The Director of Procurement reported on two Bid Openings. The first report was for Contract C1610 for the Chicago Department of Transportation Capital Program – Alleys at various locations Package 2. The PBC received competitive bids and the PBC intends to recommend the lowest responsive, responsible bidder at the upcoming Board Meeting. He also reported on the Bid Opening for Contract C1611 for the Emergency Medical Services Addition Project located at 701 North Kilbourn Avenue. The PBC received four competitive bids. The bid tabulation is provided in the committee packet. The bids are under review with a recommendation anticipated at the next Board meeting.

Commissioner Randall asked if the bids are listed in order of dollar value. The Director of Procurement responded that the bids are listed in order, based on the award criteria.

Finally, the Director of Procurement reported on the PBC's proposed Adoption of the City of Chicago's Target Market IT Master Consulting Agreement with Catalyst Consulting Group. For several years, the PBC has utilized the City of Chicago's Master IT Agreement with Catalyst Consulting.

The PBC will enter into their own agreement by utilizing the PBC's cost and task order-based agreement language to issue task orders for the required IT Services.

Commissioner Randall asked the reason for adopting the city's contract? The Director of Procurement responded that the City of Chicago issued a Target Market solicitation for a Request for Qualifications for the services with several respondents. The PBC is confident the city has completed the due diligence required to assess and evaluate the capabilities of the IT firms.
