwithstanding any existing agreement, the Board may use non-paid volunteers or parents and paid or unpaid students for in-school projects, specifically, projects such as the Student Business Enterprise, or any other similar education-related programs.

2. **Apprenticeship Goals and Supports for CPS Graduates.** Each Union will establish a goal that at least thirty percent (30%) of its apprenticeships, interns or other construction-related work opportunities annually will be composed of persons who graduated from the Chicago Public Schools ("CPS"). The Chicago and Cook County Building Trades Council ("CBTC") will regularly update its website (www.CBTC.org) with information regarding apprenticeship programs and links to the Unions' apprenticeship program websites. The Board shall inform its high school counselors and relevant teacher staff of the website and the resources available there.

3. **Joint Efforts to Improve CPS Graduate Success in Admissions to Apprenticeship Programs.** The Board and the Unions individually and through their umbrella organization (the Chicago and Cook County Building Trades Council) will collaborate to improve student, faculty (including high school counselors) and staff awareness of trade apprenticeship programs, their availability, their requirements and their processes and to develop programs that will increase the success of CPS graduates' who seek entry into Union apprenticeship programs. The support provided by the CBTC may be in one or more of the following forms as agreed to annually by the parties:

- A. Designing and conducting informational meetings with CPS high school counselors and CPS faculty at CPS high schools or at designated central locations to provide information on trade apprenticeship curriculum development, apprenticeship programs, application processes, and requirements for successful candidates.
- B. Providing information regarding apprenticeship application processes to student and faculty, including facsimiles of applications, and information regarding application requirements.
- C. Hosting two construction teacher meetings per year for CPS teachers.
- D. Reviewing curriculum and suggesting improvements.
- E. Facilitating student field trips to Apprenticeship Training Facilities, provided the CPS will secure and pay for transportation costs and any CPS-required insurance for such field trips.
- F. Facilitating the transmission of the following information to CPS from each Joint Apprenticeship Training Committee, including a yearly report on or about September 1st of each year or other reporting date that the parties may designate:
 - Total number of apprenticeship applications received;
 - Total number of CPS apprenticeship applications received;
 - Total number of individuals accepted into the apprenticeship program;
 - Total number of CPS graduates accepted over and under the age of 23 into the apprenticeship program;
 - Total number of graduates of the apprenticeship program; and,
 - Total number of CPS graduates of the apprenticeship program.
- G. Facilitating speaking engagements by Union speakers at CPS schools to provide information about the trades they represent, the work they do and the value they contribute to the community; hosting field trips; working with Construction Industry Services Corporation (CISCO), Education to Careers Division, to educate students about opportunities in the trades; and, facilitating participation by the Apprenticeship Programs yearly in CISCO's Hands-On Fair for CPS.
- H. Participating in student immersion programs, including workshops, for CTE and non-CTE students.

4. Board to Require Contractors to Maximize Trade Apprentices on CPS Jobs and Jobs Performed for CPS. The Board shall require Contractors to maximize the number of apprentices working on jobs subject to this agreement (the number of apprentices are subject to the terms of the appropriate trade agreement) and the Multi-Project Labor Agreement and shall

include such requirements in its bid solicitation for contractors and subcontractors.

5. **Union Support for CPS Summer Seasonal Student Employment.** The Unions shall support the Board's summer employment initiative for CPS students in its summer season facilities maintenance program, in which CPS students will be employed to perform non-skilled maintenance that is not within the jurisdiction of any trade and will participate in educational seminars and demonstrations regarding the various aspects of facilities maintenance including those requiring skilled trades. The support shall include trade demonstrations, informational material regarding their respective trades, technical advice and other supports to the program. The Unions and the Board will agree on specific roles that the Unions will play during that program.

6. **Union Participation in the Industry Advisory Council.** The Unions will ensure that each trade who is a party to this Agreement provides a representative who participates on the Industry Advisory Council.

7. **Support for Board-Union-CBTC Collaborative Efforts on Apprenticeships and Program Support.** The Board shall engage an external project manager at a cost not to exceed one hundred thousand dollars (\$100,000.00) annually for the first two years of this agreement for the purposes of providing support services to the Board and CBTC in attaining the goals of this agreement. No later than August 1 of each year of this Agreement, Board, CBTC and the project manager shall meet to plan a program of support for the upcoming school year and develop CPS student apprenticeship program strategies, including plans to identify, inform and counsel qualified CPS high school students (regardless of program of study) and their guidance counselors about apprenticeship programs and opportunities. The plan will include benchmarks by which success of the Board-CBTC collaboration and the project management is measured that year. The project manager shall work with Board and CBTC representatives to

plan activities for each academic year and to work with the CBTC representatives, the Union and the Unions' apprenticeship program to facilitate the Unions' work in paragraphs 2 and 3(A) to (G), and 5, the effort to maximize apprenticeships with Board contractors in accordance with paragraph 4 and the unions participation in Industry Advisory Council in accordance with paragraph 6. During the period of July 1, 2016 to July 1, 2017, the Board CBTC and CPS will review the annual fee to determine whether and to what extent it should be continued in subsequent years of this agreement.

8. Supplement is Integral Part of the PLA. The parties recognize that this Agreement is an integral part of their agreements regarding the PLA. The parties further agree that the initiatives described herein require the continued good faith efforts of both parties to bring these initiatives to fruition.
