Section 4.01 Engagement. The Commission engages the Architect, and the Architect accepts the engagement, to provide the Services described in this Agreement, as those Services may be amended by an Amendment to the Agreement as provided below in Section 4.13.

Section 4.02 Key Personnel. The Architect must not reassign or replace Key Personnel without the written consent of the Commission. The Commission may at any time in writing notify Architect that the Commission will no longer accept performance of Services under this Agreement by one or more Key Personnel listed in the Agreement in Schedule D. Upon the Architect's receipt of such notice, Architect must immediately suspend the Key Person or Key Persons from performing Services under this Agreement and must replace him or her with a person possessing comparable professional credentials and experience. Such replacements are subject to prior written approval by the Commission.

Section 4.03 Adequate Staffing. The Architect must, upon receiving a fully executed copy of this Agreement, assign and maintain for the duration of the Agreement an adequate staff of competent personnel that is fully equipped, licensed as

appropriate, available as needed and qualified to perform the Services. The Architect must include among its staff the Key Personnel and positions as identified in the Agreement and specified in Schedule D. The level of staffing may be revised from time to time by notice in writing from Architect to the Commission and with prior written consent of the Commission. In the event that the Architect fails to adequately staff the Project or timely perform its obligations under this Agreement, and the Contractor files a claim for delay damages as a result of such failures, the Architect will be liable to the Commission and the User Agency for any delay damages caused by the Architect's failure to comply with the requirements of this Agreement.

Section 4.04 Nondiscrimination. In performing under this Agreement the Architect will not discriminate against any worker, employee, applicant for employment, or any member of the public, because of race, color, creed, national origin, gender, age, or disability, or otherwise commit an unfair labor practice. The Architect certifies that he/she is familiar with, and will comply with, all applicable provisions of the Civil Rights Act of 1964, 28 U.S.C. § 1447, 42 U.S.C. §§ 1971, 1975a-1975d, 2000a to 2000h-6 (1992); the Age Discrimination in Employment Act of 1967, 29 U.S.C. §§ 623-634 (1992); the Americans with Disabilities Act of 1990, 29 U.S.C. § 706, 42 U.S.C. §§ 12101-12213, 47 U.S.C. §§ 152, 221, 225, 611 (1992); 41 C.F.R. § 60 (1992); 41 C.F.R. § 60 (1992); reprinted in 42 U.S.C. 2000(e) note, as amended by Executive Order No. 11,375 32 Fed. Reg. 14,303 (1967) and by Executive Order No. 12,086, 43 Fed. Reg. 46,501 (1978); the Age Discrimination Act, 43 U.S.C. Sec. 6101-6106 (1981); P.L. 101-336; 41 C.F.R. part 60 et seq. (1990); the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. (1990), as amended; the Discrimination in Public Contracts Act, 775 ILCS 10/0.01 et seq. (1990), as amended; the Environmental Barriers Act., 410 ILCS 25/1 et seq; and the Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq. of the Municipal Code (1990), as amended. Section 4.05 Employment Procedures; Preferences and Compliance. Salaries of employees of the Architect, performing work under this Agreement, will be paid unconditionally, and not less often than once a month, without deduction or rebate on any account except such payroll deductions as are mandatory or permitted by applicable law or regulations. The Architect certifies that he/she is familiar with, and will comply with, all applicable provisions of 820 ILCS 130/0.01 through 130/12 (Prevailing Wage Act), 30 ILCS 570/1 through 570/7 (Employment of Illinois Workers on Public Works Act) and 30 ILCS 560/0.01 through 560/7 (Public Works Preference Act). The Architect will also comply with all applicable "Anti-Kickback" laws and regulations, including the "Anti-Kickback" Act of 1986, 41 U.S.C. §§ 51-58 (1992); 18 U.S.C. § 874 (1992); 40 U.S.C. § 276c (1986) and the Illinois Criminal Code of 1961 720 ILCS 5/33E-1 et. seq. If, in the performance of this Agreement, any direct or indirect "kick-back" is made, as defined in any of the above mentioned laws and regulations, the Commission may withhold from the Architect, out of payments due to the Architect, an amount sufficient to pay any underpaid employees the difference between the salaries required to be paid under the law and this Agreement and the salaries actually paid such employees for the total number of hours worked. The amounts withheld may be disbursed by the Commission for and on account of the Architect to the respective employees to whom they are due, as determined by the Commission in its sole discretion.

Section 4.06 Compliance with Policies Concerning MBE and WBE. Without limiting the generality of the requirements of the policies of the Commission referred to in Section 3.01 above, the Architect will use every reasonable effort to utilize minority business enterprises and women business enterprises for not less than 30% of the value of the Services, in accordance with the Resolution passed by the Board of Commissioners of the Commission on October 1, 2004, and the Amended Resolution passed on June 12, 2012, concerning participation of minority business enterprises and women business enterprises on contracts, other than construction contracts, awarded by the Commission and to furnish to the Commission, such reports and other information concerning compliance with such Resolution as may be requested by the Commission from time to time.

Section 4.07 Records. The Architect must maintain accurate and complete records of expenditures, costs and time incurred by the Architect and by any Subcontractor or Subconsultant engaged by the Architect in connection with the Project, and the Services. Such records must be maintained in accordance with recognized commercial accounting practices. The Commission may examine such records at the Architect's offices upon reasonable notice during normal business hours. The Architect must retain all such records for a period of not less than five (5) calendar years after the termination or expiration of the Agreement. However, if there is a disagreement over fees or a dispute between the Commission and the Architect, or if a claim or dispute pertaining to the Project is filed by the Contractor, then Architect must retain all such records for five (5) calendar years from the date of the claim or dispute, or until a final resolution of the matter, whichever occurs later.

Section 4.08 Compliance with Laws. In performing its engagement under the Agreement, the Architect must comply with all applicable federal, state and local laws, rules, and regulations. The Architect and its Subcontractors and Subconsultants, including

the respective officers, directors, agents, partners and employees of such entities, shall cooperate with the Inspector General of the Public Building Commission and the Inspector General of the User Agency in any investigation or hearing undertaken pursuant to Public Building Commission Resolution 7576 adopted by the Board of Commissioners of the Public Building Commission of Chicago on October 1, 2010.

The Architect has read and agrees to comply with all provisions of the Code of Ethics Resolution passed by the Commission on October 3, 2011, which is available on the Commission's website at https://www.pbcchicago.com/wp-content/uploads/2017/05/RES_PBC_ecr_CodeofEthicsConsolApril-2013_20130405.pdf, and is incorporated into this Agreement by reference.

Section 4.09 Defects in Project. The Architect must notify the Commission immediately if the Architect obtains knowledge of an issue or circumstances which could result in a delay in the performance of Services or significant problem in connection with the Project, including but not limited to construction defects, cost overruns or scheduling delays.

Section 4.10 Performance Standard.

- (a) The Architect represents that the Services performed under the Agreement will proceed with efficiency, promptness and diligence and will be executed in a competent and thorough manner, in accordance with reasonable professional standards in the field consistent with that degree of skill and care ordinarily exercised by practicing design professionals performing services of a scope, purpose, and magnitude comparable with the Services to be provided under this Agreement. The Architect will assign at all times during the term of the Agreement the number of experienced, appropriately trained employees necessary for the Architect to adequately and timely perform the Services and provide the Deliverables in the manner required by the Agreement. Failure by the Architect to adequately perform its obligations under this Agreement will be deemed an Event of Default subject to Article X of this Agreement.
- (b) The Architect must ensure that all Services that require the exercise of professional skills or judgment are accomplished by professionals qualified and competent in the applicable discipline and appropriately licensed, if required by law. The Architect must maintain current copies of any such licenses and, upon request, provide such copies to the Commission. The Architect will remain responsible for the professional and technical accuracy of all Services furnished, whether by the Architect or Subcontractors or Subconsultants on its behalf. All Deliverables will be prepared in a form and content satisfactory to the Commission and delivered in a timely manner consistent with the requirements of the Agreement.
- (c) Intentionally Deleted [Same as 4.13].
- (d) If the Architect fails to comply with the obligations under the standards of the Agreement and any applicable Task Order, the Architect must perform again, at its own expense and at the direction of the Commission, all Services required to be re-performed as a direct or indirect result of such failure. Any review, approval, acceptance or payment for any of the Services or Deliverables by the Commission does not relieve the Architect of its responsibility to render the Services and Deliverables with the professional skill and care and technical accuracy required by the Agreement. This provision in no way limits the Commission's rights against the Architect either under the Agreement, at law or in equity.
- (e) Evaluations of the Commission's budget for the Project, the preliminary estimate of the cost of the work and updated estimates of the cost of the work prepared by the Architect represent the Architect's judgment as a design professional familiar with the construction industry. It is recognized, however, that neither the Architect nor the Commission has control over the cost of labor, materials or equipment, over the contractor's methods of determining bid prices, or over competitive bidding, market or negotiating conditions.

Section 4.11 Errors and Omissions. As directed by the Commission's Authorized Representative, the Architect will, without additional compensation, prepare addenda, change orders and/or bulletins required to correct or clarify errors, omissions or ambiguities. The Commission's Errors and Omissions ("E & O") Committee will review the Project for alleged errors and omissions by the Architect. The E & O Committee will, as appropriate, conduct an internal review of the alleged error and omission, provide a written statement of claim regarding the alleged error and omission to the Architect, allow the Architect to respond in writing, and meet with the Architect to attempt to settle the claim when the Commission concludes an error or omission has occurred. The Architect will attend such meetings and comply with the procedures specified in the E & O Manual without additional compensation. Upon notice or discovery, and as directed by the Authorized Commission Representative, the Architect will perform, without additional compensation, the professional services required in order to issue change orders to the contract documents that will correct or clarify errors, omissions, or ambiguities. The Commission reserves the right to recover, from the Architect, all costs, fees and damages incurred by the Commission or the User Agency resulting from errors or omissions in the construction documents prepared by the Architect. The Architect acknowledges that all recovery may be reserved by the

Commission until the E & O Committee has completed its review of the Project and completion of the Services to be performed and Deliverables to be provided by the Architect.

The Commission may withhold payments, in whole or in part, for a material breach of the Agreement, including but not limited to, the Architect's failure to adequately and timely perform the Services or provide the Deliverables, design errors or omissions and failure to adhere to terms of this Agreement.

If the Commission and the Architect disagree with regard to the Architect's fault or as to whether the Architect is entitled to Additional Services for the Services and/or Deliverables required by the Commission, then the Architect may assert a dispute pursuant to Article XI of this Agreement. However, the Architect must continue to perform Services and provide Deliverables as directed by the Commission during the pendency of any such dispute.

Section 4.12 Amendments to this Agreement. The Commission may from time to time request changes to the terms and provisions of the Agreement. Such changes, including any increase or decrease in the amount of compensation and revisions to the description or duration of the Services, which are mutually agreed upon by and between the Commission and Architect, will be incorporated in a written amendment to the Agreement. The Commission will not be liable for any additional payment to the Architect until a written amendment is executed by the Architect and the Commission.

Section 4.13 Limitations on Subconsultants and Subcontractors. Architect must not use any business or individual who is disqualified by the Commission or debarred under any other governmental agency's procedures to provide the Services under the Agreement.

Section 4.14 Task Orders.

- (a) **Task Order Service Requests.** During the term of the Agreement, the Commission may issue one or more requests or solicitations for specific Services to be performed under the Agreement (a "Task Order Service Request" or "TOSR" or "RFP"). Each such Task Order Request will identify the Project, describe the specific Services to be performed, the desired completion date, and any other information or documents to be provided to the Architect in order to respond to the Task Order Service Request.
- (b) **Task Order Proposals.** Architect must submit to the Commission a written response to the Task Order Service Request by providing the information and documents requested (the "Task Order Proposal"). The Task Order Proposal will propose a schedule, budget, Deliverables, a list of technical personnel who will perform the Services and any other information or documents listed in the Task Order Service Request. The Task Order Proposal must be submitted within the time specified in the Task Order Service Request. Any costs associated with the preparation of such Task Order Proposal are not compensable under the Agreement and the Commission is not liable for any such costs or fees incurred by the Architect or its Subcontractors or Subconsultants to prepare the Task Order Proposal.
- (c) **Review Process.** The Commission will review the Task Order Proposal and may elect to approve it, reject it, or use it as a basis for further negotiations with the Architect regarding the Task Order and specific Services to be performed and/or Deliverables to be provided. If the Commission and Architect negotiate changes to the Task Order regarding the specific Services and/or Deliverables to be provided, Architect must submit a revised Task Order Proposal (based upon such review procedures) to the Commission.
- (d) **Notice of Approval of Task Orders.** All Task Orders are subject to the written approval of the Commission and no Task Order will become binding upon the Commission until it is approved in writing by the Executive Director (or designee). Absent approval of a Task Order, as described below, the Commission will not be obligated to pay or have any liability to Architect or its Subcontractors or Subconsultants for any Services or Deliverables provided by Architect pursuant to such Task Order. An approved Task Order shall include, a signed approval on Commission letterhead, Architect's approved Task Order Proposal, approved Certificate of Insurance, and an approved MBE/WBE Compliance plan.
- (e) **No Obligation.** Architect acknowledges and agrees that the Commission is under no obligation to issue any Task Orders, and that it is within the Commission's discretion whether to include Architect in any solicitation for Task Order Proposals.

Section 4.15 The Commission may require the Architect to use the Commission's electronic document management system in performing the Services and the assigned Task Order. At the direction of the Commission, the Architect must follow the CW (or other system in use by the Commission) procedures and submit progress reports and other Deliverables through the CW System (or system in use by the Commission). The Architect must attend courses and receive training on the CW System (or system in use by the Commission) provided by or on behalf of the Commission. Any costs incurred by Architect as a result of the attendance

of Architect's personnel at CW System (or system in use by the Commission) training courses are not compensable by the Commission.

Article V. TERM

Section 5.01 Duration. The term of this agreement begins on the Effective Date above, and, subject to the provisions in this section, continues through the Commission's final acceptance of any outstanding Project Deliverables.

Section 5.02 Termination by the Commission. The Commission has the right, at any time, to terminate this Agreement in whole or in part, with or without cause, by thirty (30) days written notice given to the Architect (the "Termination Notice"). Termination shall be deemed after the date of the Termination Notice (the "Termination Date"). So long as the Architect is not in default under this Agreement at the time of the Termination Notice, the Commission will pay the Architect, in accordance with the terms of this Agreement, all compensation and reimbursements due to the Architect for periods up to the Termination Date. The Commission may exercise any right of set off regarding Architect's failure to properly perform Services from payments that are due to Architect.

Section 5.03 Suspension by the Commission. The Commission also has the right, at any time and from time to time, with or without cause, to suspend the performance of the Architect hereunder with respect to all or any part of the Services, by written notice (the "Suspension Notice") given to the Architect at least five (5) days before the effective date of suspension (the "Suspension Date"). Upon receipt of the Suspension Notice the Architect must wind down its Services. So long as the Architect is not in default under this Agreement at the time of the Suspension Notice, the Commission will pay the Architect, in accordance with the terms of this Agreement, all compensation and reimbursements due to the Architect for periods up to the Suspension Date.

- (a) During the period the Architect's performance is suspended, the Architect is not entitled to incur fees or bill the Commission, except for Architect's time for participating in substantive meetings concerning the Project (but not for meetings to discuss Architect's invoices or claims). The Architect may bill such time spent during a suspension only if the Architect's participation is requested by the Commission and only for the time of one individual per meeting. Commission will pay for such time at the applicable hourly billing rate set forth in Schedule B. Participation in meetings at the request of the Commission is not considered to be resumption of the Architect's Services or a withdrawal or waiver of the Suspension Notice.
- (b) If the Architect is required to resume its Services under this Agreement, the Commission shall issue a written notice ("Revocation of Suspension") granting Architect a reasonable period not to exceed ten (10) days to remobilize itself. The Architect may bill for reasonable time spent on remobilization so long as the Commission's Suspension Notice was not issued for cause attributable to the Architect. The Commission will pay for such remobilization as is reasonable and billed at the hourly rate for one Senior Project Manager or less at the hourly billing rate set forth in Schedule B. The number of days during which the suspension period lasted, including any remobilization time, will be added to the Completion Date of Services as determined in accordance herein and any applicable Task Order, establishing a revised Completion Date of Services. The Architect will re-commence its Services as of the date of the Revocation of Suspension, and may resume billing in accordance with the terms of the Agreement.

Section 5.04 Effect of Termination or Suspension. Termination or suspension of this Agreement in whole or in part does not relieve the Architect from liability for its performance of any obligation under this Agreement that was performed or was to have been performed by the Architect on or before the Termination Date or Suspension Date. In no event will the Commission be liable to the Architect for any loss, costs or damages, including lost profits, which the Architect or its Subcontractors or Subconsultants or any other party may sustain by reason of the termination or suspension of this Agreement.

Section 5.05 Force Majeure. Neither of the parties will be liable to the other for any delay or failure in performance hereunder due to causes which are beyond the control of the party unable to perform. If a force majeure occurs, the party delayed or unable to perform will give prompt notice to the other party, and the Commission may, at any time during the continuation of the force majeure event, elect to suspend the performance of the Architect under the Agreement for the duration of the force majeure. The Commission will not be obligated to pay for the Services to the extent and for the duration that performance of the Services is delayed or prevented by force majeure, but, provided the Architect is not in default of any obligation of the Architect under the Agreement, the Commission will pay to the Architect, according to the terms of the Agreement, all compensation and

reimbursements due to the Architect for periods up to the effective date of suspension. The term “force majeure” means an extraordinary event or effect that the parties could not have anticipated or controlled and that renders performance impossible or impracticable for the duration of the event or effect. Such events or effects include but are not limited to: extraordinary acts of nature, such as tornadoes; or of people, such as acts of terrorism; or of governments, such as imposition of martial law.

Article VI. COMPENSATION OF ARCHITECT

Section 6.01 Schedule B. The Commission will compensate the Architect for the Services in the amount and manner set forth in Schedule B *and* as modified by each duly executed Task Order.

Section 6.02 Maximum Compensation. Architect’s maximum compensation under this Agreement shall be Ten Million Dollars (\$10,000,000). The Architect’s compensation under this Agreement shall be established by duly authorized Task Order(s).

Section 6.03 Delays. The Architect agrees that no charges for damages or claims for damages shall be asserted by it or its Subcontractors or Subconsultants against the Commission for any delays or hindrances from any cause whatsoever during the progress of any portion of the Services. Such delays or hindrances, if any, shall be compensated for by an extension of time to perform the Services and/or provide the Deliverables for such reasonable period as may be mutually agreed upon between the Commission and the Architect, it being understood, however, that the agreement of the Commission to allow the Consultant to complete the Services and/or the Deliverables or any part of them after the time provided for the completion thereof herein shall in no way operate as a waiver on the part of the Commission of any of its rights hereunder.

Article VII. RIGHTS AND OBLIGATIONS OF COMMISSION

Section 7.01 General and Specific. In connection with the administration of the Project by the Commission and the performance of the Agreement by the Architect, the Commission has the following rights and obligations, in addition to those provided elsewhere in the Agreement:

- (a) Information. The Commission will provide the Architect all information reasonably required concerning the Commission's requirements for the Project and the Services.
- (b) Review of Documents. Subject to the provisions of the Agreement, the Commission will make reasonable efforts to examine documents submitted by the Architect and render decisions pertaining to them with reasonable promptness.
- (c) Site Data. To the extent the Commission determines to be necessary for the Architect to perform the Services, the Commission may furnish, or may authorize the Architect to obtain from a company or companies approved by the Commission, the following items as Reimbursable Expenses:
 - (i) A certified survey of the site or sites impacted by the Project providing, as required, all grades and lines of streets, alleys, pavements and adjoining property, rights-of-way, encroachments, boundaries and contours of the building site.
 - (ii) A certified title commitment.
 - (iii) Information concerning locations, dimensions and data pertaining to existing buildings and other improvements.
 - (iv) Title information as to restrictions, easements, zoning and deed restrictions.
 - (v) Information concerning availability of both public and service and utility lines. See Schedule A for more details.
- (d) Tests and Reports. The Architect will provide the Commission the final plans and specifications for the project in an editable, electronic form. Further, the Architect will not restrict or otherwise interfere with the Commission's and/or the User Agency's future actions in authorizing the use, adaptation, revision, or modification or destruction of the Work provided that the Architect is indemnified by the Commission for any damages resulting from any such future re-use or adaptation of the Work.

No courses of dealing on the part of the Commission or delay or failure on the part of the Commission to exercise any right will operate as a waiver of such right or otherwise prejudice the Commission's rights, powers or remedies. The Commissioner's decision to terminate the Agreement is not subject to claim or dispute under Article XI. The Commission may withhold payments, in whole or in part, for a material breach of the Agreement, including but not limited to, the Architect's failure to perform services in a timely manner, design errors or omissions, or failure to adhere to the terms of this Agreement.

Section 10.03 Remedies Not Exclusive. Article XI. CLAIMS AND DISPUTES

Section 11.01 General. All claims by the Architect ("Claim") arising under, related to or in connection with the terms of this Agreement or its interpretation, whether involving law or fact or both, including questions concerning entitlement for additional compensation for Services performed or Deliverables provided by the Architect, its Subcontractors or Subconsultants, and all claims for alleged breach of contract must first be presented by the Architect to the Authorized Commission Representative for resolution. In the event the Architect and the Authorized Commission Representative cannot resolve the Architect's Claim, the Architect must file a written dispute ("Dispute") to the Executive Director for final determination, subject to Section 11.04 below.

Section 11.02 Claim Procedure. The Architect must make all requests for determination of Claims in writing, specifically referencing this Section, and include: 1) the issue(s) presented for resolution; 2) a statement of the position of the Architect; 3) the facts underlying the Claim; 4) reference to the applicable provisions of the Agreement by page and section; 5) identification of any other parties believed to be necessary to the resolution of the Claim; and 6) all documentation which describes and relates to the Claim. The Authorized Commission Representative will have thirty (30) business days to respond in writing to the Claim by supplementing the submission or providing its own submission. The Authorized Commission Representative will attempt to negotiate a resolution of the Claim by agreement, but if a negotiated resolution is not achieved, the Authorized Commission Representative must provide a written ruling within sixty (60) days of receipt of the Claim instructing the Architect that any dispute ("Dispute") must be filed with the Executive Director within thirty (30) days from the date of the ruling. If the Architect fails to file a Dispute within thirty (30) days following the ruling by the Authorized Commission Representative, the Architect will be deemed to have accepted the ruling and waived its right to challenge it.

Section 11.03 Dispute Procedure. In the event that the Authorized Commission Representative and Architect can not resolve the Claim, the Architect may file a written Dispute with the Executive Director for final determination. The Dispute submission must contain the information required in Section 11.02 above and a copy provided to the Authorized Commission Representative. The Authorized Commission Representative shall file a response within thirty (30) days.

Section 11.04 Executive Director's Determination. The Executive Director's final determination ("Final Determination") will be rendered in writing no more than forty-five (45) business days after the response by the Commission Representative was filed or was due, unless the Executive Director notifies the Architect and the Authorized Commission Representative that additional time for the Final Determination is necessary. The Architect must follow the procedures set out in this Section to receive the Executive Director's Final Determination. In the event the Architect disagrees with the Executive Director's Final Determination, the Architect may file, a common law *writ of certiorari* in the Circuit Court of Cook County which shall be the sole and exclusive judicial remedy of the Architect. However, the Architect must have followed the procedures in this section as a condition precedent to filing a common law *writ of certiorari*. The Architect shall not withhold performance of any Services required by the Commission under this Agreement or any Task Order during the Dispute resolution period.

Section 11.05 Architect Self-Help Prohibited. The Architect must never withhold performance of its Services by, for example, refusing to review and approve appropriately submitted invoices or pay applications, refusing to timely to make recommendations on general contractor claims, or refusing to promptly issue other appropriate approvals needed by others where doing so would potentially harm third parties, such as subconsultants, the Contractor, or its subcontractors, or the Project Schedule. Doing so to gain potential leverage in negotiating or settling the Architect's Claim and/or Dispute against the Commission or User Agency will constitute bad faith on the Architect's part and shall be deemed a failure to perform and a Default under this Agreement. This provision shall not be interpreted as prohibiting the Architect from exercising its professional judgment and skills in carrying out its duties and responsibilities under the Agreement.

Article XIII. ASSIGNMENT

The Architect acknowledges that the Commission is induced to enter into this Agreement by the professional qualifications of the principals, staff and employees of the Architect and, therefore, that neither the Agreement nor any right or obligation in the Agreement may be assigned by the Architect, in whole or in part, without the prior written approval of the Commission. For purposes of this paragraph, if the Architect undergoes a change in control, the change in control is deemed an assignment of the Agreement; a change in control is defined as a transfer of more than fifty percent (50%) of the equity ownership of the Architect during any 12-month period. In the event of an assignment by the Architect without the prior written approval of the Commission, the Commission will have the right to immediately terminate the Agreement without fault or responsibility.

The Architect further acknowledges that the Architect represented to the Commission the availability of certain members of the Architect's staff who will be assigned to the Project; therefore, in the event of the unavailability of such members for any reason, the Architect must so notify the Commission in writing, and must assign other qualified members of the Architect's staff, as approved by the Commission, to the Project.

Article XIV. RELATIONSHIP OF PARTIES

Under the Agreement, the relationship of the Architect to the Commission is that of an independent contractor, and the Architect will have no right or authority to make contracts or commitments for or on behalf of the Commission, to sign or endorse on behalf of the Commission any instruments of any nature or to enter into any obligation binding upon the Commission. Section 15.06 Notices. All notices required to be given under this Agreement must be given in writing and must be hand delivered or sent by United States certified or registered mail, postage prepaid, addressed to the Commission or to the Architect at their respective addresses set forth above, as appropriate. If given as provided in this Agreement, such notice is deemed to have been given on the date of delivery, if delivered by hand, and on the second business day after mailing, if given by mail. If any provision of the Agreement is held to be invalid or unenforceable by a court of competent jurisdiction, such provision will be severed from the Agreement and such invalidity or unenforceability will not affect any other provision of the Agreement, the balance of which will remain in full force and effect; provided, however, that if such provision is

deemed invalid or unenforceable as a matter of law, such provision will be deemed to have been modified so as to be valid and enforceable to the maximum extent permitted by law.

Section 15.09 Successors and Assigns. Except as otherwise provided in the Agreement, the Agreement is binding upon and inures to the benefit of each of the parties to the Agreement and their respective successors and assigns.

Section 15.10 Non-appropriation of Funds. If funds have not been appropriated in full or in part, the Commission has the right to terminate the Agreement. The Commission will not authorize the Architect to provide services under this Agreement unless sufficient funds are appropriated to pay for the Services.

At the Insurer's discretion, notice of any **Expense Event** may be deemed a notice of circumstance, and any **Claim** subsequently made against any **Insured** arising out of such **Expense Event** shall be deemed under this Policy to be a **Claim** first made during the **Policy Period** in which such specific **Expense Event** was first reported to the Insurer.

SECTION V - DEFENSE, INVESTIGATION & CONSENT TO SETTLE

A. Defense of Claims

The Insurer has the right and duty to defend any **Claim** made against an **Insured** to which this Policy applies, even if the allegations of the **Claim** are groundless, false or fraudulent. The Insurer shall appoint counsel to defend any **Claim**, provided however, the **Insured** may request, in writing, the appointment of specific counsel, subject to the approval and written consent of the Insurer and subject to the Insurer's litigation management guidelines. However, the Insurer shall have no duty to defend any **Insured** against any **Claim** to which this insurance does not apply.

The Insurer shall not be obligated to pay any **Loss**, or to undertake or continue the defense of any **Claim**, after the applicable Limit of Liability has been exhausted by the payment of **Loss**, or after the applicable Limit of Liability has been deposited with, or becomes subject to control of, a court of competent jurisdiction. The duty to defend also terminates when all potentially covered **Claims** are dismissed or withdrawn.

If a **Claim** is subject to arbitration or mediation, the Insurer or defense counsel assigned by the Insurer shall be entitled to exercise all of the **Insured's** rights in the choice of arbitrators or mediators and in the conduct of the arbitration or mediation proceeding.

B. Pre-Claim Assistance

If the **Insured** gives notice of a potential **Claim** pursuant to Section IV.C of the Policy, the Insurer may, at its sole discretion, pay any costs and expenses it incurs to investigate the potential **Claim**. Such payment is not subject to a Deductible and shall be in addition to and not part of, the Aggregate Limit of Liability referenced in ITEM 3 of the Declarations. Once such potential **Claim** becomes a **Claim**, all **Loss** incurred thereafter in connection with such **Claim**, shall be subject to a Deductible and the Aggregate Limit of Liability stated in ITEM 3 of the Declarations.

C. Consent to Settle

The Insurer shall not settle any **Claim** without the consent of the **Insured**, such consent not to be unreasonably withheld or delayed. As a condition precedent to coverage under this Policy, the **Insured** shall not admit liability for or settle any **Claim**, incur any **Expenses** or **Claim Expenses**, without the Insurer's prior written consent, such consent not to be unreasonably withheld. The Insurer shall have the right to investigate and conduct negotiations and, with the written consent of the **Named Insured**, effect settlement of any **Claim** as the Insurer deems reasonable. The Insurer shall not be liable for any settlement, **Loss** or assumed obligations to which it has not given its prior written consent.

D. Collaborative Defense

The **Insured's** Deductible as provided in ITEM 4.A of the Declarations will be reduced by fifty percent (50%) for any **Claim** fully and finally settled as a result of mediation, as evidenced by a written settlement agreement, within twelve (12) months of when the **Claim** is first made against the **Insured** and reported in accordance with Section IV of the Policy. Provided, however, the amount of the Deductible reduction shall not exceed \$25,000 for any such **Claim**.

E. Cooperation

The **Insureds** agree to provide the Insurer with all information, assistance and cooperation which the Insurer reasonably requests, and agree that in the event of a **Claim**, the **Insureds** shall do nothing that will prejudice the Insurer's position or its potential or actual rights of recovery, or increase the Insurer's exposure under the Policy. The **Insured** shall execute or cause to be executed all papers and render all assistance as is requested by the Insurer. The **Insured** shall not make any admissions or voluntary settlements without the consent of the Insurer.

Upon the Insurer's request, the **Insured** shall assist in making settlements, in the conduct of suits, and in enforcing any right of contribution or indemnity against any person or organization who may be liable to the **Insured**. The **Insured** shall attend all hearings, trials, depositions, mediations and arbitrations, and assist in securing and giving evidence and obtaining the attendance of witnesses.

SECTION VI – LIMIT OF LIABILITY & DEDUCTIBLE

A. Limit of Liability

1. The most the Insurer will pay for all **Loss** on account of all **Claims** covered by this Policy is the Aggregate Limit of Liability stated in ITEM 3 of the Declarations. The most the Insurer will pay for all **Loss** for each **Claim** is the Per Claim Limit of Liability stated in ITEMS 5.A-C of the Declarations. The most the Insurer will pay for all **Loss** for all **Claims** under each respective Insuring Agreement is the respective Aggregate Limit of Liability stated in ITEMS 5.A-C of the Declarations, which amounts shall be part of and not in addition to the Aggregate Limit of Liability stated in ITEM 3 of the Declarations.
2. The most the Insurer will pay for each of the respective **Expenses** referenced in SECTION II-SUPPLEMENTAL PAYMENTS, is the respective Sublimit set forth in ITEMS 6.A-I of the Declarations, for each such **Expense** regardless of the number claimants or **Insureds** involved, or **Expense Events** that occur, and subject to any Aggregate Limit, if applicable, set forth in ITEMS 6.A-I of the Declarations. The amounts as set forth in ITEMS 6.A-H shall be in addition to and not part of the Aggregate Limit of Liability referenced in ITEM 3 of the Declarations. The amount set forth in ITEM 6.I of the Declarations shall be part of and not in addition to the Aggregate Limit of Liability referenced in ITEM 3 of the Declarations.
3. Once the Aggregate Limit of Liability as shown in ITEM 3 of the Declarations is exhausted by the Insurer's payment of **Loss**, the Insurer will have no further obligations of any kind under this Policy, and all such obligations, including with respect to any coverage provided under Section II, shall be completely fulfilled and extinguished. The Insurer is entitled to pay **Loss** as it becomes due and payable by the **Insureds**, without consideration of other future payment obligations.
4. The Aggregate Limit of Liability for any **Extended Reporting Period**, if exercised, shall be part of and not in addition to the Aggregate Limit of Liability as set forth in ITEM 3 of the Declarations.

5. If a single **Claim** is covered in whole or in part under more than one Insuring Agreement, the Insurer's maximum liability for all **Loss** covered on account of such **Claim** shall not exceed the largest applicable Limit of Liability.

B. Claim Expenses

Claim Expenses are part of and not in addition to the Limits of Liability set forth in ITEM 5 of the Declarations and the Aggregate Limit of Liability set forth in ITEM 3 of the Declarations and the payment by the Insurer of **Claim Expenses** reduces such Limits of Liability.

C. Deductible

The Deductible stated in ITEM 4.A of the Declarations shall apply separately to each **Claim**. The Insurer shall only be liable for **Loss** incurred by the **Insured** in excess of the applicable Deductible. Any payment of a Deductible in connection with a **Claim** shall not reduce any other applicable Deductible for any other **Claim** (that is not a **Related Claim**). A Deductible shall be satisfied by monetary payments of **Loss** by the **Named Insured** or upon the **Named Insured's** failure to pay, jointly and severally by all **Insureds**. The **Insured** must pay any Deductible within thirty (30) days of the Insurer's written request regardless of the number of **Claims** covered by this Policy.

If a single **Claim** is subject to multiple Deductible amounts, each applicable Deductible will be applied separately to each part of such **Claim**, but the maximum Deductible amount applicable to such **Claim** will not exceed the largest applicable Deductible.

Once the Aggregate Deductible stated in ITEM 4.B of the Declarations has been exhausted by the payment of **Loss** in connection with any **Claims(s)**, there shall be no further Deductible required to be paid for any additional **Claims(s)** made under the Policy.

D. Multiple Insureds, Claims and Claimants

The Limits of Liability shown in the Declarations is the most the Insurer will pay for all **Loss** regardless of the number of **Insureds**, **Claims** or claimants. All **Related Claims** shall be deemed a single **Claim**. Such single **Claim** shall be deemed to be first made on the date the earliest of such **Related Claims** is first made against any **Insured** regardless of whether such date is before or during the **Policy Period**. Only one Deductible shall apply to such single **Claim**. The **Insured** shall provide notice to the Insurer of any subsequent **Related Claim** pursuant to Section IV.A above. This Policy shall not cover any **Loss** incurred in connection with any subsequent **Related Claim** before such subsequent **Related Claim** is reported to the Insurer in accordance with Section IV.A of the Policy.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

This endorsement modifies insurance provided under the Policy:

Solely for the purposes of coverage provided under the Policy, it is hereby understood and agreed that:

The **CANCELLATION AND NONRENEWAL** Section of the Policy is amended to read in its entirety as follows:

CANCELLATION AND NONRENEWAL

The **Named Insured** may cancel this Policy or any Coverage Part, if applicable, by mailing to the Insurer advance written notice of cancellation. The Insurer may cancel this Policy or any Coverage Part, if applicable, only for nonpayment of premium. In such event, the Insurer shall mail to the **Named Insured**, and to any agent or broker, written notice of cancellation at least twenty (20) days before the effective date of such cancellation, but such cancellation shall not become effective if the **Insureds** pay such premium in full during such twenty (20) day period. Notice of cancellation will state the reason for cancellation and the effective date of cancellation. The **Policy Period** will end on that date. Any notice of cancellation will state the effective date of cancellation. The **Policy Period** will end on that date. If this Policy is cancelled, the Insurer will send to the **Named Insured** the premium refund, computed pro rata. The cancellation will be effective even if the Insurer has not made or offered a premium refund. If the Insurer decides not to renew this policy, the Insurer will mail to the **Named Insured**, any agent or broker and any lienholder known to the Insurer, written notice, stating the reason for non-renewal, at least sixty (60) days prior to the end of the **Policy Period**. If the Insurer offers to renew or continue and the **Named Insured** does not accept, this policy will terminate at the end of the current **Policy Period**. Failure to pay the required renewal or continuation premium when due shall mean that the **Named Insured** has not accepted the Insurer's offer. If the Insurer fails to mail proper written notice of non-renewal and the **Named Insured** obtains other insurance, this policy will end on the effective date of that insurance.

We will mail cancellation and nonrenewal notices to the **Named Insured**, and the agent or broker, at the last address known to the Insurer. The insurer will maintain proof of mailing on a form acceptable to U.S. Post Office or other commercial mail delivery service.

CLAIM EXPENSES

1. The following is added to the definition of **Claim Expenses** in **SECTION XX - DEFINITIONS**:

The Insurer’s internal expenses including, but not limited to, salaries of attorneys and adjusters employed by the Insurer do not constitute **Claim Expenses** as defined, and, therefore, do not reduce the Limits of Liability applicable to the Policy.

2. The following is added to the end of **SECTION V.A – Defense of Claims**:

If the Insurer incurs any **Claims Expenses** in connection with any **Claim** first made against any **Insured**, the Insurer will have the right to reimbursement for the **Claims Expenses** the Insurer has incurred in the event and to the extent that the **Insured** was not entitled to these payments under the terms and conditions of this policy.

The right to reimbursement for the **Claims Expenses** under this provision will only apply to **Claims Expenses** the Insurer has incurred after the Insurer notifies the **Named Insured** in writing that there may not be coverage, and that the Insurer is reserving its rights to terminate the defense and seek reimbursement for **Claims Expenses**.

OTHER INSURANCE

SECTION IX – OTHER INSURANCE is replaced with the following:

SECTION IX – OTHER INSURANCE

If any **Loss** resulting from any **Claim** is insured by any other valid and collectible policy issued to any **Insured**, the Insurer shall not be liable under the Policy for a greater proportion of such **Loss** than the applicable Limits of Liability, as shown on the Declarations of the Policy, bears to the total applicable Limits of Liability against such **Loss** unless such other insurance is purchased specifically to apply in excess of the applicable Limits of Liability shown on the Declarations of this Policy.

PRE-JUDGMENT AND POST-JUDGMENT INTEREST

The following shall be added to **SECTION VI – LIMIT OF LIABILITY & DEDUCTIBLE**:

The Insurer will pay with respect to any **Claim** against any **Insured** for which there is liability under this policy, all interest on the portion of any judgment for which the Insurer is responsible that accrues before or after the entry of the judgment and before the Insurer has paid, offered to pay or deposited in court the part of the judgment that is within the limits of insurance applicable to the Policy. This payment will not reduce the Limits of Liability applicable to the Policy.

PUNITIVE DAMAGES

The definition of **Loss** shall be amended to include the following:

Notwithstanding the foregoing, **Loss** shall not include punitive or exemplary damages and civil penalties assessed against an **Insured** in consequence of a **Wrongful Act** committed by the **Insureds**.

ARBITRATION

If the Insurer and the **Insured** do not agree whether coverage is provided under this Policy for a **Claim** made against the **Insured**, then both parties may agree mutually to arbitration.

When both parties agree mutually to arbitration, each party will select an arbitrator. The two arbitrators will select a third. If they cannot agree within 30 days, either may request that selection be made by a judge of a court having jurisdiction. Each party will:

1. Pay the expenses it incurs; and
2. Bear the expenses of the third arbitrator equally.

Unless both parties agree otherwise, arbitration will take place in the county or parish in which the address shown in the Declarations is located. Local rules of law as to procedure and evidence will apply. A decision agreed to by two of the arbitrators will be binding on both the Insurer and the **Insured**.

4. The Limit of Liability applicable to the **Extended Reporting Period** shall be part of, and not in addition to, the Limit of Liability for the **Policy Period** and the fact that the coverage provided by this Policy may be extended by the purchase of the **Extended Reporting Period** shall not in any way renew, replenish or increase the aggregate Limit of Liability stated in ITEM 3 of the Declarations nor change the scope of coverage available under this Policy.

ATTACHMENT D
SPECIAL CONDITIONS REGARDING THE UTILIZATION OF
MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES
FOR PROFESSIONAL SERVICES

1. Policy Statement

- a. It is the policy of the Public Building Commission of Chicago ("PBC") to ensure competitive business opportunities for MBE and WBE firms in the performance of Contracts, to prohibit discrimination in the award of or participation in Contracts, and to abolish arbitrary barriers to full participation in Contracts by all persons, regardless of race, sex or ethnicity. Therefore, during the performance of this Contract, the Professional Service Provider must agree that it will not discriminate against any person or business on the basis of race, color, religion, ancestry, age, marital status, physical or mental handicap, unfavorable discharge from military service, parental status, sexual orientation, national origin or sex, in the solicitation or the purchase of goods and services or the subcontracting of work in the performance in this Contract.
- b. The Commission requires the Professional Service Provider also agree to take affirmative action to ensure that MBE and WBE firms have the maximum opportunity to compete for and perform subcontracts with respect to this Contract.
- c. The Commission requires the Professional Service Provider to notify MBE and WBE firms, utilized on this contract, about opportunities on contracts without affirmative action goals.

2. Aspirational Goals

- a. Upon the effective date of these Special Conditions, the bi-annual aspirational goals are to award 25% of the annual dollar value of all Commission Construction Contracts to certified MBEs and 5% of the annual dollar value of all Commission Construction Contracts to qualified WBEs.
- b. The contract specific goal for MBE/WBE participation is a minimum of 30% MBE/WBE. This goal may be met by participation of a MBE firm, WBE firm, or a combination of both.
- c. Further, the Professional Service Provider must agree to use its best efforts to include MBE and WBE firms in any Contract modification work that increases the Contract value. Where the proposed contract modification involves work which can be performed by MBEs and WBEs already performing work on the contract such MBEs and WBEs will participate in such work specified in the contract modification.
- d. Failure to carry out the commitments and policies set forth in this Program constitute a material breach of contract and may result in termination of the Professional Service Provider or such other remedy, as the Commission deems appropriate.

3. Definitions

- a. For purposes of this Special Condition, the following definitions applies:
 - (1) "Certified Minority Business Enterprise" means a person or entity granted certification by the City of Chicago or County of Cook.
 - (2) "Certified Women's Business Enterprise" means a person or entity granted certification by the City of Chicago or County of Cook.
 - (3) "Construction Contract" means a contract for the construction, repair, alteration, renovation or improvement of any building, facility or other structure.
 - (4) "Contract Specific Goals" means the subcontracting goals for MBE and WBE participation established for a particular contract based upon the availability of MBEs and WBEs to perform any anticipated scope of work of the contract and the Commission's progress towards meeting the aspirational goals.
 - (5) "Contractor" means any person or business entity that seeks to enter into a Construction Contract with the Commission and includes all partners, affiliates and joint ventures of such person or entity.
 - (6) "Established Business" means a person or entity granted certification by the City of Chicago.
 - (7) "Executive Director" means the Executive Director of the Commission or his/her duly designated representative as appointed in writing.
 - (8) "Good faith efforts" means actions undertaken by a Contractor to achieve a Contract Specific Goal that by their scope, intensity and appropriateness to the objective can reasonably be expected to fulfill the Program's requirements.

- (9) "Joint venture" means an association of two or more persons or entities or any combination of two or more business enterprises and persons numbering two or more, proposing to perform a single for-profit business enterprise, in which each joint venture partner contributes property, capital, efforts, skill and knowledge, and in which the MBE or WBE is responsible for a distinct, clearly-defined portion of the work of the contract and whose share in the capital contribution, control, management, risks and profits of the joint venture is equal to its ownership interest. Joint ventures must have an agreement in writing specifying the terms and conditions of the relationships between the parties and their relationship and responsibilities to the contract.
- (10) "Participating Established Business" means an established business which is eligible to participate in the minority- and women-owned business enterprise program set forth in Section 8 below.
- (11) "Professional Service Provider" means any person or business entity that seeks to enter into Professional Service Contract with the Commission and includes all partners affiliates, and joint ventures of such person or entity.
- (12) "Program" means the minority- and women-owned business enterprise construction procurement program established in this special condition.

4. Determining MBE/WBE Utilization

- a. The methodology for determining MBE and WBE utilization will be determined for purposes of analysis with respect to this contract as follows:
- b. The total dollar value of the contract awarded to the certified MBE or WBE firm will be credited to such participation. Only minority business participation may be counted toward MBE participation and only women business participation may be counted toward WBE participation.
- c. The total dollar value of a contract with a firm owned and controlled by minority women is counted toward either the MBE or WBE goal, but not both. The Professional Service Provider employing the firm may choose the goal to which the contract value is applied. Various work done by one and the same sub-consultant will be considered, for the purpose of this principle, as work effectively done under one subcontract only, which sub-consultant may be counted toward only one of the goals, not toward both.
- d. A Professional Service Provider may count toward its MBE or WBE goal the portion of the total dollar value of a contract with an eligible joint venture equal to the percentage of the ownership and control of the MBE or WBE partner in the joint venture. A joint venture seeking to be credited for MBE participation may be formed among certified MBE and WBE firms, or between certified MBE and WBE firms and a non-MBE/WBE firm. A joint venture satisfies the eligibility standards of this Program if the certified MBE or WBE participant of the joint venture:
 - (1) Shares in the ownership, control, management responsibilities, risks and profits of the joint venture; and
 - (2) Is responsible for a clearly defined portion of work to be performed in proportion to the MBE or WBE ownership percentage.
- e. A Professional Service Provider may count toward its MBE and WBE goals only expenditures to firms that perform a commercially useful function in the work of a contract. A firm is considered to perform a commercially-useful function when it is responsible for execution of a distinct element of the work of a contract and carries out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a firm is performing a commercially useful function, the Commission will evaluate the amount of work subcontracted, industry practices and other relevant factors.
- e. Consistent with normal industry practices, a MBE or WBE firm may enter into subcontracts. If a MBE or WBE Professional Service Provider subcontracts a significantly greater portion of the work of a contract than would be expected on the basis of normal industry practices, the MBE or WBE will be rebuttably presumed not to be performing a commercially-useful function.
- f. A Professional Service Provider may count toward its goals expenditures to MBE or WBE manufacturers (i.e., suppliers that produce goods from raw materials or substantially alters them before resale).
- g. A Professional Service Provider may count toward its goals expenditures to MBE or WBE suppliers provided that the supplier performs a commercially useful function in the supply process.

5. Submission of Proposals

- a. The following schedules and documents constitute the Proposer's MBE/WBE compliance proposal and must be submitted at the time of the proposal.
 - (1) Evidence of Certification: Affidavit of MBE/WBE. A copy of each proposed MBE and WBE firm's Letter of Certification from the City of Chicago, Department of Procurement Services or any other entity

accepted by the Public Building Commission of Chicago must be submitted. The PBC accepts certification by the City of Chicago, and County of Cook.

(2) Schedule B: Affidavit of MBE/Non-MBE or WBE/Non-WBE Joint Ventures. Where the Proposer's MBE/WBE compliance proposal includes participation of any MBE or WBE as a joint venture participant, the Proposer must submit a "Schedule B: Affidavit of MBE/Non-MBE or WBE/Non-WBE Joint Venture" with an attached copy of the joint venture agreement proposed among the parties. The Schedule B and the joint venture agreement must clearly evidence that the MBE or WBE participant will be responsible for a clearly defined portion of the work to be performed and that the MBE or WBE firm's responsibilities are in proportion with its ownership percentage.

(3) Schedule C: Letter of Intent to Perform as a sub-consultant, Subconsultant, or Material Supplier, Schedule C, executed by the MBE/WBE firm (or Joint Venture sub-consultant) must be submitted by the Proposer for each MBE/WBE included on the Schedule D. Schedule C must accurately detail the work to be performed by the MBE or WBE firm and the agreed rates and prices to be paid.

(4) Schedule D: Affidavit of Prime Professional Service Provider Regarding MBE or WBE Utilization. A completed Schedule D committing to the utilization of each listed MBE or WBE firm. Unless the Proposer has submitted a completed request for a waiver of participation by MBE/WBE firms (See Request for Waiver procedures in Section 7), the Proposer must include the specific dollar amount or percentage of participation of each MBE/WBE firm listed on its Schedule D. The total dollar commitment to proposed MBE firms must at least equal the MBE goal, and the total dollar commitment to proposed WBE firms must at least equal the WBE goal. Proposers are responsible for calculating the dollar equivalent of MBE or WBE utilization as percentages of their total proposal.

- b. The submittals must have all blank spaces on the Schedule pages applicable to the contract correctly filled in. Agreements between a Proposer and a MBE/WBE in which the MBE/WBE promises not to provide subcontracting quotations to other Proposers are prohibited.

6. Evaluation of Compliance Proposals

- a. The Proposer's MBE/WBE compliance proposal will be evaluated by the Commission. The Proposer agrees to provide, upon request, earnest and prompt cooperation to the Executive Director or his / her designee in submitting to interviews that may be necessary, in allowing entry to places of business, in providing further documentation, or in soliciting the cooperation of a proposed MBE or WBE firm in providing such assistance. A proposal may be treated as non-responsive by reason of the determination that the Proposer's proposal did not contain a sufficient level of Certified MBE or WBE participation, that the Proposer was unresponsive or uncooperative when asked for further information relative to the proposal, or that false statements were made in the Schedules.
- b. If the Commission's review of a Proposer's proposal concludes that the MBE or WBE proposal was deficient, the Commission will promptly notify the Proposer of the apparent deficiency and instruct the Proposer to submit (within 3 business days of such notice given by the Commission) a modification of the MBE or WBE Proposal, in proper format, which remedies the deficiencies cited. Failure to correct all deficiencies cited by the Commission will be cause for rejection of the Proposer's proposal as non-responsive.
- c. Proposers will not be permitted to modify their MBE/WBE compliance proposal except insofar as directed to do so by the Commission. Therefore, all terms and conditions stipulated for prospective MBE and WBE consultants or suppliers should be satisfactorily negotiated prior to the submission to the Commission of the Proposer's MBE/WBE compliance proposal. If circumstances should arise, however, where a proposed MBE/WBE is no longer available, the process described in Section 12 should be followed.
- d. If the Compliance Proposal includes participation by material suppliers, the PBC will request copies of the offers from such suppliers. The offers must be furnished to the PBC within three (3) business days of the bidder's receipt of the request for such offers from the PBC. The PBC may make such request by electronic mail. The offers must specify: (i) the particular materials, equipment and/or supplies that will be furnished; (ii) the supplier's price for each of the items; (iii) the total price of the items to be furnished by the supplier, (iv) the supplier's source for the items (e.g., manufacturer, wholesaler) and (v) the subcontractor that the supplies will be purchased by

7. Request for Waiver

- a. If a Proposer is unable to identify qualified MBE and WBE firms to perform sufficient work to fulfill the MBE or WBE percentage goals for this Contract, the proposal must include a written request for waiver. A request for waiver must be sent to the Executive Director and must set forth the Proposer's inability to obtain sufficient MBE and WBE firms notwithstanding good faith attempts to achieve such participation.
- b. Good Faith efforts to achieve participation include but are not limited to:

- (1) Attendance at the Pre-bid conference;
 - (2) Solicit certified MBE and WBE firms. Soliciting through reasonable and available means at least 50% of MBE and WBE firms certified in the anticipated scope(s) of work.
 - (3) The Bidder's general affirmative action policies regarding the utilization of MBE and WBE firms, plus a description of the methods used to carry out those policies;
 - (4) Advertise the contract opportunity in trade association newsletters, other media, and/or venues oriented toward and minority and woman-oriented;
 - (5) Timely notification (at least seven (7) days in advance of the bid due date) of specific sub-bid opportunities must be made to MBE and WBE firms and corresponding assistance agencies/associations;
 - (6) Provide interested MBE and WBE firms with adequate information regarding the plans, specifications, and contract requirements in a timely manner;
 - (7) Make efforts to assist interested MBE and WBE firms in obtaining bonding, lines of credit, or insurance;
 - (8) Make efforts to assist interested MBE and WBE firms in obtaining necessary equipment, supplies, materials, or related assistance/services;
 - (9) Effectively use the services of the City; minority or women community organizations/assistance groups, and other organizations to provide assistance in the recruitment and placement of MBE and WBE firms.
 - (10) Negotiate in good faith with interested MBE/WBE firms and provide a description of direct negotiations with MBE and WBE firms for specific sub-bids, including:
 - i. The name, address and telephone number of MBE and WBE firms contacted;
 - ii. A description of the information provided to MBE and WBE firms regarding the portions of the work to be performed; and
 - iii. The reasons why additional MBE and WBE firms were not obtained in spite of negotiations.
 - (11) A statement of the efforts made to select portions of the work proposed to be performed by MBE and WBE firms (such as sub-supplier, transport, engineering, distribution, or any other roles contributing to production and delivery as specified in the contract) in order to increase the likelihood of achieving sub participation;
 - (12) Decision to reject MBE and WBE firms deemed unqualified must be sound and based on a thorough investigation of firms capabilities. As to each MBE and WBE contacted which the Bidder considers to be not qualified, a detailed statement of the reasons for the Bidder's conclusion;
 - (13) Efforts made by the Bidder to expand its search for MBE and/or WBE firms beyond usual geographic boundaries.
 - (14) Must take appropriate, documented steps to follow up initial solicitations with interested MBE and WBE firms.
 - (15) General efforts made to assist MBE and WBE firms to overcome participation barriers.
- c. The Executive Director, after review and evaluation of the request provided by the Bidder, may grant a waiver request upon the determination that:
- (1) Sufficient qualified MBE and/or WBE firms capable of providing the goods or services required by the contract are unavailable despite the good faith efforts of the Bidder;
 - (2) The price(s) quoted by potential MBE and/or WBE firms for goods or services is above competitive levels to an extent unwarranted by any increased cost of doing business attributable to the present effects of disadvantage or discrimination.

8. Established Business Participation in the MBE and WBE Procurement Program

- a. A local business entity which meets all the requirements to be certified as an MBE or WBE under this article except that it has become an established business may participate in the minority- and women-owned business enterprise program as follows:
 - (1) For a one-year period after the business entity has become an established business, only 75 percent of such business's participation in the Contract shall account for the MBE or WBE, as applicable, participation requirement set forth in Section 4;
 - (2) For a one-year period starting on the one-year anniversary of the date the business entity became an

established business, only 50 percent of such business's participation in the Contract shall account for the MBE or WBE, as applicable, participation requirement set forth in Section 4.

(3) For a one-year period starting on the two-year anniversary of the date the business entity became an established business, only 25 percent of such business's participation in the Contract shall account for the MBE or WBE, as applicable, participation requirement set forth in Section 4.

b. An Establish Business entity shall not be eligible to participate in the minority- and women-owned business enterprise procurement program starting on the three-year anniversary of the date the business entity became an established business.

9. Failure To Achieve Goals

a. If the Contractor cannot achieve the contract specific goals, as the Project proceeds, it must have documented its good faith efforts to do so. In determining whether the contractor has made such good faith efforts, the performance of other contractors in meeting the goals may be considered. The Executive Director shall consider, at a minimum, the Contractor's efforts to do the following:

(1) Soliciting through reasonable and available means the interest of MBEs or WBEs that provide interested MBEs or WBEs with adequate information about the plans, specifications and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation.

(2) Provide interested MBEs or WBEs with adequate information about the plans, specifications and requirements of the contract, including addenda, in a timely manner to assist them in responding to the solicitation.

(3) Negotiating in good faith with interested MBEs or WBEs that have submitted bids. Documentation of negotiation must include the names, addresses and telephone numbers of MBEs or WBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why agreements could not be reached with MBEs or WBEs to perform the work. That there may be some additional costs involved in solicitation and using MBEs and WBEs is not a sufficient reason for a contractor's failure to meet the goals, as long as such costs are reasonable.

(4) Not rejecting MBEs or WBEs as being unqualified without sound reasons based on the thorough investigation of their capabilities. The MBEs' or WBEs' standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations are not legitimate cases for rejecting or not soliciting bids to meet the goals.

(5) Making a portion of the work available to MBE or WBE subcontractors and suppliers and to select those portions of the work or material consistent with the available MBE or WBE subcontractors and suppliers, so as to facilitate meeting the goals.

(6) Making good faith efforts despite the ability or desire of a Contractor to perform the work of a contract with its own organization. A Contractor that desires to self-perform the work of a contract must demonstrate good faith efforts unless the goals have been met.

(7) Selecting portions of the work to be performed by MBEs or WBEs in order to increase the likelihood that the goals will be met. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate MBE or WBE participation even when the Contract might otherwise prefer to perform these items with its own forces.

(8) Making efforts to assist interested MBEs or WBEs in obtaining bonding lines of credit or insurance as required by the Commission or Contractor.

(9) Making efforts to assist interested MBEs or WBEs in obtaining necessary equipment, supplies, materials or related assistance or services, including participation in a mentor-protégée program; and

(10) Effectively using the services of the Commission; minority or women community organizations; minority or women contractors' groups; local, state and federal minority or women business assistance offices; and other organizations to provide assistance in the recruitment and placement of MBEs or WBEs.

b. In the event the Public Building Commission Procurement Officer determines that the Contractor did not make a good faith effort to achieve the goals, the Contractor may file a Dispute to the Executive Director as provided in the Section on Disputes.

10. Reporting and Record-Keeping Requirements

a. The Professional Service Provider, within 5 working days of contract award, must execute a formal subcontract or purchase order in compliance with the terms of the Professional Service Provider's proposal and MBE/WBE

assurances. Upon request by the PBC, the Professional Service Provider must provide copies of the contracts or purchase orders executed between it and the MBE and WBE firms. During the performance of the contract, the Professional Service Provider will submit partial and final waivers of lien from MBE and WBE sub-consultant and suppliers indicating the current payment amount and the cumulative dollar amount of payments made to date.

- b. The Professional Service Provider must maintain records of all relevant data with respect to the utilization of MBE and WBE firms, including without limitation payroll records, tax returns and records, and books of account in such detail as the Commission requires, and retain such records for a period of at least 3 years after final acceptance of the work. Full access to such records will be granted to the Commission and/or its designees, on 5 business days' notice in order for the Commission to determine the Professional Service Provider's compliance with its MBE and WBE commitments and the status of any MBE or WBE firm performing any portion of the contract.
- c. The Professional Service Provider will file regular MBE and WBE utilization reports on the form entitled "Status Report of MBE and WBE Sub-Contract Payments", at the time of submitting each monthly invoice. The report should indicate the current and cumulative payments to the MBE and WBE sub-contractors.

11. Disqualification of MBE or WBE

- a. The Contract may be terminated by the Executive Director upon the disqualification of the Professional Service Provider as an MBE or WBE if the sub-consultants status as an MBE or WBE was a factor in the award and such status was misrepresented by the Professional Service Provider.
- b. The Contract may be terminated by the Executive Director upon the disqualification of any MBE or WBE if the sub-consultants or supplier's status as an MBE or WBE was a factor in the award of the contract and the status of the sub-consultant or supplier was misrepresented by the Professional Service Provider. If the Professional Service Provider is determined not to have been involved in any misrepresentation of the status of the disqualified sub-consultant or supplier, the Professional Service Provider shall make good faith efforts to engage a qualified MBE or WBE replacement.

12. Prohibition On Changes To MBE/WBE Commitments

- a. The Professional Service Provider must not make changes to its contractual MBE and WBE commitments or substitute such MBE or WBE sub-consultants without the prior written approval of the Executive Director. Unauthorized changes or substitutions, including performing the work designated for a sub-consultant with the Professional Service Provider's own forces, is a violation of this section and a breach of the contract with the Commission, and may cause termination of the contract for breach, and/or subject the Professional Service Provider to contract remedies or other sanctions. The facts supporting the request must not have been known nor reasonably should have been known by the parties prior to entering into the subcontract.

13. MBE/WBE Substitution Requirements and Procedures

- a. Arbitrary changes by the Contractor of the commitments earlier certified in the Schedule D are prohibited. Further, after once entering into each approved MBE and WBE sub-contract agreement, the Contractor shall thereafter neither terminate the subcontract, nor reduce the scope of the work to be performed by the MBE or WBE, nor decrease the price to the MBE or WBE, without in each instance receiving the prior written approval of the Executive Director. In some cases, however, it may become necessary to substitute a new MBE or WBE in order to actually fulfill the MBE or WBE requirements. In such cases, the Executive Director must be given reasons justifying the release by the Contractor of prior specific MBE or WBE commitments established in the contract, and will need to review the eligibility of the MBE or WBE presented as a substitute. The substitution procedure will be as follows:
 - (1) If needed and in order to sustain the fulfillment of the MBE/WBE contract requirements, the Contractor must notify the Executive Director immediately in writing of an apparent necessity to reduce or terminate a MBE or WBE subcontract and to propose a substitute firm for some phase of work.
 - (2) The Contractor's notification should include the specific reasons for the proposed substitution. Stated reasons which would be acceptable include any of the following reasons: a) unavailability after receipt of reasonable Notice to Proceed; b) failure of performance; c) financial incapacity; d) refusal by the subcontractor to honor the bid or proposal price or scope; e) mistake of fact or law about the elements of the scope of work of a solicitation where a reasonable price cannot be agreed; f) failure of the subcontractor to meet insurance, licensing or bonding requirements; g) the subcontractor's withdrawal of its bid or proposal; or h) decertification of the subcontractor as MBE or WBE.
 - (3) The Contractor's position must be fully explained and supported with adequate documentation. Stated reasons which will not be acceptable include: replacement firm has been recruited to perform the same work under terms more advantageous to the Contractor; issues about performance by the committed MBE or WBE were disputed (unless every reasonable effort has already been taken to have the issues resolved or mediated satisfactorily); an MBE or WBE has requested reasonable price escalation which may be justified

due to unforeseen circumstances.

- (4) The Contractor's notification should include the names, address and principal official of any proposed substitute MBE or WBE and the dollar value and scope of work of the proposed subcontract. Attached should be all the same MBE/WBE affidavits, documents and Letters of Intent which are required of the proposed MBE or WBE firms, as enumerated above in Section on Submission of Bid Proposals.
- (5) The Executive Director will evaluate the submitted documentation, and respond within fifteen (15) business days to the request for approval of a substitution. The response may be in the form of requesting more information, or requesting an interview to clarify or mediate the problem. In the case of an expressed emergency need to receive the necessary decision for the sake of job progress, the Executive Director will instead respond as soon as practicable.
- (6) Actual substitution of a replacement MBE or WBE to fulfill contract requirements must not be made before the Executive Director's approval is given of the acceptability of the substitute MBE or WBE. This subcontract must be executed within five (5) business days, and a copy of the MBE WBE subcontract with signatures of both parties to the agreement should be submitted immediately to the Executive Director.
 - i. The Executive Director will not approve extra payment for escalated costs incurred by the Contractor when a substitution of subcontractors becomes necessary for the Contractor in order to comply with MBE/WBE contract requirements.
 - ii. No relief of the MBE/WBE requirements will be granted by the Executive Director except in exceptional circumstances. Requests for complete or partial waiver of the MBE/WBE requirements of this contract must be made in writing, stating all details of the request, the circumstances, and any additional relevant information. The request must be accompanied by a record of all efforts taken by the Contractor to locate specific firms, solicit MBE and WBE bids, seek assistance from technical assistance agencies, and other good faith efforts undertaken to achieve compliance with the MBE/WBE goals.

14. Non-Compliance

- a. The Executive Director has the authority to apply suitable sanctions to the Professional Service Provider if the Professional Service Provider is found to be in non-compliance with the MBE and WBE requirements. Failure to comply with the MBE or WBE terms of this contract or failure to use MBE or WBE firms as stated in the Professional Service Provider's assurances constitutes a material breach of the contract, and may lead to the suspension or termination of the contract in part or in whole. In some cases, monthly progress payments may be withheld until corrective action is taken.
- b. When the contract is completed, if the Executive Director has determined that the Professional Service Provider did not comply in the fulfillment of the required MBE and/or WBE goals, and a grant of relief of the requirements was not obtained, the Commission will be damaged in the failure to provide the benefit of participation to minority or women business to the degree set forth in this Special Condition. In that case, the Commission may disqualify the Professional Service Provider from entering into future contracts with the Commission.

15. Severability

- a. If any section, subsection, paragraph, clause, provision or application of these Special Conditions is held invalid by any court, the invalidity of such section, paragraph, clause or provision will not affect any of the remaining provisions hereof.
