JOB ORDER CONTRACTING SERVICES - PS3093N

Tier 2 - For Projects Between \$300,000.01 and \$1,000,000.00

THIS AGREEMENT effective as of January 14, 2025, but actually executed on the date witnessed, is entered into by and between the Public Building Commission of Chicago, a municipal corporation of the State of Illinois, having its principal office at Room 200, Richard J. Daley Center, 50 West Washington Street, Chicago, Illinois 60602, (the "Commission" or "PBC"), and **Bill Welding and Fabrication LLC d/b/a BWF Construction** with offices at **4404 South Kildare Avenue, Chicago, Illinois 60632** ("Contractor").

RECITALS

WHEREAS, the Commission is a municipal corporation organized and operating under the Constitution and laws of the State of Illinois that has undertaken the enhancement and improvement of educational, safety, and recreational facilities on behalf of various governmental agencies including, but not limited to, the City of Chicago, Cook County, Chicago Public Library, Chicago Public Schools, Chicago Park District, City Colleges of Chicago, Metropolitan Water Reclamation District of Greater Chicago (referred to individually or collectively, as the case may be, in this Agreement as the "User Agency"); and

WHEREAS, on November 5, 2024, the Commission issued a Request for Proposal (RFP) for Job Order Contracting Services (the "Services") from general contractors to perform construction work through the Commission's Job Order Contracting Program for various construction, renovation and/or improvement projects (referred to herein, collectively or individually as the case may be, as a "Project" or "Projects") undertaken by the Commission from time to time on behalf of various User Agencies; and

WHEREAS, the Contractor has submitted a response to the RFP which provided certain pricing parameters and other relevant criteria and further represented to the Commission that it possessed the requisite knowledge, skill, experience and other resources necessary to perform the Services in the manner provided by the Agreement; and

WHEREAS, in reliance upon the Contractor's representations and submittals in response to the RFP, the Commission has selected the Contractor to perform the Services on the terms and conditions set forth in this Agreement which includes the Recitals hereby incorporated into the Agreement by reference, Job Order Contract Overview, Project Summary, Description of Job Order Contract Work, Book 1, Book 2, Book 3, and Book 4 as modified from time to time by Amendment or Job Order; and

NOW THEREFORE, the Commission and the Contractor have executed this Agreement on the terms and conditions that follow:

JOB ORDER CONTRACT OVERVIEW

A Job Order Contract is an indefinite quantity contract whereby the Contractor may perform an ongoing series of individual Projects at different locations and facilities under the jurisdiction of the PBC and/or its User Agencies. The Contract Documents include a Construction Task Catalog® (CTC) containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.

The Commission may, but is not obligated to, issue Job Orders within the scope of this Agreement. If the Commission does so, and the Contractor submits Job Order Proposals or any written documentation that is accepted by the Commission, the rendering of Services will be in accordance with this Agreement. The Commission is not obligated to issue any Job Orders nor to issue any Requests for Job Order Proposals under this Agreement.

The Contractor has three (3) sets of Adjustment Factors to be applied to the Unit Prices contained in the CTC that correspond to the appropriate Tier. Each set of Adjustment Factors includes an Adjustment Factor for performing work during Normal Working Hours, an Adjustment Factor for performing work during Other Than Normal Working Hours, and an Adjustment Factor for performing work that has not been pre-priced ("Non-Pre-Priced Tasks"). The Adjustment Factors shall apply to every Pre-priced Task in the CTC.

Thereafter, as projects are identified the Contractor will jointly scope the work with the Commission. The Commission will prepare a Detailed Scope of Work and issue a Request for Job Order Proposal to the Contractor. The Contractor will then prepare a Job Order Proposal for the Project including a Job Order Price Proposal, drawings and sketches, a list of subcontractors and their MBE/WBE status, current certification letters, construction schedule, and other requested documentation. The Job Order Price shall equal the value of the approved Job Order Price Proposal. The value of the Job Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non-Pre-priced Tasks.

If the Job Order Proposal is found to be complete and reasonable, a Job Order may be issued. A Job Order will reference the detailed Scope of Work and set forth the Job Order Completion Time, and the Job Order Price. The Job Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate Job Order will be issued for each Project. Extra work, credits, and deletions will be contained in a Supplemental Job Order.

The Commission has awarded contracts to General Contractors based on the following three (3) Tiers listed below.

Tier 1 – For Projects Greater than \$1,000,000.01

Tier 2 - For Projects between \$300,000.01 and \$1,000,000.00

Tier 3 - For Projects Equal to or Less than \$300,000.00

PROJECT SUMMARY

CONTRACT TERM

The Base Term of is four (4) years. There are two (2) Option Terms. The duration of each Option Term is one year. The Commission and the Contractor may agree to extend the term of an Option Term.

All Job Orders issued during the term of this Contract shall be valid and in effect notwithstanding that the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue, after such period has expired. All terms and conditions of the Contract apply to each Job Order.

BASIS OF AWARD

Contracts were awarded to those firms offering the best value to the PBC in terms of technical qualifications and price. The PBC reserved the right to award to other than the lowest price submittals and other weighted factors in the best interest of the PBC.

CONTRACT VALUE

The Estimated Annual Value for each Contract is \$6,000,000.00. The Contractor may be issued Job Orders up to or exceeding the Estimated Annual Value during any year of the Contract. The Contractor is not guaranteed to receive any specific volume of Job Orders. It is merely an estimate. The PBC has no obligation to issue to the Contractor any Job Orders.

CONTRACTOR LICENSE FEE

The PBC selected The Gordian Group's (Gordian) Job Order Contracting (JOC) System for the JOC Program. The Gordian JOC Solution includes Gordian's proprietary eGordian® and Bid Safe® JOC Applications and Construction Task Catalog®, which shall be used by the Contractor to prepare and submit Job Order Proposals, subcontractor lists, and other requirements specified by the PBC. The Contractor shall be required to execute Gordian's JOC System License and Fee to obtain access to the Gordian JOC Solution.

RESERVATIONS

The Commission's approval of a contractor pursuant to this RFP does not mean that the Commission has approved the firm as qualified to perform a specific project. At the full discretion of the Commission, the Commission holds the following reservations and rights.

The right to:

- request any additional, relevant information determined to be necessary for the proper evaluation of a submission,
- review a firm's qualifications to perform a specific project at the time of the Job Order Request,
- reject a firm's proposal if the Commission determines that the firm is not qualified to perform the project,
- require project-specific MBE/WBE Participation Goals, EEO, and Community Hiring provisions;
- negotiate Proposed Adjustment Factors;
- request Job Order Proposals from all Tiers, a specific Tier, or a subset of each Tier; and,
- utilize Bid Safe in the issuance of Job Order

KEY INFORMATION

- 1) **User Agency:** Varies per Job Order
- 2) **Project is located in Ward:** Varies per Job Order
- 3) **Project Community Area Map:** For purposes of the community hiring requirement, "Project Community Residents" shall mean persons domiciled within the Project Community Areas as designated in the Job Order. Refer to sample "Exhibit I - Project Community Area Map".

4) MBE/WBE Contract Goals:

Program-Wide aggregate MBE/WBE Participation Goal are listed below:

- Tier 1 – 32% MBE/WBE
- Tier 2 – 16% MBE/WBE
- Tier 3 – 8% MBE/WBE

Contractor will be required to submit an MBE/WBE Participation Plan on all Job Orders, regardless of dollar value. Compliance goals will still be reviewed cumulatively. At the conclusion of the Term of this Agreement, all appropriate calculations for MBE, WBE, and EEO provisions will be made. The Commission expressly reserves the right to include project-specific MBE/WBE contract goal(s) to each Job Order based on scope, complexity, size, and location of project. Please refer to Book 2, Article 23. MBE/WBE Special Conditions for further details.

5) Online Collaboration and Documentation Management System Requirements

The Contractor shall use PBC's designated On-line Collaboration and Document Management system to track the Work, manage the Project, and follow the Commission's procedures for electronic submission and receipt of documents as directed by the Commission Representative.

6) Liquidated Damages

The Contractor agrees that the Work must be executed regularly and diligently to ensure completion of the Detailed Scope of Work within the Job Order Completion Time specified in the Job Order. The Contractor and the Commission understand and agree that the time for the completion of the Work described herein is reasonable time. If the Contractor neglects, fails or refuses to complete the Work within the time specified, or any proper extension granted by the Commission, then the Contractor and its surety do hereby agree to pay to the Commission the amount according to the following schedule per day for each day Milestones and Substantial Completion dates are not achieved, not as a penalty, but as liquidated damages for the breach of contract occurring each and every day after the time stipulated in the Job Order for completing the Work.

JOB ORDER PRICE	LIQUIDATED DAMAGES PER DAY
Greater than \$1,000,000.00	\$1,500 / Day
\$300,000.01 to \$1,000,000.00	\$1,200 / Day
\$0 TO \$300,000.00	\$1,000 / Day

The Commission may recover liquidated damages by deducting the amount out of any monies due or that may become due the Contractor. Liquidated damages, if any, will be calculated on completion of the Work on each Job Order and submission of the Contractor's final pay request. Substantial Completion of the Work is defined in Book 2, Section 1.01.33.

7) Prevailing Wage Rates

Not less than the prevailing rate of wages as determined by the Illinois Department of Labor shall be paid to all laborers, workers and mechanics performing work under this contract. Prevailing wage rates in effect at the time of issuance of these Contract Documents are attached to Book 1 as Exhibit H. One resource for determining the current prevailing wage rate is the Internet site www.state.il.us/agency/idol/CM/countym.htm maintained by the State of Illinois Department of Labor.

- 8) EQUAL EMPLOYMENT OPPORTUNITY (EEO) REQUIREMENTS:** Contractors will be required to comply with all laws with respect to the employment of labor and payment of local prevailing wage rates. Please Note: The EEO goals calculation are found on FORM J – AWARD CRITERIA FIGURE and are set for the PBC Job Order Program as follows:

	Minority Journey Workers	Minority Apprentices	Minority Laborers	Female Journey Workers	Female Apprentices	Female Laborers
Tier 1	50%	10%	50%	1%	1%	1%
Tier 2	50%	10%	50%	1%	1%	1%
Tier 3	50%	10%	50%	1%	1%	1%

9) LOCAL BUSINESS SUBCONTRACTING PARTICIPATION, CITY RESIDENCY AND COMMUNITY

HIRING: In order to ensure that local businesses provide subcontracting work to Contractors on Commission projects and that residents of the project communities are provided with the opportunity to benefit from Commission contracts, the Commission requires the following:

a. Local Subcontracting Requirement

- i. Contractors that are Local Businesses (as defined below) are required to award 25% of the Work under their contracts with the Commission to subcontractors that are Local Businesses.
- ii. Contractors that are not Local Businesses are required to award 35% of the Work under their contracts with the Commission to subcontractors that are Local Businesses.
- iii. A Local Business is one that: 1) owns or leases a functioning business office and/or operations facilities within the City of Chicago (for City-funded projects) or the County of Cook (for Non-City-funded projects); 2) is registered and licensed to do business in the City of Chicago (for City-funded projects) or the County of Cook (for Non-City-funded projects); 3) employs City of Chicago residents (for City-funded projects) or Cook County residents (for Non-City-funded projects); and 4) is subject to City of Chicago taxes (for City-funded projects) or Cook County taxes (for Non-City-funded projects). In the event that the Commission performs a project for a unit of local government that operates in multiple municipalities, such as the Metropolitan Water Reclamation District of Greater Chicago, "Local Business" shall be defined in the solicitation documents for that project.

b. Community Hiring Requirement. A percentage of the project labor must be performed by "Project Community Residents" and included on a "Project Community Area Map". The aggregate hours of Work to be performed by the Contractor and subcontractors under this Contract may be complied with through residents who are trade or non-trade workers. These positions may include but are not limited to trade workers, field engineer, superintendent, project manager, security, data entry clerks, schedulers, traffic monitoring personnel, and site administrative support staff. The PBC reserves the right to require Community Hiring on project-specific Job Order Proposals. Please refer to Book 2 for further details.

c. City of Chicago Residency Requirements. The Contractor agrees to ensure that the aggregated hours of Work to be performed under this Contract will be performed such that at least 50% of the aggregated hours of Work is performed by City of Chicago Residents. Please refer to Book 2 for further details.

10) PAYMENT AND PERFORMANCE BOND: A payment and performance bond may be required for each Job Order. The Contractor will be reimbursed for the cost of the Payment and Performance Bond(s) according to the reimbursable work task in the Construction Task Catalog®.

- Ensure remediation of environmental health hazards. Areas of concern to be addressed include mold, asbestos or lead remediation, air quality and other environmental issues that may be deemed unhealthy living conditions.
- Rehabilitation, or repairs for households with occupants(s) with disabilities
- Home repairs for households facing imminent threats to health and safety.

Services will be provided to homeowners for rehabilitation or repair services to qualified owner-occupied homes of single-family units attached or detached or 2-to-4 rental units within owner-occupied properties. Services for this program are limited to roof or porch, and accessible improvements for senior household occupants with disabilities, and other safety issues. Households must meet the city of Chicago's low/moderate income limits, and the property must be a single-family home or 2-to-4-unit apartment building where 1 unit is occupied by owner and located in Chicago city limits. BWF Construction is required to fund this repair and rehabilitation projects.

SCOPE THE PROJECT

BWF construction to conduct on-site assessments of the client's home and property to determine the appropriate scope of work based on the applicants specified need in the DOH Home Repair Program application.

At the scope meeting, BWF Construction will complete a field drawing sheet. The field drawing sheet will outline all the proposed scopes of work for the project along with dimensions and quantities. Once completed, the field drawing sheet will be reviewed with the homeowner who will verify the proposed scope of work. BWF Construction documents existing conditions in writing and with color photographs of key areas as deemed appropriate and upload them to client software.

All the information gathered at the Project Scope along with a cost estimating software/price catalog approved by client, will be the foundation used by BWF Construction to generate an estimate/proposal for the cost and extent of scope of work. This proposal is submitted to our client for approval via software.

PERMITS:

DURING CONSTRUCTION:

BWF Construction must utilize client software and other cost estimating software/price catalog approved by client. BWF construction is responsible for overseeing sub-contractor performance, construction site change orders, and addresses construction issues that may arise as well as perform quality control site visits ensuring its subcontractors produce quality work and if applicable are executing lead safe practices or remediation.

Public Building Commission of Chicago Request for Proposal for Job Order Contracting (JOC) Services PS3093

Dear Public Building Commission of Chicago,

Bill Welding and Fabrication LLC DBA BWF Construction has provided key personnel our company has assigned to this contract if awarded. The key personnel are currently overseeing the General Contractors Pool for The Chicago Housing Authority, The City of Chicago Home Repairs Program, as well as the City Colleges of Chicago JOC. Our key personnel have the resources and capabilities to administer and oversee multiple contracts.

BWF Construction uses *PROCORE* software to manage RFI's, submittals, and financial documents. Stakeholders can view project progress based on their authorized account use. This will provide the highest quality service to the district. Once the project is assigned, all stakeholders are managed through the Procore management system with restricted access to the software. For example, all engineers can submit documents such as submittals and RFI. All subcontractor contract paperwork, including the master agreement, will be uploaded to the Procore management system.

BWF Construction will share all project status reports through the *PROCORE* system to the liaison from the Public Building Commission of Chicago in a timely manner, which will help to move the project considerably faster.

BWF Construction will utilize Procore software to track the project progress report and notify all project stakeholders, including the CCC liaison, in a timely manner. All activities, including critical activities, will be well defined on the *Gantt Bar Chart*, which will have the start date and end date of the projects with milestones. BWF Construction will assign a substantial completion milestone to every project, indicating that the project is nearing completion.

BWF Construction will schedule a walkthrough with all project stakeholders. During the walk through, BWF construction will ensure that the project meets the scope and purpose of the project; if any activities mentioned by the owner's representative are not completed, a punch list will be created to identify the activities that must be redone in accordance with the owner's representative's direction and specifications.

E: info@bwfconstruction.com

Bill Welding and Fabrication LLC DBA BWF Construction Tier 2

To avoid project delays, all punch lists shall be completed within 30 days, subject to any material supply lead time that may exist.

During the execution of the punch list signed by all parties, BWF construction will employ Procore software to tell all stakeholders about the progress made through the software medium, allowing the management process to be expedited significantly.

Once all operations on the project list are done, BWF Construction will schedule a final walkthrough to ensure that all project requirements are met before handing over the project to the owner.

Staffing plans are determined during the estimation of the job order. A BWF Construction specialist will break down the project utilizing *Work Break Down Structure (WBS)* and identify the exact quantities of materials required and will use *RS Means Software* provided by Gordian to establish the actual pricing of the Job Order. In the RS Means software, the data is preset based on the location and labor hours, and its labor productivity is well defined. BWF Construction will find each exact matching line item in the Gordian Construction Catalog and match the task by its activities. For activities not listed in the catalog, the project management team will reach out to suppliers from the database to obtain the pricing for the materials and determine the labor hours required by examining previous projects and productivity reports.

Once we have the information needed to determine our staffing plan, our firm will assign additional staff if the volume of work requires it. Our office administrator will contact the respective union hall to obtain new hires. Bill Welding and Fabrication LLC DBA BWF Construction understands that the key personnel submitted with the proposal shall be assigned to the contract for the full duration of the Contract. We also understand our firm must obtain the district's prior approval before substituting any of the key personnel proposed with this Contract.

Once again, thank you for allowing Bill Welding Fabrication LLC d/b/a BWF Construction the opportunity to participate in providing our bid to you.

Sincerely,

Cassandra Harris, CEO

Bill Welding Fabrication LLC d/b/a BWF Construction

FORM B – KEY PERSONNEL

I. EVALUATION CRITERIA FOR KEY PERSONNEL

Respondents should demonstrate they employ or have the capacity to employ adequately qualified and experienced Key Personnel (Project Manager, Superintendents, Scheduler, MEP Coordinator, Quality Control Manager, Safety Manager and Sustainability Coordinator), as needed, to provide the Work. The level of Key Personnel required may vary by Tier. Attach resumes.

Description of Key Personnel Roles

Project Manager (For Tier 3 Contractors)

The Project Manager will have full responsibility for the preparation of the Job Order Proposals and prosecution of the Work with full authority to act in all matters as necessary for the proper coordination, direction, commitment of resources, and technical administration of the Work. The Project Manager will attend meetings at such places and times as will be decided by the Commission or Architect in order to render reports on the progress of the Work. The General Contractor will not change Project Manager without the consent of the Commission, unless such staff member proves to be unsatisfactory to the Contractor and ceases to be in its employ.

For Tier 2 & 3 Contractors – Project Lead may be the Owner, Project Liaison, Point of Contact, or other authorized, firm representative who would serve in the capacity of 'Project Manager' as defined above.

Scheduler

To assist in the preparation and maintenance of the Schedule, the General Contractor may engage, at its own expense, a consultant who is skilled in the application of network techniques for construction projects and the use of PBC's scheduling software (Primavera). If the General Contractor has qualified personnel on staff, the General Contractor may perform the required scheduling with its own organization.

Superintendent

The General Contractor must keep, throughout the duration of a Contract, a competent, experienced and qualified Superintendent and any necessary assistants, all of whom must be satisfactory to the Commission. This Superintendent's résumé will be submitted to the Commission Representative for approval at the time the Performance and Payment Bond and certificate(s) of insurance are submitted, or sooner if so requested by the Commission. The Superintendent may be required to be present at the Site when Contractor's personnel and/or Subcontractors are present.

The Superintendent will not be changed without the consent of the Commission, unless the Superintendent proves to be unsatisfactory to the Contractor or becomes unavailable due to reasons beyond the control of Contractor. In order to change the Superintendent, the Contractor will give the Commission Representative written notice and submit for approval the qualifications of the proposed replacement Superintendent at least 15 Days prior to the intended change.

The Superintendent will represent the General Contractor in the absence of the Project Manager and all directions given to the Superintendent will be as binding as if given to the Project Manager.

MEP Coordinator

The General Contractor must provide a staff member or members, as necessary, which is experienced in coordination of mechanical and electrical work on projects of similar type and scale, including administration and supervision of mechanical and electrical work and meet the requirements as described in the Contract Documents.

FORM B – KEY PERSONNEL

Safety Manager

The General Contractor must provide a safety manager who is a qualified and competent employee responsible for the preparation, execution and continuous improvement of the safety management system (SMS) within an organization. This individual is the prime mover of all safety related issues in the organization.

Quality Assurance/Quality Control Manager

The General Contractor must provide a Quality Assurance/Quality Control (QA/QC) Manager who will be responsible for the set of processes used to measure and guarantee the quality of the Work to ensure it meets industry-wide standards.

Public Building Commission of Chicago Request for Proposal for Job Order Contracting (JOC) Services PS3093

Dear Public Building Commission of Chicago,

Bill Welding and Fabrication LLC DBA BWF Construction has provided key personnel our company has assigned to this contract if awarded. The key personnel are currently overseeing the General Contractors Pool for The Chicago Housing Authority, The City of Chicago Home Repairs Program, as well as the City Colleges of Chicago JOC. Our key personnel have the resources and capabilities to administer and oversee multiple contracts.

BWF Construction uses *PROCORE* software to manage RFI's, submittals, and financial documents. Stakeholders can view project progress based on their authorized account use. This will provide the highest quality service to the district. Once the project is assigned, all stakeholders are managed through the Procore management system with restricted access to the software. For example, all engineers can submit documents such as submittals and RFI. All subcontractor contract paperwork, including the master agreement, will be uploaded to the Procore management system.

BWF Construction will share all project status reports through the *PROCORE* system to the liaison from the Public Building Commission of Chicago in a timely manner, which will help to move the project considerably faster.

BWF Construction will utilize Procore software to track the project progress report and notify all project stakeholders, including the CCC liaison, in a timely manner. All activities, including critical activities, will be well defined on the *Gantt Bar Chart*, which will have the start date and end date of the projects with milestones. BWF Construction will assign a substantial completion milestone to every project, indicating that the project is nearing completion.

BWF Construction will schedule a walkthrough with all project stakeholders. During the walk through, BWF construction will ensure that the project meets the scope and purpose of the project; if any activities mentioned by the owner's representative are not completed, a punch list will be created to identify the activities that must be redone in accordance with the owner's representative's direction and specifications.

Bill Welding and Fabrication LLC DBA BWF Construction Tier 2

To avoid project delays, all punch lists shall be completed within 30 days, subject to any material supply lead time that may exist.

During the execution of the punch list signed by all parties, BWF construction will employ Procore software to tell all stakeholders about the progress made through the software medium, allowing the management process to be expedited significantly.

Once all operations on the project list are done, BWF Construction will schedule a final walkthrough to ensure that all project requirements are met before handing over the project to the owner.

Staffing plans are determined during the estimation of the job order. A BWF Construction specialist will break down the project utilizing *Work Break Down Structure (WBS)* and identify the exact quantities of materials required and will use *RS Means Software* provided by Gordian to establish the actual pricing of the Job Order. In the RS Means software, the data is preset based on the location and labor hours, and its labor productivity is well defined. BWF Construction will find each exact matching line item in the Gordian Construction Catalog and match the task by its activities. For activities not listed in the catalog, the project management team will reach out to suppliers from the database to obtain the pricing for the materials and determine the labor hours required by examining previous projects and productivity reports.

Once we have the information needed to determine our staffing plan, our firm will assign additional staff if the volume of work requires it. Our office administrator will contact the respective union hall to obtain new hires. Bill Welding and Fabrication LLC DBA BWF Construction understands that the key personnel submitted with the proposal shall be assigned to the contract for the full duration of the Contract. We also understand our firm must obtain the district's prior approval before substituting any of the key personnel proposed with this Contract.

Once again, thank you for allowing Bill Welding Fabrication LLC d/b/a BWF Construction the opportunity to participate in providing our bid to you.

Sincerely,

Cassandra Harris, CEO

Bill Welding Fabrication LLC d/b/a BWF Construction

The above certification shall become part of any contract awarded to the Contractor set forth on page 1 of this Disclosure Affidavit and are a material inducement to the Public Building Commission of Chicago's execution of the contract, contract modification or contract amendment with respect to which this Disclosure Affidavit is being executed and delivered on behalf of the Contractor. Furthermore, Contractor shall comply with these certifications during the term and/or performance of the contract.

I. VERIFICATION

Under penalty of perjury, I certify that I am authorized to execute this Disclosure Affidavit on behalf of the Contractor set forth on page 1, that I have personal knowledge of all the certifications made herein and that the same are true.

The Contractor must report any change in any of the facts stated in this Affidavit to the Public Building Commission of Chicago within 14 days of the effective date of such change by completing and submitting a new Disclosure Affidavit. Failure to comply with this requirement is grounds for your firm to be deemed non-qualified to do business with the PBCC. Deliver any such new Disclosure Affidavit to: Public Building Commission of Chicago, Director of Compliance, 50 W. Washington, Room 200, Chicago, IL 60602.

FORM I – PROPOSED ADJUSTMENT FACTORS

FORM I: PROPOSED ADJUSTMENT FACTORS – TIER 2

The Respondent shall set forth Adjustment Factors in legible figures in the respective space provided. Failure to submit all Adjustment Factors within a specified Tier will result in the submission being deemed non-responsive. The Contractor shall perform the Tasks required by each individual Job Order using the following Adjustment Factors:

	Adjustment Factor Name	Adjustment Factor Proposed:	X % Weight	= Total
1.	For Projects Between \$300,000.01 and \$1,000,000.00, Normal Working Hours	<u> 1 </u> . <u> 1 </u> _ _ _	.50	<u> 0 </u> . <u> 5 </u> <u> 5 </u> _ _
2.	For Projects Between \$300,000.01 and \$1,000,000.00, Other than Normal Working Hours	<u> 1 </u> . <u> 1 </u> <u> 5 </u> _ _	.30	<u> 0 </u> . <u> 3 </u> <u> 4 </u> <u> 5 </u> _
3.	Non Pre-priced: For Non Pre-priced Work	<u> 1 </u> . <u> 1 </u> _ _ _	.20	<u> 0 </u> . <u> 2 </u> <u> 2 </u> _ _
4.	ADD ALL THE TOTALS IN THE RIGHT COLUMN			<u> 1 </u> . <u> 1 </u> <u> 1 </u> <u> 5 </u> _

Notes To Bidder:

Specify lines 1 through 4 to four (4) decimal places. Use conventional rounding methodology (i.e., if the number in the 5th decimal place is 0-4, the number in the 4th decimal remains unchanged; if the number in the 5th decimal place is 5-9, the number in the 4th decimal is rounded upward).

The Adjustment Factors for Other Than Normal Working Hours Adjustment Factors must be equal to or greater than the Normal Working Hours Adjustment Factors. The Non Pre-priced Adjustment Factor must be equal to or greater than 1.0000.

The percentage weighted multipliers above are for the purpose of calculating a Total Base Proposal. No assurances are made by the PBC that Work will be ordered under the Contract in a distribution consistent with the weighted percentages above. The Total Base Proposal is only used for the purpose of determining the Award Criteria Figure.

When submitting Job Order Price Proposals related to specific Job Orders, the Respondent shall utilize one or more of the Adjustment Factors applicable to the Work being performed.

FORM J – AWARD CRITERIA FIGURE

FORM J - AWARD CRITERIA FIGURE

A. Basis of Award (Award Criteria Figure)

To promote the intended goal of economic opportunity and maximize the use of minority personnel on this project, the Public Building Commission of Chicago has established the Award Criteria Figure formula for the purpose of evaluating proposals and awarding the contract. A contract in the amount of the Total Base Proposal (or Base Contract Price) will be awarded to the responsible bidder with the lowest Award Criteria Figure pursuant to Section III.P Basis of Award above. The Public Building Commission of Chicago reserves the right to check all calculations for accuracy. The fulfillment of the Award Criteria does not abrogate the responsibilities of the Contractor to comply with federal and state requirements under the Equal Employment Act and the Illinois Human Rights Act.

1. Instructions

The Bidder shall complete the Award Criteria Figure Formula and transfer the final Award Criteria Figure - Line 15 to the space provided on the itemized proposal sheet. Failure to complete the formula may be cause for rejection of the Bidder's proposal. The successful bidder will be held responsible for adhering to the figures submitted in Lines 1, 2, 4, 6, 8, 10 and 12 during construction of the project.

Lines 2, 4 and 6 in the formula shall not be greater than seventy percent (70%) in each category for the sole purpose of determining award of the contract. Similarly, lines 8, 10 and 12 shall not be greater than fifteen percent (15%) in each category for the purpose of award criteria only. The seventy percent (70%) and fifteen percent (15%) goals are not intended to restrict the total number of minority and female employees to be used on the project, but only to establish limiting figures for use in the formula.

2. Award Criteria Figure Formula

Line 1.	Total Base Proposal (Refer to Line 9 of FORM I - PROPOSED ADJUSTMENT FACTORS), in figures	TBD
Line 2.	Percentage of the Journeyworkers hours that the Contractor proposes to be worked by minority Journey workers during construction of the project. (Maximum figure 0.70)	0.50
Line 3.	Multiply Line 2 by Line 1 by 0.04	TBD
Line 4.	Percentage of total Apprentice hours that the Contractor proposes to be worked by minority Apprentices during construction of the project. (Maximum figure 0.70)	0.10
Line 5.	Multiply Line 4 by Line 1 by 0.03	TBD
Line 6.	Percentage of the total Laborer hours that the Contractor proposes to be worked by minority Laborers during construction of the project. (Maximum figure 0.70)	0.50
Line 7.	Multiply Line 6 by Line 1 by 0.01	TBD
Line 8.	Percentage of total Journeyworker hours that the Contractor proposes to be worked by female Journeyworkers during the construction of the project. (Maximum figure 0.15)	.01
Line 9.	Multiply Line 8 by Line 1 by 0.04	TBD
Line 10.	Percentage of total Apprentice hours that the Contractor proposes to be worked by female Apprentices during construction of the project. (Maximum figure 0.15)	.01

FORM J – AWARD CRITERIA FIGURE

Line 11.	Multiply Line 10 by Line 1 by 0.03	TBD
Line 12.	Percentage of the total Laborer hours that the Contractor proposes to be worked by female Laborers during construction of the project. (Maximum figure 0.15)	.01
Line 13.	Multiply Line 12 by Line 1 by 0.01	TBD
Line 14.	Summation of Lines 3, 5, 7, 9, 11, and 13	TBD
Line 15.	Subtract Line 14 from Line 1 (= "Award Criteria Figure")	TBD
Award Criteria Figure \$		N/A

(Insert Line 15 of Award Criteria Formula to Line 10 on Form I – Proposed Adjustment Factors):

3. Community Hiring Bonuses

In order to encourage maximum employment of interested and available residents of the project community on this project, the following bonus calculations shall apply:

- a. In calculating the hours worked by minority and women Journeyworkers, apprentices, and laborers under the Award Criteria Figure set out in Part V.A. "Basis of Award (Award Criteria Figure)," all hours worked by minority and women Journeyworkers, existing apprentices, and laborers who are residents of the project community shall be multiplied by 1.5.
- b. In calculating the hours worked by minority and women apprentices under the Award Criteria Figure set out in Part V "Proposal Support Documents," all hours worked in new apprenticeships by minority and women apprentices who are residents of the project community shall be multiplied by 2.0.

Definitions

"City of Chicago Residents" means persons domiciled within the City of Chicago. Salaried superintendents are excluded from coverage in this section. Domicile is an individual's one and only true, fixed, and permanent home and principal establishment.

"Project Community Residents" means persons domiciled within the "Project Community" as defined in Book 2.

"New Apprenticeship" shall mean an apprenticeship begun for a person who has not held an apprenticeship card within ninety (90) days prior to beginning the project.

4. Liquidated Damages

The Contractor hereby consents and agrees that, in the event that it fails to comply with each of the minimum commitments submitted with this Proposal on Lines 2, 4, 6, 8, 10, and 12 of the Award Criteria Figure formula, covering minority and female Journeyworkers, apprentices, and laborers respectively, the following shall apply.

If the total hours in any category for which a percentage is assigned in Lines 2, 4, 6, 8, 10, or 12 of the Award Criteria equals zero at the completion of the work, then a net deficiency of the entire percentage assigned will be deemed to exist. For any net deficiency in each category, the following amounts shall be deducted as liquidated damages from monies due the Contractor and the Contract Sum modified accordingly:

- a. For each full one (1%) percent deficiency of minority Journeyworkers not utilized – four cents per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1} \times 04}{100}$$

Each one (1%) percent deficiency toward the goal for female Journeyworkers (Line 8) shall be calculated in the same way.

FORM J – AWARD CRITERIA FIGURE

- b. For each full one (1%) percent deficiency of minority apprentices not utilized – three cents per hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 03}}{100}$$

Each one (1%) percent deficiency toward the goal for female apprentices (Line 10) shall be calculated in the same way.

- c. For each one (1%) percent deficiency of minority laborers not utilized – one cent per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 01}}{100}$$

Each one (1%) percent deficiency toward the goal for female laborers (Line 12) shall be calculated in the same way.

- d. Liquidated Damages, if any, will be calculated and assessed on the total amount of the Contract at the end of the Term.
- e. Liquidated damages, if any, will be calculated for the last pay requests, if possible, reflecting fifty percent (50%) completion, seventy-five percent (75%) completion, and ninety percent (90%) completion, respectively, based upon the Contractor's pay request together with all attendant certified payrolls and other required documentation of minority and women employment. The accrued liquidated damages and interest will be added to the retention provided elsewhere in this contract. The amount of liquidated damages due to the Commission under this provision will bear compound interest at the rate of 5% per annum, compounded monthly from the date of the Notice to Proceed to the date of approval of a deductive change order for liquidated damages. Should the total amount of liquidated damages due under all provisions of this contract exceed the amount of the Commission's retainage, compound interest on the amount over and above the retainage will continue to accrue until the entire amount of liquidated damages and compound interest is paid to the Commission.
- f. The Commission is aware that certain subcontract agreements under this contract may require subcontractors to contribute to payment of liquidated damages assessed under this provision. Should enforcement of subcontract liquidated damages provisions result in an aggregate total of subcontractor liquidated damages greater than the liquidated damages assessed hereunder against Contractor, then Contractor must pay the excess pro rata as a bonus to each subcontractor exceeding its subcontract commitments for minority or women employment, or both.

5. Reporting

In accordance with this commitment, the Contractor must submit both the Contractor's Payroll Record Form and the Contractor's Recapitulation of Minority and Female Worker Hours and Percentages Form on a monthly basis. All Subcontractors shall be listed on the Contractor's Recapitulation Form whether active or not. For the purpose of this report, the following group categories will be used:

- a. The classification "White" includes person of Indo-European descent.
- b. The classification "Black" or "African-American" includes persons having origins in any of the black racial groups of Africa.
- c. The classification "Hispanic" includes persons whose origins are from Mexico, Puerto Rico, Cuba, Central or South America, the Caribbean Islands or other Spanish culture or origin, regardless of race.
- d. The classification "Native American" includes persons who are Native Americans by virtue of tribal association.
- e. The classification "Asian-Pacific" includes persons whose origins are from East Asia, Southeast Asia, the Pacific Islands or the Indian sub-continent.
- f. The classification "Other" includes qualified individuals with disabilities who meet legitimate skill, experience, education or other requirements of employment positions held or sought and who perform the essential function with or without reasonable accommodation and other groups or other individuals found by the Public Building Commission of Chicago to be socially and economically disadvantaged and to have suffered actual racial or ethnic discrimination and decreased opportunities to compete in Chicago area markets.

EXHIBIT A – INSURANCE

The insurance requirements listed below are the minimum requirements that will be required for work issued on contracts resulting from this RFP. The actual requirements for each project will likely be higher and will be determined based on the scope and the requirements of the User Agency. Per Section II. VI. G. of this RFP, Respondent is to submit a certificate of insurance evidencing their current insurance program.

The Contractor must provide and maintain at Contractor's own expense, the minimum insurance coverage and requirements specified below, insuring all operations related to the Contract. The insurance must remain in effect from the date of the Notice to Proceed until Substantial Completion of the project, during completion of Punch List, as well as any time Contractor returns to perform additional work regarding warranties or for any other purpose, unless otherwise noted below or agreed by the Public Building Commission's Director of Risk Management.

INSURANCE TO BE PROVIDED

1) **Workers' Compensation and Employers Liability (Primary and Umbrella)**

Workers' Compensation Insurance as prescribed by applicable law covering all employees who are to provide a service under this Contract and Employers Liability coverage with limits of not less than \$1,000,000 each accident, illness or disease. Coverage will include a waiver of subrogation as required below.

2) **Commercial General Liability (Primary and Umbrella)**

Commercial General Liability Insurance or equivalent with limits of not less than \$2,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverage must include the following: All premises and operations, products/completed operations to be maintained for minimum of two (2) years following project completion, explosion, collapse, underground hazards, defense and contractual liability. Contractor and all subcontractors of every tier **will specifically name** the Public Building Commission of Chicago, the City of Chicago, the User Agency and others as may be required by the Public Building Commission of Chicago, as Additional Insured using the latest version of the ISO CG2010 and CG2037. Additional Insured status will be on a primary, non-contributory basis for any liability arising directly or indirectly from the work, including the two year completed operations periods. Coverage will include a waiver of subrogation as required below.

Subcontractors performing work for Contractor must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

3) **Automobile Liability (Primary and Umbrella)**

When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Contractor must provide Automobile Liability Insurance, with limits of not less than \$1,000,000 per occurrence for bodily injury and property damage. The Public Building Commission of Chicago, the City of Chicago, the User Agency and others as may be required by the Public Building Commission of Chicago, are to be named as Additional Insured on a primary, non-contributory basis.

Subcontractors performing work for Contractor must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

4) **Contractors Pollution Liability**

Contractors Pollution coverage is required with limits of not less than \$1,000,000 per occurrence for any portion of the services, which may entail, exposure to any pollutants, whether in the course of sampling, remedial work or any other activity under this contract. The contractor pollution liability policy will provide coverage for sums that the insured become legally obligated to pay as loss as a result of claims for bodily injury, property damage and/or clean-up costs caused by any pollution incident arising out of the Work including remediation operations, transportation of pollutants, owned and non-owned disposal sites and any and all other activities of Contractor and its subcontractors. Pollution incidents will include, but not be limited to, the discharge, dispersal, release or escape of any solid, liquid, gaseous or thermal irritant or contaminant, including but not limited smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, medical waste, waste materials, lead, asbestos, silica, hydrocarbons and microbial matter, including fungi, bacterial or viral matter which

EXHIBIT A – INSURANCE

reproduces through release of spores or the splitting of cells or other means, including but not limited to, mold, mildew and viruses, whether or not such microbial matter is living.

The policy will be maintained for a period of three years after final completion and include completed operations coverage. The policy will include the Public Building Commission of Chicago, the City of Chicago and the User Agency, and others as may be required by the Public Building Commission of Chicago, as Additional Insured. These entities must be specifically named and endorsed on the policy. Additional Insured coverage must be on a primary and non-contributory basis for ongoing and completed operations. Coverage will include a waiver of subrogation as required below.

Subcontractors performing work for Contractor must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

5) **Professional Liability**

When Contractor performs professional work in connection with the Agreement, Professional Liability Insurance must be maintained with limits of not less than \$1,000,000 covering acts, errors, or omissions. The policy will include coverage for wrongful acts, including but not limited to errors, acts or omissions, in the rendering or failure to render professional services resulting in a pollution incident. When policies are renewed or replaced, the policy retroactive date must coincide with, or precede the, start of work on the Agreement. Coverage must be maintained for two years after substantial completion. A claims-made policy, which is not renewed or replaced, must have an extended reporting period of two (2) years.

Subcontractors performing professional work for Contractor must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

6) **Builders Risk**

Contractor must provide All Risk Builders Risk or Installation Floater Insurance on a replacement cost basis including but not limited to all labor, materials, supplies, equipment, machinery and fixtures that are or will be permanent part of the facility, inclusive of prior site work. Coverage must be on an All Risk or Cause of Loss, Special Form basis including, but not limited to, the following: right to partial or complete occupancy, collapse; water damage including overflow, leakage, sewer backup, or seepage; resulting damage from faulty or defective workmanship or materials; resulting damage from error or omission in design, plans or specifications; debris removal; Ordinance and Law and include damage to, false work, fences, temporary structures and equipment stored off site or in transit. The policy will allow for partial or complete occupancy and include damage to existing property at the site with a sublimit of \$1,000,000.

The Public Building Commission of Chicago and the Board of Education of the City of Chicago will be Named Insureds on the policy. Coverage must be for the full completed value of the work and must remain in place until at least Substantial Completion and **may only be cancelled with the written permission** of the Public Building Commission Risk Management Department, even if the Project has been put to its intended use.

The Contractor is responsible for all loss or damage to personal property including but not limited to materials, equipment, tools, scaffolding and supplies owned, rented, or used by Contractor.

7) **Railroad Protective Liability**

When any work is to be done adjacent to or on railroad or transit property, Contractor must provide, with respect to the operations that the General Contractor or subcontractors perform, Railroad Protective Liability insurance in the name of railroad or transit entity. The policy must have limits of not less than the requirement of the operating railroad/transit entity, and in no event less than \$2,000,000 per occurrence and \$6,000,000 aggregate, for losses arising out of injuries to or death of all persons, and for damage to or destruction of property, including the loss of use thereof. If no Railroad

EXHIBIT A – INSURANCE

Protective Liability insurance is required by the nearby railroads, Contractor shall submit written confirmation from each railroad.

Contractors and subcontractors are required to endorse their liability policies with form CG 24 17 to eliminate the exclusion for work within fifty (50) feet of the rail right-of-way. Contractors and subcontractors must provide copies of this endorsement with the certificate of insurance required below.

B. ADDITIONAL REQUIREMENTS

Contractor must furnish the Public Building Commission Procurement Department, Richard J. Daley Center, Room 200, Chicago, IL 60602, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Contract, and Renewal Certificates of Insurance, or such similar evidence, if any insurance policy has an expiration or renewal date occurring during the term of this Contract. The Contractor must submit evidence of insurance to the Public Building Commission prior to Contract award. The receipt of any certificate does not constitute agreement by the Commission that the insurance requirements in the Contract have been fully met or that the insurance policies indicated on the certificate are in compliance with all Contract requirements. The failure of the Commission to obtain certificates or other insurance evidence from Contractor is not a waiver by the Commission of any requirements for the Contractor to obtain and maintain the specified insurance. The Contractor will advise all insurers of the Contract provisions regarding insurance. Non-conforming insurance does not relieve Contractor of the obligation to provide insurance as specified in this contract. Non-fulfillment of the insurance conditions may constitute a breach of the Contract, and the Commission retains the right to stop work until proper evidence of insurance is provided, or the Contract may be terminated.

The insurance must provide for 30 days prior written notice to be given to the Commission in the event coverage is substantially changed, canceled, or non-renewed.

The Public Building Commission of Chicago reserves the right to obtain copies of insurance policies and records

Any deductibles or self-insured retentions on referenced insurance must be borne by Contractor. All self-insurance, retentions and/or deductibles must conform to these requirements.

The Contractor waives and agrees to cause all their insurers to waive their rights of subrogation against the Public Building Commission of Chicago, the City of Chicago, the User Agency and any other entity as required by the Public Building Commission of Chicago, their respective Board members, employees, elected officials, officers, or representatives. The Contractor must require each Subcontractor to include similar waivers of subrogation in favor of the Commission, the City of Chicago, the User Agency and any other entity as required by the Public Building Commission of Chicago.

The insurance coverage and limits furnished by Contractor in no way limit the Contractor's liabilities and responsibilities specified within the Contract or by law.

Any insurance or self-insurance programs maintained by the Public Building Commission of Chicago, the City of Chicago, the User Agency and any other entity as required by the Public Building Commission of Chicago, will not contribute with insurance provided by the Contractor under the Contract.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Contract or any limitation placed on the indemnity in this Contract given as a matter of law.

If contractor is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a Named Insured.

The Contractor must require all subcontractors to provide the insurance required herein, or Contractor may provide the insurance for subcontractors. All subcontractors are subject to the same insurance requirements of Contractor unless otherwise specified in this Contract.

If Contractor or subcontractor desires additional coverage, the party desiring the additional coverage is responsible for the acquisition and cost

EXHIBIT A – INSURANCE

Contractor must submit the following at the time of award:

1. Standard ACORD form Certificate of Insurance issued to the Public Building Commission of Chicago as Certificate Holder including:
 - a. All required entities as Additional Insured
 - b. Evidence of waivers of subrogation
 - c. Evidence of primary and non-contributory status
2. All required endorsements including the CG2010 and CG2037

The Public Building Commission maintains the rights to modify, delete, alter or change these requirements.

EXHIBIT E – DISCLOSURE OF RETAINED PARTIES

Disclosure of Retained Parties

Pursuant to Resolution No. 5339, as amended by Resolution No. 5371, of the Board of the Public Building Commission of Chicago, the apparent low Bidder is required to submit a fully executed Disclosure of Retained Parties within five (5) days of receipt of notice that it is the apparent low bidder.

A. Definitions and Disclosure Requirements

1. As used herein, "Contractor" means a person or entity that has any contract or lease with the Public Building Commission of Chicago ("Commission").
2. Commission contracts and/or qualification submittals must be accompanied by a disclosure statement providing certain information about any lobbyists whom the Contractor has retained or expects to retain with respect to the contract or lease. In particular, the Contractor must disclose the name of each such person, his or her business address, the name of the relationship, and the amount of fees paid or estimated to be paid. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
3. "Lobbyists" means any person a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or b) any part of whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

B. Certification

Contractor hereby certifies as follows:

1. This Disclosure relates to the following transaction: _____
 - a. Description of goods or services to be provided under Contract

2. Name of Contractor: _____
3. EACH AND EVERY lobbyist retained or anticipated to be retained by the Contractor with respect to or in connection with the contract or lease is listed below. Attach additional pages if necessary.
Check here if no such persons have been retained or are anticipated to be retained: _____

Retained Parties:

EXHIBIT E – DISCLOSURE OF RETAINED PARTIES

4. The Contractor understands and agrees as follows:
- The information provided herein is a material inducement to the Commission execution of the contract or other action with respect to which this Disclosure of Retained Parties form is being executed, and the Commission may rely on the information provided herein. Furthermore, if the Commission determines that any information provided herein is false, incomplete, or inaccurate, the Commission may terminate the contract or other transaction; terminate the Contractor's participation in the contract or other transactions with the Commission.
 - If the Contractor is uncertain whether a disclosure is required, the Contractor must either ask the Commission whether disclosure is required or make the disclosure.
 - This Disclosure of Retained Parties form, some or all of the information provided herein, and any attachments may be made available to the public on the Internet, in response to a Freedom of Information Act request, or otherwise. The Contractor waives and releases any possible rights or claims it may have against the Commission in connection with the public release of information contained in the completed Disclosure of Retained Parties form and any attachments.

Under penalty of perjury, I certify that I am authorized to execute this Disclosure of Retained Parties on behalf of the Contractor and that the information disclosed herein is true and complete.

The Contractor also certifies to the best of its knowledge and belief that it, its principals and any subcontractors used in the performance of this contract, meet the Agency requirements and have not violated any City or Sister Agency policy, codes, state, federal or local laws, rules or regulations and have not been subject to any debarment, suspension or other disciplinary action by any government agency. Additionally, if at any time the Contractor becomes aware of such information, it must immediately disclose it to the Commission.
